20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon [A] will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an [A] are on the Assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table. The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective January 5, 2004, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

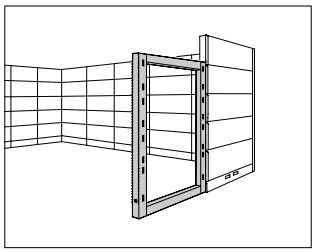
Bare Frame E1109.



Product Information

Description

This frame holds individual tiles on both sides. Each frame has adjustable glides and a light seal.

Notes

Order following products separately:

- Draw rod (E1120.) or frame-to-frame connection hardware (E1121.)
- Frame top cap (E1260.)
- Monorail (E1267.)
- Side cover (E1263. or E1264.); order 1 for each side of frame

Order optional power separately:

- 4-circuit baseline harness (E1354.)
- 4-circuit receptacle (E1311.)
- 4-circuit tile-height harness (E1357.), to access power at any 8"-high location above base for field installation
- Vertical wire harness (E1343. or E1358.)

When connecting 2 frames of unequal heights, order change-of-height finished end (E1251.) separately.

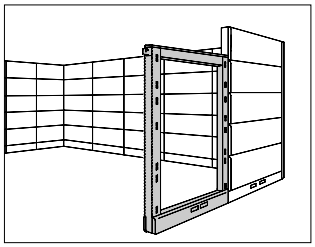
E1110.



Product Information

Description

This frame holds individual tiles on both sides. Each frame has a standard top cap, cable management side covers, and adjustable glides. Cable management side covers are made of fire-retardant polyvinyl chloride (PVC).

The powered frame has a factory-installed electrical harness that distributes double-sided, 4-circuit power within a cable management raceway. Electrical components are UL listed and CSA certified.

The nonpowered, hard-wired frame has cable management side covers with access holes on 1 side that accept standard-size rectangular receptacles. It also has predrilled holes at the top of the frame for countertop supports (38"-high frame only).

Notes

When connecting 2 frames of unequal heights, order change-of-height finished end (E1251.) separately.

When connecting 3 frames of unequal heights or to order individual draw rod, order draw rod (E1120.) separately. For information, see Ethospace Planning Guide.

For crown, veneer, or monorail frame top cap, or for workstation countertop, specify "NN" for top cap finish; order top cap (E1260.) or monorail (E1267.) separately.

To access power at any 8"-high tile location, order 4-circuit tile-height harness (E1357.); to access power at beltline access only, order vertical wire harness (E1343. or E1358.).

For powered frame, order 4-circuit receptacle (E1311.) separately.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1380.) separately.

For workstation with option 2 electrical, specify hard-wired frame.

Hard-wired frame can be used with older R-style frame.

For hard-wired frame, customer must supply rectangular receptacles; frame does not accept R-style-frame baseline or beltline receptacles.

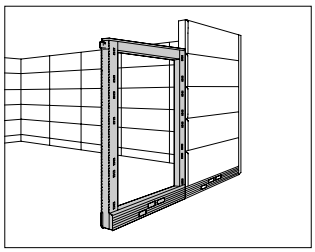
Frame, Grooved Side Covers

E1103.
E1104.



Product Information

Description

This frame holds individual tiles on both sides. It has a standard top cap, grooved cable management side covers, and adjustable glides. Cable management side covers are made of fire-retardant polyvinyl chloride (PVC).

The powered frame has a factory-installed electrical harness that distributes double-sided, 4-circuit power within a cable management raceway. Electrical components are UL listed and CSA certified.

Metallic silver (MS) cable management side covers have cool grey neutral (CL) receptacle covers. Metallic champagne (CN) cable management side covers have warm grey neutral (WN) receptacle covers. Remaining finishes have matching receptacle covers.

Notes

When connecting 2 frames of unequal heights, order change-of-height finished end (E1251.) separately.

When connecting 3 frames of unequal heights or to order individual draw rod, order draw rod (E1120.) separately. For information, see Ethospace Planning Guide.

For crown, veneer, or monorail top cap, specify “NN” for top cap finish; order top cap (E1260.) or monorail (E1267.) separately.

To access power at any 8″-high tile location, order 4-circuit tile-height harness (E1357.); to access power at beltline access only, order vertical wire harness (E1343. or E1358.).

For powered frame, order 4-circuit receptacle (E1311.) separately.

For “J” or “G” power option, order communication port faceplate reducer (G1189.A) and communication port faceplate extender (G1189.B) separately.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1380.) separately.

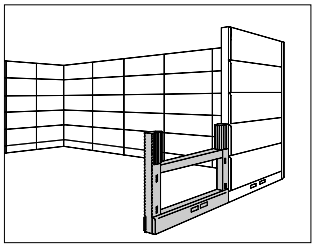
Frame, Transaction Work Surface E1106.
E1111.



Product Information

Description

This 38″-high frame accepts a transaction work surface at a minimum height of 29″. It has a stile cover, a standard top cap, cable management side covers, and adjustable glides. The frame conforms to the Americans with Disabilities Act (ADA) guidelines. Attachment hardware is included.

The nonpowered, hard-wired frame has cable management side covers with access holes on 1 side that accept standard-size rectangular receptacles. The powered frame has a factory-installed electrical harness that distributes double-sided, 4-circuit power within a cable management raceway. Electrical components are UL listed and CSA certified.

Notes

Frame should not be specified with adjacent frame that has crown or veneer top cap.

Order following products separately:

- 20″-high face tile (E1420.20)
- Transaction work surface (E2211. or E2311.)

When connecting 2 frames of unequal heights, order change-of-height finished end (E1251.) separately.

When connecting 3 frames of unequal heights, order additional draw rod (E1120.) separately. For information, see Ethospace Planning Guide.

For powered frame, order 4-circuit receptacle (E1311.) separately.

For 60″-wide frame, specify 2 30″-wide face tiles.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1380.) separately.

For workstation with option 2 electrical, specify hard-wired frame.

Hard-wired frame can be used with older R-style frame.

For hard-wired frame, customer must supply rectangular receptacles; frame does not accept R-style-frame baseline or beltline receptacles.

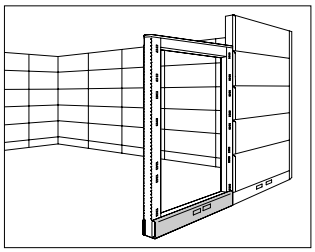
Side Cover

E1263.
E1264.



Product Information

Description

This cable management side cover attaches to 1 side of a frame and is made of fire-retardant PVC. Attachment hardware is included.

Metallic silver (MS) grooved side covers have cool grey neutral (CL) receptacle covers. Metallic champagne (CN) grooved side covers have warm grey neutral (WN) receptacle covers. Remaining finishes have matching receptacle covers.

Notes

For use with frames manufactured after January 3, 2003.

For "J" receptacle/data locations option, order communication port faceplate reducer (G1189.A) and communication port faceplate extender (G1189.B) separately.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1380.) separately.

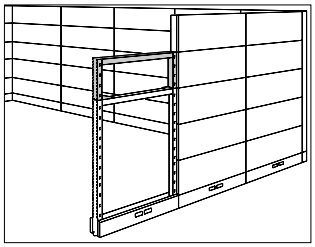
Stacking Frame E1112.



Product Information

Description

This 16″-high frame attaches to the top of a frame and holds individual tiles on both sides. It also attaches to an adjacent frame or connector of equal height. A maximum of 2 stacking frames can attach to a frame; the total frame height cannot exceed 118″. Attachment hardware is included.

Notes

For appropriate planning applications, see Ethospace Planning Guide.

Components can hang from stacking frame.

Elevated storage cannot be used on stacking frame.

Order optional stacking connector (E1211., E1220.16, E1222.16, E1230.16, or E1240.16) separately.

To finish exposed end of frame, order finished end (E1250. or E1252.) separately to match combined height of existing frame and stacking frame.

To accommodate 78″, 94″, 102″, and 118″ heights, use a combination of connectors, stacking connectors, finished ends, and change-of-height finished ends.

Top cap on existing frame must be removed before installing stacking frame; same top cap can be used on stacking frame.

When used with glazed window tile, order top tile position (E1411.T) only.

Open tile cannot be used on stacking frame.

Power jumper cannot run vertically through stacking frame. Power jumper can run vertically through adjacent standard frame and run horizontally across stacking frame. Order power jumper (E1341.) separately for adjacent frame.

For stacking frame adjacent to higher frame or connector, order change-of-height stacking frame hardware kit (E1293. or E1294.) separately.

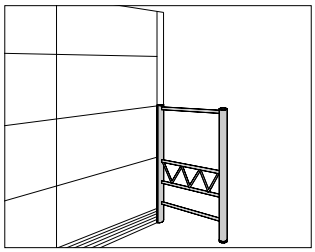
Open Return, Connector Attached

E1140.



Product Information

Description

This metal open return attaches into a 2-, 3-, or 4-way connector to provide support and eliminate the need for a return frame, tiles, and a finished end. It has 1½" adjustable glides. Attachment hardware is included.

Notes

Specify depth of return to match depth of work surface.

When using a 2-way connector that is higher than the open return, order draw rod (E1120.) separately to match height of open return. To finish exposed end of connector, order change-of-height finished end (E1251.) separately to match exposed end height.

For 54"-high open return, order optional tool rail (E3611.) separately.

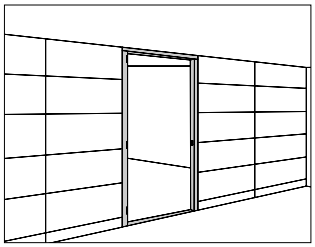
Door Frame

E1107.
E1114.



Product Information

Description

This 86"-high door frame connects to adjacent 86"-high frames and has a standard top cap and carpet grippers. It is available with or without a draw rod. Power cannot be routed through this frame.

The 42"-wide frame conforms to the Americans with Disabilities Act (ADA) guidelines.

Notes

Door and door hinges must be sourced separately. For specifications and dimensions, see Ethospace Planning Guide.

To order individual draw rod, order draw rod (E1120.) separately.

For crown or veneer frame top cap, specify "NN" for top cap finish; order top cap (E1260.) separately.

To order frame and door as complete product, order door frame with door (E1108. or E1115.).

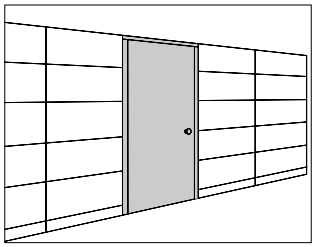
Door Frame with Door

E1108.
E1115.



Product Information

Description

This 86"-high door frame with door connects to adjacent 86"-high frames. It has an 83½"-high, hollow-core-construction veneer door; a standard top cap; a door stop; and carpet grippers. The hinges and doorstop have a satin chrome finish. Power cannot be routed through the frame.

The 42"-wide door with lever handle conforms to the Americans with Disabilities Act (ADA) guidelines.

Notes

Order door knob/lever (E1690.) separately.

Use the following door dimensions when another knob/lever lock set is used:

- Door thickness: 1¾"
- Backset: 2¾"
- Hole diameter: 2⅛"
- Bolt diameter: 1"

To order individual draw rod, order draw rod (E1120.) separately.

For crown or veneer frame top cap, specify "NN" for top cap finish; order top cap (E1260.) separately.

Door with paint-grade birch (PW) finish cannot be stained unless sealer coat is removed and door is sanded.

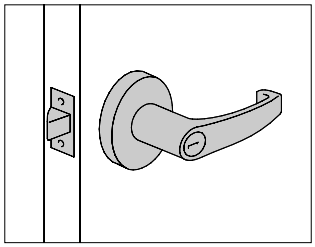
Door Knob/Lever E1690.



Product Information

Description

This assembly can be specified as a round knob or lever. It is available in a lock or passage set.

The lock set includes a push-button lock. The lever handle conforms to the Americans with Disabilities Act (ADA) guidelines.

Notes

When door swings away from key side (into room), specify standard bevel set; when door swings toward key side (out from room), specify reverse bevel set.

Core cylinder can be removed for master key requirements.

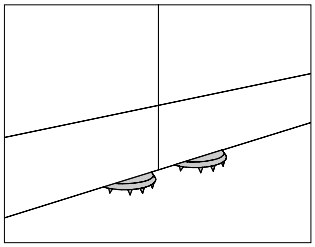
Carpet Gripper G1190.



Product Information

Description

These molded plastic grippers fit onto the adjustable glides of frames and panels manufactured after 1998, and provide added stability on carpet. They cannot be used on hard floors. Finish is black. Package contains 25.

Notes

For Action Office® Series 1 and Series 2 panels or Ethospace® frames manufactured before 1998, order service part number UAY00B. For Prospects® panels manufactured before 1998, order service part number UKY004.

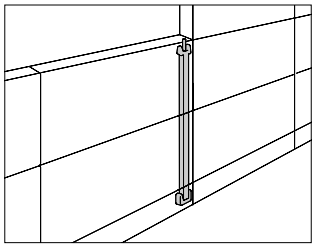
Draw Rod E1120.



Product Information

Description

This rod connects frames in a straight line or connects to a 2-way 90° connector.

Notes

1 draw rod is included with each 2-way 90° connector and can be specified when ordering frames. For conditions that require additional draw rods, see Ethospace Planning Guide.

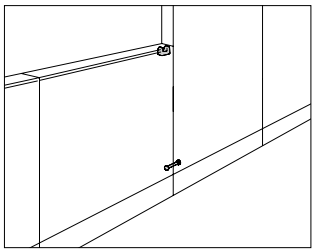
Frame-to-Frame Connection Hardware

E1121.



Product Information

Description

This hardware connects 2 frames of equal or unequal heights in a straight line.

Notes

For use with frames manufactured after January 3, 2003.

Connection hardware is designed for use with bare frames (E1109.X). When used with other frame products (E1103., E1104., E1109., or E1110.), a light seal may be desired to close small gap.

Glazed window tile (E1411.) cannot be used in bottom position of frame that includes frame-to-frame connection hardware.

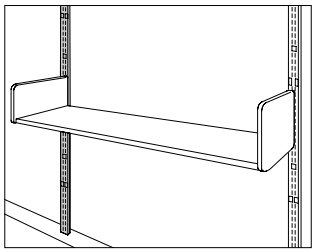
Wall Strip E1130.



Product Information

Description

This double-slotted strip attaches to an architectural wall to support hanging components. 2 wall strips are required to hang a component or a tile. The wall strip cannot be used with a glazed window tile, cable access tile, or cable channel tile.

Notes

To attach tile to wall strips, order tile adapter (E1131.) separately.

To finish exposed side of wall strip, order trim strip (E1132.) separately.

For information on forming corners and spaces between wall strips, see Ethospace Planning Guide.

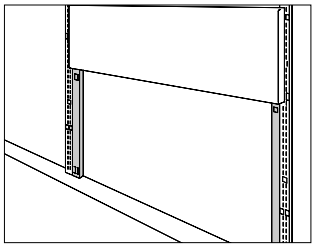
Tile Adapter E1131.



Product Information

Description

This 8″- or 16″-high adapter is used to hang a tile from wall strips. It cannot be used with a glazed window tile, cable access tile, or cable channel tile. Package contains 1 pair.

Notes

Order wall strips (E1130.) separately.

When used with 40″- or 56″-high wall strips, a combination of 8″- and 16″-high adapters is used. One 8″-high adapter must be used at the bottom of the wall strip; 16″-high adapters are used above this 8″-high adapter. Tiles can be hung at any location along the tile adapters.

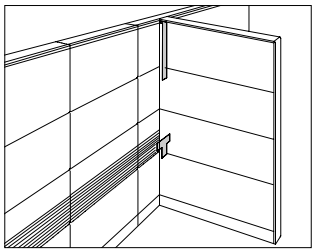
Off-Module 90° Connector Kit E1280.



Product Information

Description

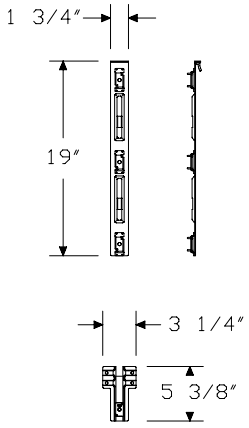
This hardware kit attaches a return frame to an off-module upper and lower tile at a 90° angle.

Notes

Height of return frame must match location of upper off-module tile.

For appropriate length of run and proper support information, see Ethospace Planning Guide.

Dimensions

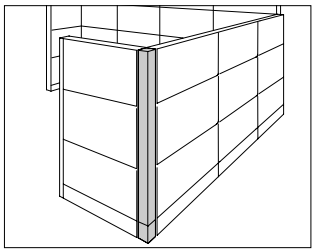


Specification Information

Step 1.

E1280.	$108

2-Way 90° Connector E1220.



Product Information

Description

This connector joins 2 frames of equal or unequal heights at a 90° angle and has a draw rod. It has a vinyl or fabric surface, cable management side cover, and standard top cap.

Notes

When connecting frames of unequal heights, specify connector height to match height of higher frame.

When frame is not same height as connector, order change-of-height finished end (E1251.) separately.

To pass power through connector at beltline, order connector pass-through harness (E1356.) separately.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1381.) separately.

To order crown top cap for radius connector, specify "NN" for top cap finish; order top cap (E1261.) separately. Crown top cap cannot be used on square connector.

Fabric-covered connector accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics and for 1 to 6 units.

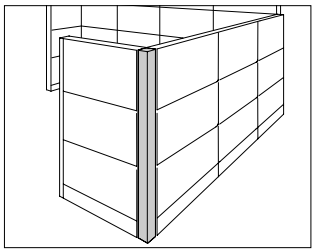
2-Way 90° Connector, Monolithic E1224.



Product Information

Description

This connector joins 2 frames of equal or unequal heights at a 90° angle and has a draw rod. It has a vinyl or veneer surface; the vinyl-covered connector has a standard top cap, and the veneer connector has a veneer top cap. The veneer connector is 1″ higher than the vinyl-covered connector.

Notes

When connecting frames of unequal heights, specify connector height to match height of higher frame.

When frame is not same height as connector, order change-of-height finished end (E1251.) separately.

To pass power through connector at beltline, order connector pass-through harness (E1356.) separately.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1381.) separately.

Veneer connector has a veneer top cap. When using veneer connector, order veneer frame top cap (E1260.W) separately for adjacent frame.

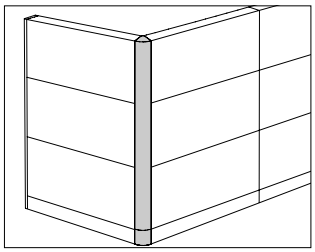
2-Way 120° Connector E1227.



Product Information

Description

This connector joins 2 frames of equal or unequal heights at a 120° angle. It has a vinyl or fabric surface, vertical trim, cable management side cover, standard radius-shaped top cap, and attachment hardware.

Notes

When connecting frames of unequal heights, specify connector height to match height of higher frame.

When frame is not same height as connector, order change-of-height finished end (E1251.) separately.

To pass power through connector at beltline, order connector pass-through harness (E1356.) separately.

Both sides of the connector's internal trim piece are notched at the first, second, and fourth 8"-high tile positions to allow electrical and data pass-through. To pass power or data at another height, trim piece must be notched in the field.

Crown top cap cannot be used with 120° connector.

Fabric-covered connector accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics and for 1 to 6 units.

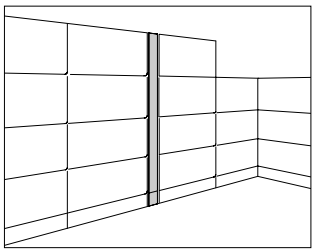
Spacer E1222.



Product Information

Description

This spacer joins 2 frames of equal or unequal heights in a straight line and compensates for dimensional gain in a wall run. It has 2 cable management side covers and includes attachment hardware. The spacer has vinyl, vinyl/fabric, fabric, or veneer surfaces; the vinyl/fabric-covered spacer has vinyl on one side and fabric on the other side. Vinyl-, vinyl/fabric-, and fabric-covered connectors have a standard top cap, and the veneer connector has a veneer top cap. The veneer spacer is 1″ higher than the vinyl- or fabric-covered spacer.

Notes

When connecting frames of unequal heights, specify spacer height to match height of higher frame.

When frame is not same height as spacer, order change-of-height finished end (E1251.) separately.

To pass power through connector at beltline, order connector pass-through harness (E1356.) separately.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1381.) separately.

To order crown or veneer top cap for vinyl-, vinyl/fabric-, or fabric-covered spacer, specify “NN” for top cap finish; order top cap (E1261.) separately.

Veneer spacer has a veneer top cap. When using veneer spacer, order veneer frame top cap (E1260.W) separately for adjacent frame.

Vinyl/fabric- and fabric-covered spacers accept Customer’s Own Material (COM). Yardage is estimated for nondirectional, 54″-wide fabrics and for 1 to 4 units.

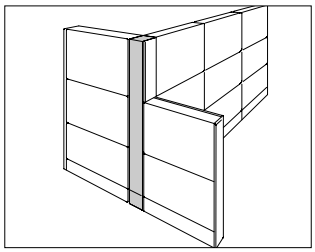
3-Way 90° Connector E1230.



Product Information

Description

This connector joins 3 frames of equal or unequal heights at 90° angles and has a cable management side cover. It has a vinyl, fabric, or veneer surface; vinyl- and fabric-covered connectors have a standard top cap, and the veneer connector has a veneer top cap. The veneer connector is 1″ higher than the vinyl- or fabric-covered connector. Attachment hardware is included.

Notes

When connecting frames of unequal heights, specify connector height to match height of highest frame.

When frame is not same height as connector, order change-of-height finished end (E1251.) separately.

To pass power through connector at beltline, order connector pass-through harness (E1356.) separately.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1381.) separately.

To order crown or veneer top cap for vinyl- or fabric-covered connector, specify “NN” for top cap finish; order top cap (E1261.) separately.

Veneer connector has a veneer top cap. When using veneer connector, order veneer frame top cap (E1260.W) separately for adjacent frame.

Fabric-covered connector accepts Customer’s Own Material (COM). Yardage is estimated for nondirectional, 54″-wide fabrics and for 1 to 8 units.

Height—Yardage
30″ to 38″—1
46″—1 1/2
54″ to 62″—1 3/4
70″—2
86″—2 1/2

For information on larger quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

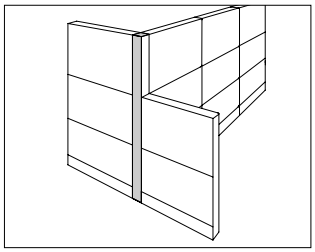
3-Way 90° Connector, Monolithic E1231.



Product Information

Description

This vinyl connector joins 3 frames of equal or unequal heights at 90° angles. It has a standard top cap and attachment hardware.

Notes

When connecting frames of unequal heights, specify connector height to match height of highest frame.

When frame is not same height as connector, order change-of-height finished end (E1251.) separately.

To pass power through connector at beltline, order connector pass-through harness (E1356.) separately.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1381.) separately.

For crown top cap, specify "NN" for top cap finish; order top cap (E1261.3N) separately.

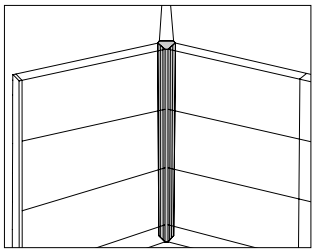
3-Way 120° Connector E1237.



Product Information

Description

This connector joins 3 frames of equal or unequal heights at a 120° angle. It has a standard top cap and PVC trim piece. Attachment hardware is included.

Notes

When connecting frames of unequal heights, specify connector height to match height of highest frame.

When frame is not same height as connector, order change-of-height finished end (E1251.) separately.

To pass power through connector at beltline, order connector pass-through harness (E1356.) separately.

Each side of the connector's internal trim piece is notched at the first, second, and fourth 8"-high tile positions to allow electrical and data pass-through. To pass power or data at another height, trim piece must be notched in the field.

Crown top cap cannot be used with 120° connector.

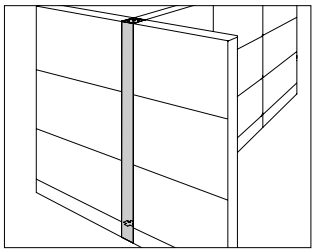
Connector, Attachment Plates E1211.



Product Information

Description

This powered or nonpowered connector includes attachment plates and a vinyl cover. It joins 2, 3, or 4 equal- or unequal-height frames at 90° or 180° angles.

Notes

For use with frames manufactured after January 3, 2003.

Power can pass only through the base.

For frames of unequal heights, specify height of connector to match height of lower frame. See Ethospace Planning Guide for change-of-height guidelines.

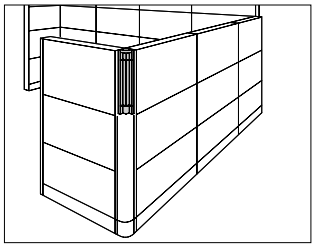
2-Way 90° Stacking Connector E1220.



Product Information

Description

This 16″-high connector extends the height of a 2-way 90° connector. It also attaches to an adjacent frame. A maximum of 2 stacking connectors can attach to a connector; the total connector height cannot exceed 118″. Attachment hardware is included.

Notes

Order connector cover (E1270.) separately to match combined height of existing connector and stacking connector.

78″-, 94″-, 102″-, or 118″-high connector covers are not available as standard product.

Top cap on existing connector must be removed before installing stacking connector; top cap can then be installed on stacking connector.

When connecting 2 frames of unequal heights, specify appropriate number of connectors to match height of higher frame.

When frame is not same height as combined height of existing connector and stacking connector, order change-of-height finished end (E1251.) separately.

To extend height of adjacent frames, order stacking frame (E1112.) separately.

To pass power through connector, order connector pass-through harness (E1356.) separately.

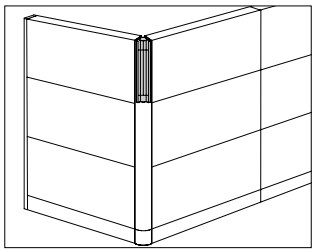
2-Way 120° Stacking Connector E1227.



Product Information

Description

This 16"-high connector extends the height of a 2-way 120° connector. It also attaches to an adjacent frame. A maximum of 2 stacking connectors can attach to a connector; the total height cannot exceed 118". Attachment hardware and vertical trim are included.

Notes

For appropriate planning applications, see Ethospace Planning Guide.

Order 120° connector cover (E1277.) separately to match combined height of existing connector and stacking connector.

78"-, 94"-, 102"-, or 118"-high stacking connector covers are not available as standard product.

Top cap on existing connector must be removed before installing stacking connector; top cap can then be installed on stacking connector.

Crown top cap cannot be used with 120° stacking connector.

When connecting 2 frames of unequal heights, specify appropriate number of connectors to match height of higher frame.

When frame is not same height as combined height of existing connector and stacking connector, order change-of-height finished end (E1251.) separately.

To extend height of adjacent frames, order stacking frame (E1112.) separately.

To pass power through connector, order connector pass-through harness (E1356.) separately.

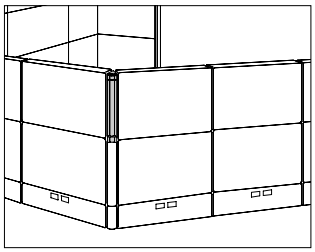
2-Way 135° Stacking Connector E1221.



Product Information

Description

This 16"-high connector extends the height of a 38"-, 54"-, or 70"-high 2-way 135° connector and can be used with a stacking frame. It also attaches to an adjacent frame. A maximum of 2 stacking connectors can attach to a connector; the total connector height cannot exceed 118". Attachment hardware is included.

Notes

Order connector cover (E1273.) separately to match combined height of existing connector and stacking connector. Some heights may not be available as standard product.

Top cap on existing connector must be removed before installing stacking connector; top cap can then be installed on stacking connector.

When connecting 2 frames of unequal heights, specify appropriate number of connectors to match height of lower frame.

When frame is not same height as combined height of existing connector and stacking connector, order change-of-height finished end (E1251.) separately.

To extend height of adjacent frames, order stacking frame (E1112.) separately.

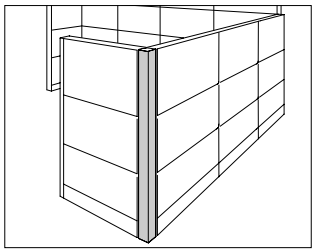
2-Way 90° Connector Cover, Monolithic

E1274.



Product Information

Description

This cover attaches to a 2-way 90° connector of equal height or to a 2-way 90° connector and 1 or 2 stacking connectors. It has a vinyl or veneer surface. The veneer cover includes a veneer top cap and is 1″ higher than the vinyl cover. Attachment hardware is included.

Notes

Veneer connector cover has a veneer top cap. When using veneer cover, order veneer frame top cap (E1260.W) separately for adjacent frame.

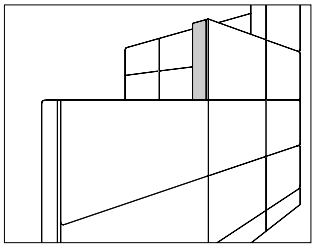
Finished End, Change of Height E1251.



Product Information

Description

This cover finishes the exposed end of a frame or connector when joining frames of unequal heights. It has an enameled or veneer surface. The cover includes hardware to connect a lower frame to a higher frame or connector.

Notes

When specifying crown finished end, order crown frame top cap (E1260.N) and crown connector top cap (E1261.N) separately. When specifying veneer finished end, order veneer frame top cap (E1260.W) and veneer connector top cap (E1261.W) separately.

When changing from crown frame top cap or rectangular transaction surface on a lower frame to standard top cap on a higher frame, select crown/standard shape. When both lower and higher frames have crown frame top caps, select crown/crown shape.

For workstation countertop, specify 12"- or 28"-high finished end.

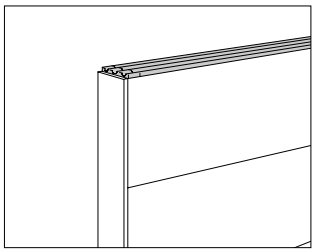
Monorail E1267.



Product Information

Description

This monorail attaches to the top of a frame to mount an adjustable spotlight, D-style vertical storage unit, screen, or tool rail. It is anodized aluminum with cool grey neutral (CL) ends. Attachment hardware is included.

Notes

Order components separately:

- Adjustable spotlight (E6010.)
- D-style vertical storage unit (E3630.)
- Monorail-attached screen (E1510.)
- Tool rail (E3611.)

Monorail cannot be installed over connectors or spacers, and cannot be used with crown or veneer finished ends.

Larger width monorails cannot span 2 smaller width frames.

For limitations and information on use of monorail, see Ethospace Planning Guide.

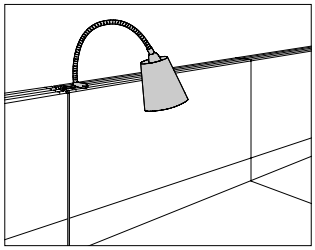
Adjustable Spotlight E6010.



Product Information

Description

This adjustable spotlight mounts on a monorail and provides direct or indirect lighting. It has an energy-efficient 15-watt compact fluorescent lamp, on/off switch in the base, 20″ flexible gooseneck, and 9′ cord; overall length is 29″. The spotlight has a white lampshade. It is UL listed and CSA approved. Attachment hardware is included.

Notes

Order monorail (E1267.) separately.

Cord is managed in channels of monorail; cord exits on left or right side between 2 frames.

Cannot mount spotlight at end of monorail due to monorail caps.

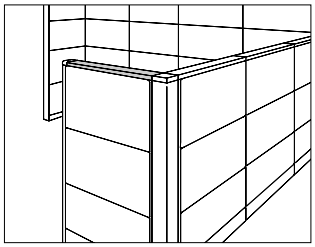
Frame Top Cap E1260.



Product Information

Description

This cap trims the top of a frame. It has a painted steel, enameled, or veneer surface.

Notes

When specifying standard frame top cap, order standard finished end (E1250.S) separately. (Standard connector top cap is included with standard connectors.)

When specifying crown frame top cap, order crown finished end (E1250.N) and crown connector top cap (E1261.N) separately. When specifying veneer frame top cap, order veneer finished end (E1252.W) and veneer connector top cap (E1261.W) separately; if veneer connector is specified, veneer connector top cap is already included.

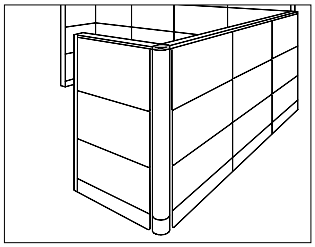
Connector Top Cap E1261.



Product Information

Description

This cap trims the top of a vinyl- or fabric-covered radius-shaped connector or spacer and replaces a standard connector top cap.

The cap has an enameled or veneer surface. The crown top cap is 3/4" higher and the veneer top cap is 1" higher than the standard top cap.

Notes

When specifying crown top cap, order crown finished end (E1250.N) and crown frame top cap (E1260.N) separately. When specifying veneer top cap, order veneer finished end (E1252.W) and veneer frame top cap (E1260.W) separately.

Top cap cannot be used with 2-way 90° square connector (E1220.SS or E1220.FS).

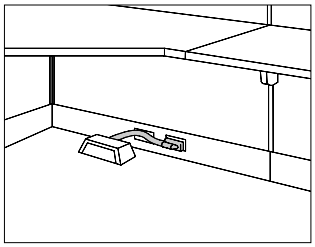
Power Entry, External Direct Connect, 4 Circuit

E1322.



Product Information

Description

This power entry connects a building's electrical supply from a wall, floor, or column to the base of an Ethospace® powered frame. It plugs directly into a receptacle location on the frame's baseline to distribute up to 4 20-amp circuits. The power entry is manufactured in a right-hand direction but can be field converted to a left-hand direction. The cable is available in 4 lengths and can be field cut to the appropriate length. The power entry is UL listed and CSA certified.

Notes

Licensed electrician must wire power entry.

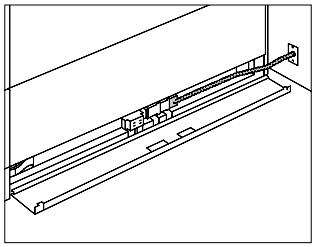
Power Entry, Internal Direct Connect, 4 Circuit

E1325.



Product Information

Description

This power entry connects a building's electrical supply from a wall, floor, or column to a powered frame. It enters the frame through the end of the cable management cover and plugs into the right-hand receptacle outlet on a power harness. The power entry includes a 6′ cable that can be field cut to the appropriate length. Due to the location of the power entry connection, only 3 receptacle locations remain available in the frame harness. It is UL listed and CSA certified.

Notes

Power entry can connect directly to beltline harness. Distance from work surface-height beltline power harness to cable management cover is 3′.

Licensed electrician must wire power entry.

9/16″ extra-flexible conduit used in power entry may not meet local codes; local approval may be required.

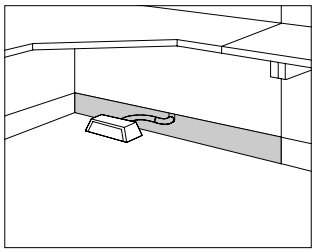
Base Power Entry, Junction Box, 4 Circuit

E1323.
E1327.



Product Information

Description

This power entry connects a building's electrical supply from a wall, floor, or column to the base of a nonpowered frame and distributes up to 4 20-amp circuits. It includes a junction box, 1 plain or grooved cable management side cover, and 6′ of wire that can be field cut to the appropriate length for connection to the building's power. The power entry does not provide receptacle access. It is UL listed and CSA certified.

24″- to 36″-wide power entries have a 40-cubic-inch capacity and distribute power in 1 direction; 42″- and 48″-wide power entries have a 60-cubic-inch capacity and distribute power in both directions.

Notes

Restrictions on power entry and power distribution vary according to product's width. For additional information, see Ethospace Planning Guide.

Exterior wires connecting frame's junction box to building's electrical supply must be covered. Licensed electrician must supply and wire conduit and conduit connector.

Licensed electrician must wire connection to frame's electrical harness when local electrical codes require wiring connections inside junction box.

Power entry must be field installed.

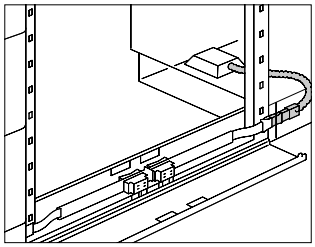
Frame Power Entry E1324.



Product Information

Description

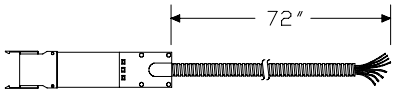
This 4-circuit power entry connects a building's electrical supply from a floor monument or wall junction box to an adjacent powered frame. It is concealed as it enters the frame and connects to an electrical harness. The power entry includes a 6' cable that can be field cut to the appropriate length. It is UL listed and CSA certified.

Notes

Licensed electrician must wire power entry.

9/16" extra-flexible conduit used in power entry may not meet local codes; local approval may be required.

Dimensions



Specification Information

Step 1.

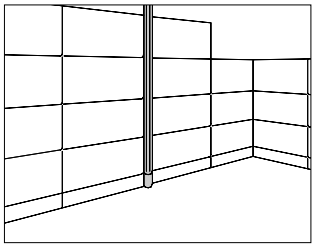
Ceiling Power Entry, Internal Direct Connect

E1331.



Product Information

Description

This power entry connects a ceiling's electrical supply to the base of a frame, either directly or through any connector. It distributes up to 4 20-amp circuits and holds up to 90 4-pair UTP category 5 cables. The power entry has a 10'-high pole that can be field cut to the appropriate length, ceiling and base trim, connecting hardware, conduit, and a factory-installed electrical harness that plugs into the right-hand receptacle outlet on the frame harness. Due to the location of the power entry connection, only 3 receptacle locations remain available in the frame harness. It is UL listed and CSA certified.

Notes

Internal electrical wires must be covered with conduit to separate electrical and data cables.

Licensed electrician must wire power entry.

9/16" extra-flexible conduit may not meet local codes; local approval may be required.

Frame-attached option (F) can attach to a connector by ordering 1 of the following service parts:

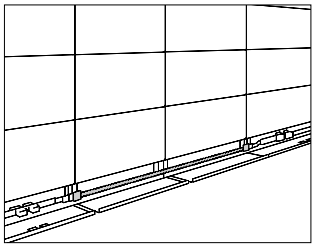
Pass-Through Harness, Frame E1342.



Product Information

Description

This harness extends power from an Ethospace® powered frame through a nonpowered frame or wall section to an adjacent powered frame or wall section. It is UL listed and CSA certified.

Notes

To pass power through multiple frames, specify 48"- or 60"-long harness.

To pass power through multiple wall sections, specify 18"-, 24"-, or 48"-long harness.

When harness is specified for Ethospace beltline application, width of pass-through harness must match width of frame.

For metal barrier between electrical wires and voice/data cables, order cable/energy barrier (E1380.) separately.

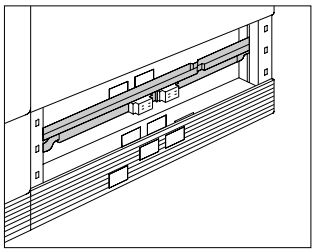
Tile-Height Harness, 4 Circuit E1357.



Product Information

Description

This harness is used with 1 or 2 cable access or cable channel tiles. It distributes up to 4 20-amp circuits, provides 2 receptacle access locations on each side of a frame, and includes a support bar for attaching the harness to a frame. The harness is UL listed and CSA certified.

Notes

Order 4-circuit receptacle (E1311.) separately.

For receptacle access, order cable access tile (E1432. or E1436.) separately. When receptacle access is not needed, order cable channel tile (E1433.) separately.

To provide power from 1 harness to another harness within the same frame, order 4-circuit power jumper (E1341.) separately.

To provide barrier between electrical wires and voice/data cables routed through frame, order cable/energy barrier (E1380.) separately.

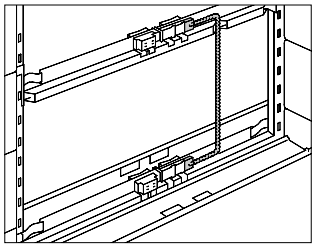
Power Jumper, 4 Circuit E1341.



Product Information

Description

This power jumper connects power from an Ethospace baseline harness to an electrical harness. The connections for both harnesses are at the same connection point as receptacles. The power jumper cannot be used with a glazed window tile, open tile, or stacking frame. It is UL listed and CSA certified.

Notes

For Ethospace frame, specify power jumper to match distance from baseline harness to electrical harness on frame.

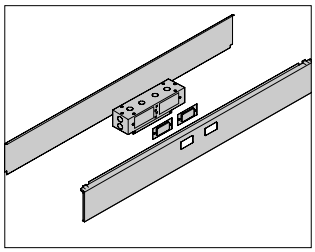
Baseline Box Assembly, H-Style Frame

EW400.



Product Information

Description

This assembly retrofits H-style electrical into any Ethospace® frame. It has a junction box that holds a hard-wired, flexible-conduit electrical system (option 2) in the baseline of 1 or both sides of the frame. The assembly includes a double-wide, two-sided junction box, 2 blank covers and 2 port covers, a cable management side cover without cutouts, and a cable management side cover with receptacle cutouts. The junction box can hold 2 receptacles per side and can be divided to allow both standard and emergency power or power and data in the same box.

Notes

Assembly must be field installed.

Product Information

Description

This assembly has a junction box that holds a hard-wired, flexible-conduit electrical system (option 2) in the beltline of 1 or both sides of a frame. Each assembly includes a support bar; a double-wide, two-sided junction box; 2 blank covers and 2 port covers; and 2 replacement bezels for the space between the cutout on the cable access tile and the receptacle face. The junction box can hold 2 receptacles per side and can be divided to allow both standard and emergency power or power and data in the same box. Veneer face, acoustical, tackable, beltline rail, and glazed window tiles cannot attach to the other side of the frame.

Notes

Order cable access tile (E1432.) separately.

Receptacles must be customer supplied.

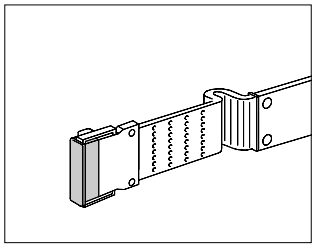
Harness End Cap G1358.

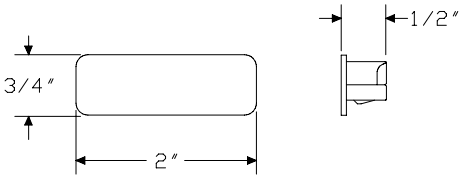


Product Information

Description

This cap covers the unused end port or side port of an Action Office® Series 2, Prospects®, or Ethospace® electrical harness. It also serves as a visual indicator for the last harness in a series of powered products. Cap is red. Package contains 10.

Dimensions



Specification Information

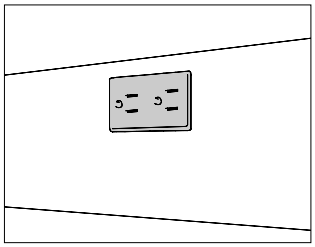
Receptacle, 4 Circuit, 15 Amp E1311.



Product Information

Description

This receptacle locks into the baseline or beltline harness of an Ethospace® frame. A simplex receptacle package contains 1 receptacle; a duplex receptacle package contains 6. It is UL listed and CSA certified.

Notes

When bridging P-series 3-circuit system to E-series 4-circuit system and when isolated ground circuit C needs to be accessed on 4-circuit system, specify 3-circuit duplex receptacle. To access general A, B, or C circuits, specify circuit A, B, or C duplex receptacle. For additional information on receptacle types and wire usage, see Ethospace Planning Guide.

LU	soft white	+$0

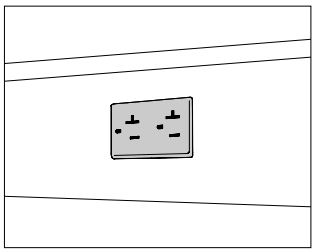
Receptacle, 4 Circuit, 20 Amp X1311.



Product Information

Description

This receptacle locks into a 4-circuit electrical harness to provide power to equipment with a 20-amp standard plug head or cap. It also accepts 15-amp standard plug heads or caps. The receptacle is UL listed.

Notes

Receptacle cannot be used with hard-wired frame.

Avoid overloading circuit by ensuring total connected load does not exceed 16 amps. If 1 piece of equipment requires all available power, do not use receptacle's second outlet or install additional receptacles on that circuit. In many cases, equipment requiring this receptacle will use all available power.

For information on types of receptacles and their applications, refer to individual product planning guides.

When locked into electrical harness of Action Office® Series 2 or Prospects® powered cable management panel frame, Prospects powered panel, Arrio® powered work surface, or Passage® powered desk module, receptacle extends 5/8" from cable management panel face, trim cover, channel, or power channel trim cover.

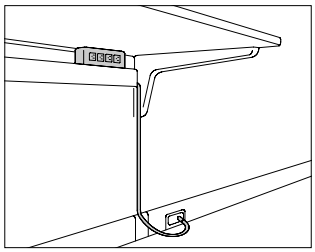
Electrical Distributor, 4 Outlet G1313.



Product Information

Description

This electrical distributor attaches to an Action Office® or Prospects® panel-suspended cable management trough, Ethospace® cable management trough, or the stretcher on an Arrio® work surface. The electrical distributor provides additional receptacles at work surface height and has 4 standard, 3-prong receptacles with a 15-amp circuit breaker. It is UL listed and CSA certified. Finish is black umber.

Notes

For use with Action Office or Prospects products, order panel-suspended cable management trough (AO381.) separately.

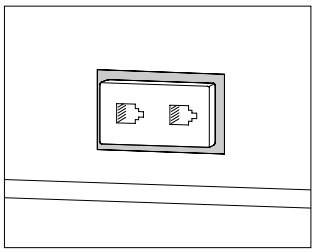
Communication Port Faceplate Reducer G1189.



Product Information

Description

This faceplate fits into the communication port cutout of an Action Office® Series 2, Prospects®, or Ethospace® cable management side cover; Action Office Series 2 or Prospects cable management panel face; Ethospace cable access tile upper port; or Passage® data cover. It reduces the size of the cutout to fit specific telecommunications outlet/connector faceplates. Finish is black. Package contains 6.

Notes

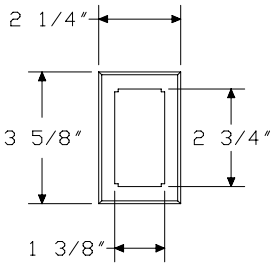
Purchase preconfigured voice/data outlets/connector faceplates separately from their manufacturers.

When specifying faceplate for Action Office Series 2 panel, Prospects panel, or Ethospace frame, order "J" or "G" power option with communication port locations.

When specifying faceplate for Action Office Series 2 or Prospects cable management panel, order panel face side 1 (A1181.C or K1181.C) and side 2 (A1182.C or K1182.C) separately.

When specifying faceplate for Ethospace grooved face tile or frame with grooved side covers, order both reducer (G1189.A) and extender (G1189.B).

Dimensions

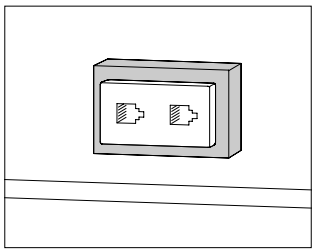


Specification Information

Step 1.

G1189.A	$31

Communication Port Faceplate Extender G1189.



Product Information

Description

This faceplate fits over the communication port cutout of an Action Office® Series 2, Prospects®, or Ethospace® cable management side cover; Action Office Series 2 or Prospects cable management panel face; Ethospace cable access tile upper port; Resolve® data faceplate housing; or Passage® voice/data outlet. It allows installation of specific cable communication modules without interfering with cable distribution capacity. Attachment hardware is included. Package contains 6.

Notes

Purchase preconfigured voice/data modules/faceplates separately from their manufacturers.

When specifying faceplate for Action Office Series 2 panel, Prospects panel, or Ethospace frame, order "J" or "G" power option with communication port locations.

When specifying faceplate for Action Office Series 2 or Prospects cable management panel, order panel face side 1 (A1181.C or K1181.C) and side 2 (A1182.C or K1182.C) separately.

When specifying faceplate for Ethospace grooved face tile or frame with grooved side covers, order both reducer (G1189.A) and extender (G1189.B).

When specifying faceplate for Resolve data faceplate housing, order housing (R1360.) separately.

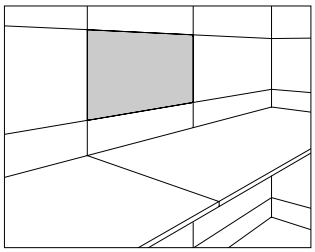
HF	inner tone light A	+$0
HT	inner tone A	+$0
LU	soft white A	+$0
MT	medium tone A	+$0
SG	slate grey A	+$0
WL	sandstone A	+$0



Product Information

Description

This tile attaches to 1 side of a frame or to wall strips to provide a finished cover. 20″-high tiles attach to 1 side of a transaction work surface frame and finish the area between the transaction work surface and the cable management side cover.

Notes

Surface options are as follows:
Size—Surface Material
8″ high— painted, grooved, vinyl, fabric, wrapcoat
16″ high— painted, vinyl, fabric, wrapcoat
20″ high—painted or wrapcoat
24″ to 64″ high—painted or fabric

Larger width tiles can span 2 smaller width frames.

To attach face tile to wall strips, order tile adapters (E1131.) separately.
Order multiple pairs for the following heights:
Height—Tile Adapters
32″—2 pair
40″—3 pair
48″—3 pair
56″—4 pair
64″—4 pair

When 8″-high cable management tile is installed above cable management base on transaction work surface frame, specify 12″-high face tile.

For 20″-high tile, order following products separately:
- Transaction work surface (E2211. or E2311.)
- Transaction work surface frame (E1111.)

Fabric-covered tile accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54″-wide fabrics.
Height—Yardage
8″—2/5
16″ high, 18″ wide—2/5
16″ high, 24″-48″ wide—3/5
20″—3/4
24″—1
32″—1
40″—1 1/2
48″—1 1/2
56″—2
64″—2

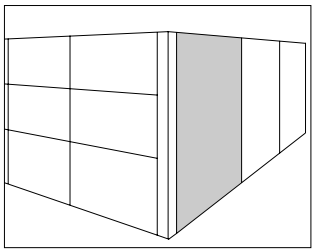
Floor-Length Face Tile E1420.



Product Information

Description

This monolithic tile attaches to 1 side of a frame or to wall strips. It extends to the floor and replaces the side cover. The tile has a painted or fabric surface.

Notes

Larger width tiles can span 2 smaller width frames.

Floor-length face tile is designed for use with bare frame. If used on standard frame, base hinge plugs may need to be removed or repositioned.

Fabric-covered tile accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics.

Height—Yardage

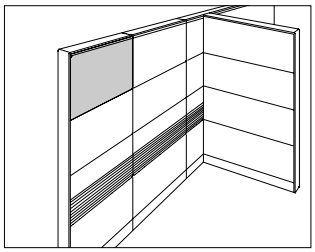
Off-Module Upper Tile E1480.



Product Information

Description

This 16″-high tile attaches to 1 side of a frame and is the upper connection point for an off-module 90° connector kit. It is also the attachment point for an off-module shelf or flipper door unit. The tile has a painted or fabric surface and is shipped in 2 pieces. It cannot be used with wall strips. Attachment hardware is included.

Notes

Order off-module 90° connector kit (E1280.) separately.

Fabric-covered tile accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54″-wide fabrics.

Width—Yardage

18″—2/5

24″ to 48″—3/5

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

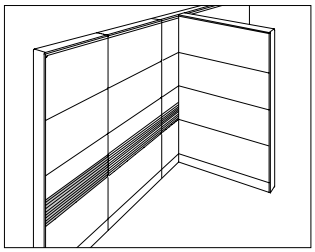
Off-Module Lower Tile E1481.



Product Information

Description

This 8″-high painted tile attaches to 1 side of a frame at the 3rd 8″-tile position and is the lower connection point for an off-module 90° connector kit. It is also the attachment point for off-module work surface supports. Attachment hardware is included.

Notes

Order off-module 90° connector kit (E1280.) and appropriate off-module work surface supports separately.

Tile must be used with 38″-high or higher frames.

When off-module lower tile is hung at 3rd 8″-tile position, height range for work surfaces is 28″ to 35″ high.

Tile cannot be used with transaction work surface frame (E1106. or E1111.).

Frames made before June 2000 cannot accommodate off-module components. For information, see Ethospace Planning Guide.

Work tools cannot attach to off-module lower tile.

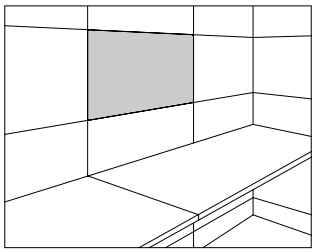
Acoustical Tile

E1423.
E1424.



Product Information

Description

This 16"-high, sound-reducing tile attaches to 1 side of a frame or to wall strips and has a fabric surface. It is available with 2 different acoustical ratings: one has a Noise Reduction Coefficient (NRC) rating of .75 and a Sound Transmission Class (STC) rating of 21; the other one has an NRC rating of .80 and an STC rating of 23.

Notes

48"-wide tile can span 2 24"-wide frames.

To attach acoustical tile to wall strips, order tile adapters (E1131.) separately.

Tile accepts Customer's Own Material (COM). For nondirectional, 54"-wide fabrics, order minimum of 3/5 yard. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

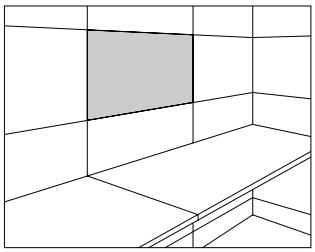
Tackable Tile E1422.



Product Information

Description

This 16″-high, tackable tile attaches to 1 side of a frame or to wall strips to display notes and art. It has a fabric surface.

Notes

48″-wide tile can span 2 24″-wide frames.

To attach tackable tile to wall strips, order tile adapters (E1131.) separately.

Tile accepts Customer's Own Material (COM). For nondirectional, 54″-wide fabrics, order minimum of 3/5 yard. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

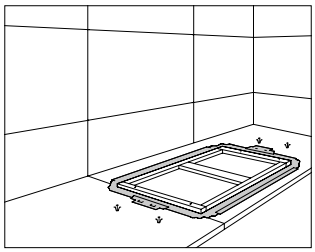
Replacement Cover

E1490.
E1491.



Product Information

Description

This cover upholsters a painted face tile or replaces the cover on a fabric-covered face tile, acoustical tile, or tackable tile. It has attachment strips to allow replacement of the fabric. Package contains 6 covers of the same fabric color.

Notes

When tile is replaced with the same fabric, the cover is UL-listed and maintains the fire retardancy rating of the original tile. If tile is replaced with a different fabric, the UL certification may be void.

Replacement cover should not be used on tile that had original fabric attached with adhesive. Labor costs to completely remove fabric and adhesive will likely exceed cost of new tile.

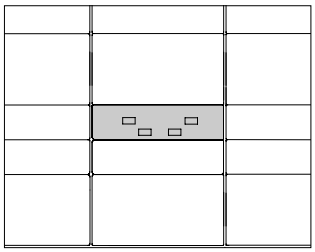
Cable Access Tile

E1432.
E1436.



Product Information

Description

This 8″-high tile attaches to 1 side of a frame of equal width and has a painted, grooved, vinyl, fabric, or wrapcoat surface. It cannot be used with wall strips or tile adapters. Attachment hardware is included.

Receptacle and communication port locations are as follows:

Tile—Locations

E1432.—2 receptacle locations

E1436.—2 receptacle locations, 2 communication port locations

E1436.D—2 receptacle locations, 1 communication port location

Communication port locations are sized to hold a NEMA single-gang faceplate; clips are included for the mounting screws.

Notes

To access power, order 4-circuit tile-height harness (E1357.) separately.

To pass power through tile, order pass-through harness (E1342.) separately.

When specifying tile with grooved surface (D), order communication port faceplate reducer (G1189.A) and communication port faceplate extender (G1189.B) separately.

Fabric-covered tile accepts Customer's Own Material (COM). For nondirectional, 54″-wide fabrics, order minimum of 2/5 yard. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

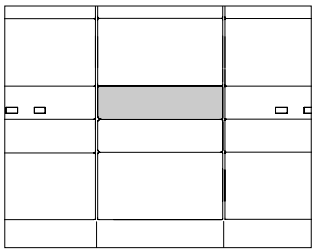
Cable Channel Tile E1433.



Product Information

Description

This 8″-high tile attaches to 1 side of a frame and provides a channel to carry electrical wires and cables along the frame. It has a painted, grooved, vinyl, fabric, or wrapcoat surface. The tile cannot be used with wall strips or tile adapters.

Notes

Larger width tiles can span 2 smaller width frames.

To pass power through tile, order 1 of the following products separately:

- 4-circuit tile-height harness (E1357.)
- Pass-through harness (E1342.)

Tile cannot carry flexible or rigid electrical conduit.

Fabric-covered tile accepts Customer's Own Material (COM). For nondirectional, 54″-wide fabrics, order minimum of 2/5 yard. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

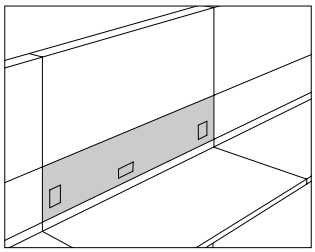
Beltline Face Tile E1429.



Product Information

Description

This tile attaches to 1 side of a frame or to wall strips. It allows access to power at the left and right ends of the tile, and allows access to data in the center of the tile. The tile accepts a vertical wire harness on the left or right end of the tile. It has a painted or fabric surface.

Metallic silver (MS) surface finish has cool grey neutral (CL) bezel finish. Metallic champagne (CN) surface finish has warm grey neutral (WN) bezel finish. Remaining surface finishes have matching bezel finishes.

Notes

To attach face tile to wall strips, order tile adapters (E1131.) separately.

To carry power from baseline up to beltline face tile, order 1 of the following products separately:

- Vertical wire harness, daisy chain (E1343.)
- Vertical wire harness, single (E1358.)

Fabric-covered tile accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics.

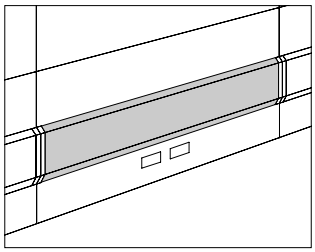
Cable Management Tile E1434.



Product Information

Description

This 8″-high tile attaches to 1 side of a frame of equal width. It has a cable channel with extra capacity for routing wires and data cables. The tile also has a flexible gasket at each end that allows cables to enter and exit at straight frame connections.

Notes

Larger width tiles can span 2 smaller width frames.

For concealed cable entry into tile, order power/cable entry cover (E1326.) separately.

For tile adjacent to 90° or 135° corner, specify tile width 6″ less than frame width. Order corner trim separately for continuous cable management channel around corner:

- 90° corner trim (E1435.90)
- 135° corner trim (E1435.135)

For continuous cable management channel through 90° frame return, order following products separately:

- 1 end trim (E1437.)
- 2 90° corner trims (E1435.90)
- 2 cable management tiles (E1434.)

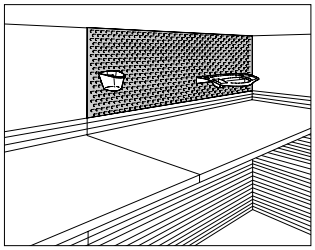
Perforated Tool Tile E1427.



Product Information

Description

This perforated metal tile attaches to 1 side of a frame or to wall strips and holds lightweight work tools. It has oval perforations spaced 1″ apart horizontally and 3/4″ apart vertically. The oval perforations are 3/4″ wide × 1/2″ high. A translucent plastic insert can be specified for privacy.

Notes

Larger width tiles can span 2 smaller width frames.

To attach tool tile to wall strips, order tile adapters (E1131.) separately.

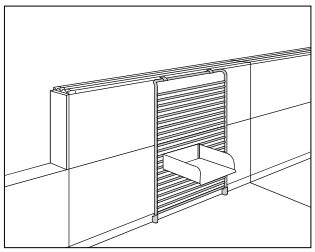
Tool Rail E3611.



Product Information

Description

This metal tool rail hangs on a monorail, work surface-attached screen, monorail-attached screen, or 54"-high open return to hold work tools. Attachment hardware is included.

The tool rail that hangs on a monorail has feet that rest between 2 tiles. The tool rail that hangs on a work surface-attached screen has feet that rest on the work surface. The tool rail that hangs on an open return has feet that rest on the bottom crossbar of the return. All feet have a frosted (XF) finish.

Notes

For monorail-attached tool rail, specify height of tool rail to match height of 1 or more tiles; tool rail feet rest between the 2 tiles for additional support.

For open return application, tool rail only hangs on 54"-high open return (E1140.54 or E1141.54).

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

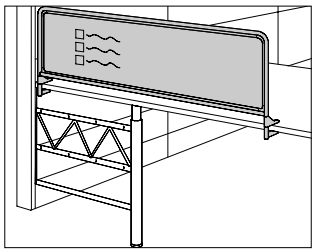
Work Surface-Attached Screen E1500.



Product Information

Description

This rectangular screen attaches to a work surface, peninsula, or freestanding table. It is available in 2 heights. The 16″-high screen has a banner, fabric-covered, translucent plastic, double-sided tackboard, or double-sided marker board surface. The attachment hardware adds 1½″ to the overall height of the screen. The 32″-high screen has a banner or fabric-covered surface. The top 17½″ of the screen is above the surface; the bottom 13½″ is below the surface. Attachment hardware is included.

Notes

To convert 16″-high screen to mount on monorail, order monorail-attached screen attachment kit (E1591.) separately.

32″-high screen cannot attach to bowed, bean-shaped, or oval tables. For additional planning information, see dimensional drawing and Ethospace Planning Guide.

Double-sided tackboard screen (T) is a neutral-colored fiber-composite material; there is no fabric selection for this screen.

Customer's Own Image (COI) may be specified on fabric-covered screens; see the following:

- For information, contact Herman Miller COM Department at (888) 443 4357.
- For design specifications and order information, see HermanMiller.com or Show & Tell.
- For order information, see Order Information for COI in Appendices.
- Process order through Vary Easy. See Vary Easy Program in Appendices.
- $270 upcharge for COI.

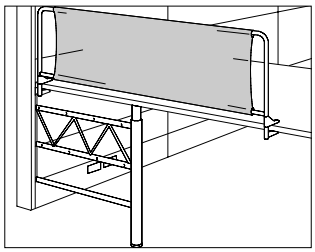
Replacement Screen E1520.



Product Information

Description

This screen replaces the existing surface material on a work surface- or monorail-attached screen. The 16″-high replacement screen has a banner, fabric-covered, translucent plastic, double-sided tackboard, or double-sided marker board surface. The 12″- and 32″-high replacement screens have a banner or fabric-covered surface.

Notes

Translucent plastic, double-sided tackboard, and double-sided marker board screens include plastic trim pieces. Specify cool grey neutral (CL) trim finish for use with metallic silver (MS) frame/bracket finish; specify warm grey neutral (WN) for use with champagne (CN) frame/bracket finish.

Double-sided tackboard screen (T) is a neutral-colored fiber-composite material; there is no fabric selection for this screen.

Customer's Own Image (COI) may be specified on fabric-covered screens; see the following:

- For information, contact Herman Miller COM Department at (888) 443 4357.
- For design specifications and order information, see HermanMiller.com or Show & Tell.
- For order information, see Order Information for COI in Appendices.
- Process order through Vary Easy. See Vary Easy Program in Appendices.
- $270 upcharge for COI.

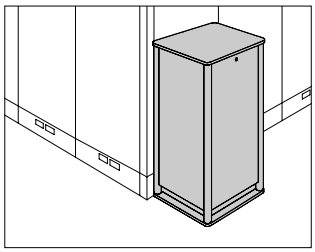
Zone Distribution Cabinet G1360.



Product Information

Description

This 24"-wide × 24"-deep storage cabinet holds data cabling and associated electronics. It has 4 removable sides that are secured with an internal latch or key and a 19"-wide EIA-standard rack for mounting equipment. The cabinet provides cable access through openings located below each side; cables may also enter or exit the cabinet directly from the floor. It includes ties to bundle cables and hardware to attach the cabinet to the floor.

Notes

To provide access to electronic cables, install cabinet near panels or posts.

If required, cabinet must be field wired for power.

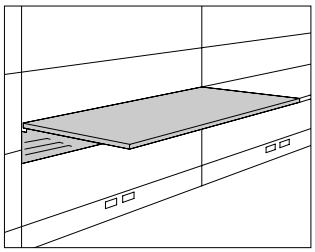
Squared-Edge Rectangular Work Surface, No Trough

E2110.



Product Information

Description

This work surface hangs from a frame, off-module lower tile, or wall strips. It has a laminate top and vinyl edge and predrilled holes for a pencil drawer and suspended pedestals. There is a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

The 24″-deep surface has 23″ of filing depth; the 30″-deep surface has 29″ of filing depth. 60″- to 78″-wide surfaces have a center support.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from off-module lower tile, specify off-module support option (OM).

Storage products, except pencil drawer, cannot mount under work surface in off-module application.

To use freestanding file below work surface requires following clearance:
Surface Width—Filing Width Clearance
24″—22 1/8″
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″
48″—46 1/8″
60″- to 78″-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products for on-module application, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

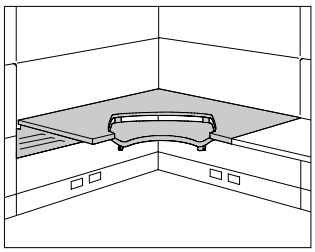
Squared-Edge Corner Work Surface with Input Platform, No Trough

E2131.



Product Information

Description

This 90° corner work surface hangs from frames or wall strips. It has a laminate top and vinyl edge and a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

The input platform holds a keyboard, mouse, or other input device. The height is adjusted with a release lever on the underside of the platform. The counterbalance mechanism permits the user to raise or lower the platform from 8″ below the rear work surface to 5¾″ above it. The platform has a 9° forward tilt and a 15° degree backward tilt.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Work surface cannot be used with open returns.

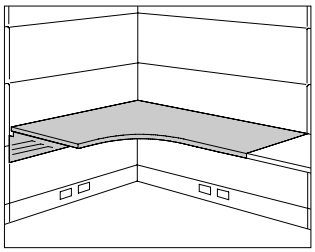
Squared-Edge Extended Corner Work Surface, Rectangular End, No Trough

E2140.
E2141.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a left- or right-hand extension with a rectangular end, a laminate top and vinyl edge, and a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

The 24″-deep surface has 23″ of filing depth; the 30″-deep surface has 29″ of filing depth.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface from frames and off-module lower tiles, specify off-module combination support option (OS or SO).

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

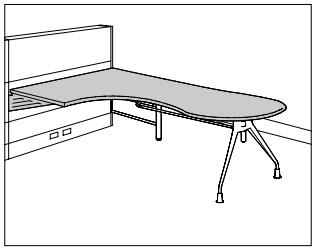
Squared-Edge Extended Corner Work Surface, Ellipse End, No Trough

E2142.
E2143.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a left- or right-hand extension with an ellipse end, a laminate top and vinyl edge, and a 1″ gap at the back of the surface for standard plug head and cord passage. The work surface with column has a support column on the ellipse end that adjusts the height from 27½″ to 31½″. The work surface without column has predrilled holes to attach a work surface understructure. Attachment hardware is included.

The 24″-deep surface has 23″ of filing depth; the 30″-deep surface has 29″ of filing depth.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface with column from frames and off-module lower tiles, specify off-module combination support option (OS or SO). Work surface without column cannot hang off-module.

Work surface with optional column hangs from frames or wall strips along the left and right widths; 3 brackets and the column support the surface.

For work surface without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

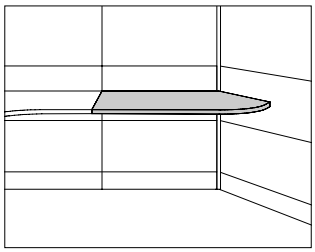
Squared-Edge Rectangular Work Surface, 120° End, No Trough

E2128.
E2129.



Product Information

Description

This 24″-deep work surface hangs from a frame and has a 120° extended end on the left or right side. The extended end fits against a return frame that is connected by a 120° connector and forms a 120° workstation angle. The work surface has a laminate top and vinyl edge and predrilled holes for a pencil drawer and suspended pedestals. There is a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To use freestanding file below work surface requires following clearance:
Surface Width—Filing Width Clearance
24″—22 1/8″
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″
48″—46 1/8″
60″- to 78″-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

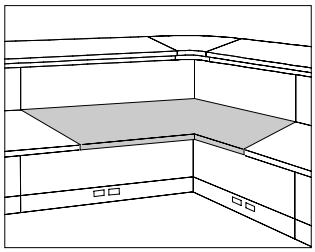
Squared-Edge 135° Work Surface, Single, No Trough

E2237.
E2238.



Product Information

Description

This corner work surface hangs from 2 frames joined by a 135° connector. It has a corner support bracket at the adjoining frames and laminate top and vinyl edge. The width of each side of the work surface must match the width of each adjacent frame. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

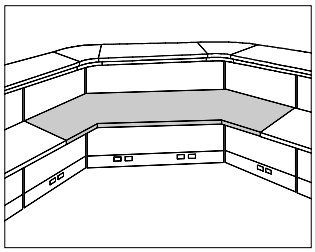
Squared-Edge 135° Work Surface, Double, No Trough

E2239.



Product Information

Description

This corner work surface hangs from 3 frames joined by 2 135° connectors. It has 2 corner support brackets at the adjoining frames and a laminate top and vinyl edge. The width of each side of the work surface must match the width of each adjacent frame. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

For optional keyboard support product, mount on center of 28 1/16″ edge.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

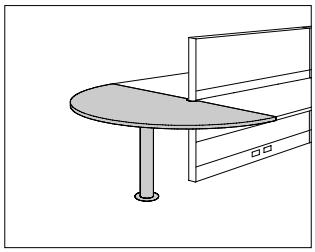
Squared-Edge D-Shaped Work Surface

E2155.



Product Information

Description

This D-shaped work surface has a laminate top and vinyl edge and support columns that adjust the height from 27½" to 31½". 48"- and 52"-wide work surfaces have 1 support column; 60"- and 64"-wide work surfaces have 2 support columns. The D-shaped work surface cannot stand alone. Attachment hardware is included.

48"- and 60"-wide D-shaped work surfaces have a notch and attach to the end of 2 back-to-back corner or extended corner work surfaces in a wall-supporting application. 52"- and 64"-wide D-shaped work surfaces fit against the end of 2 work surfaces that are separated by a frame; the work surface has a notch to allow a flush fit against the finished end.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

D-shaped work surface cannot be used against a veneer finished end.

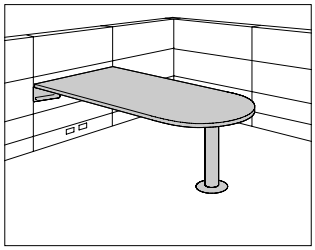
Squared-Edge Oval-End Peninsula, No Trough

E2165.



Product Information

Description

This peninsula hangs from a frame, off-module lower tile, or wall strips. It has a laminate top and vinyl edge and a support column that adjusts the height from 27½" to 31½". There is a 1" gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

See Vary Easy Program in Appendices for the following:
- For additional size, shape, cable management, and finish options
- To attach peninsula to front edge of a work surface

To hang peninsula from frame or wall strips, specify on-module support option (SM); to hang peninsula with column from off-module lower tile, specify off-module support option (OM). Peninsula without column cannot hang off-module.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

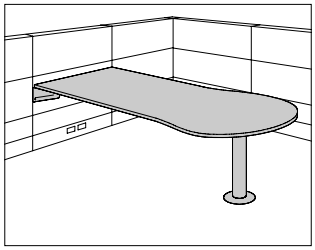
Squared-Edge Oval-End Keyhole Peninsula, No Trough

E2158.



Product Information

Description

This peninsula hangs from a frame, off-module lower tile, or wall strips. It has a laminate top and vinyl edge. There is a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

The peninsula with column has 1 support column that adjusts the height from 27½″ to 31½″. The peninsula without column has predrilled holes for the attachment of a work surface support understructure.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

See Vary Easy Program in Appendices for the following:
- For additional size, shape, cable management, and finish options
- To attach peninsula to front edge of a work surface

To hang peninsula from frame or wall strips, specify on-module support option (SM); to hang peninsula with column from off-module lower tile, specify off-module support option (OM). Peninsula without column cannot hang off-module.

When ordering peninsula without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

Peninsula specified with column can be retrofit with work surface support understructure (E2910.) and work surface/understructure support open return (E1142.); order separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

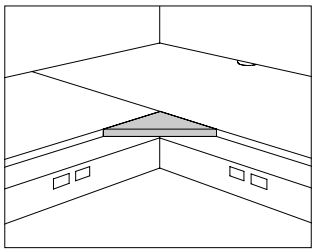
Squared-Edge Corner Wedge G2091.



Product Information

Description

This wedge attaches to 2 work surfaces at a 90° angle to provide a corner work surface. It can be used with Action Office®, Prospects®, and Ethospace® systems. The wedge has a laminate top and vinyl edge or a veneer top and edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Corner wedge can support a keyboard tray attached to the underside of the work surfaces in 90° corner applications.

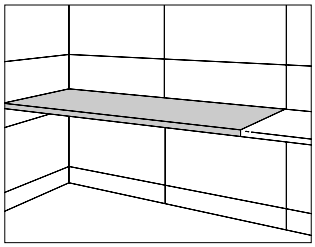
Squared-Edge Rectangular Work Surface, with Trough

E2210.



Product Information

Description

This work surface hangs from a frame, off-module lower tile, or wall strips. It has a cable management trough that hangs 2″ below the surface and predrilled holes for a pencil drawer and suspended pedestals. Attachment hardware is included.

The work surface has a laminate top and vinyl edge or a veneer top and edge. The cable management trough allows 21″ of filing depth for the 24″-deep surface and 27″ for the 30″-deep surface. 60″- to 78″-wide surfaces have a center support.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from off-module lower tile, specify off-module support option (OM).

Storage products, except pencil drawer, cannot mount under work surface in off-module application.

To use freestanding lateral file below work surface requires following clearance:
Surface Width—Filing Width Clearance
24″—22 1/8″
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″
48″—46 1/8″
60″- to 78″-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products for on-module application, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Product Information

Description

This work surface hangs from a frame, off-module lower tile, or wall strips. It is 24″ deep on 1 side and 30″ deep on the other side. The surface has a cable management trough that hangs 2″ below the surface and predrilled holes for a pencil drawer and suspended pedestals. Attachment hardware is included.

The work surface has a laminate top and vinyl edge or a veneer top and edge. The cable management trough allows 21″ of filing depth for the 24″-deep side and 27″ for the 30″-deep side. 60″- to 78″-wide surfaces have a center support.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from off-module lower tile, specify off-module support option (OM).

Storage products, except pencil drawer, cannot mount under work surface in off-module application.

To use freestanding file below work surface requires following clearance:
Surface Width—Filing Width Clearance
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″
48″—46 1/8″
60″- to 78″-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products for on-module application, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips and has a cable management trough. It has a laminate top and vinyl edge or a veneer top and edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface from frames and off-module lower tiles, specify off-module combination support option (OS or SO).

Storage products, except pencil drawer, cannot mount under work surface in off-module application.

To order optional storage products for on-module application, see Filing and Storage.

The following work surfaces are predrilled for a pencil drawer:
- 24″-deep, 42″- or 48″-wide
- 30″-deep, 48″-wide

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

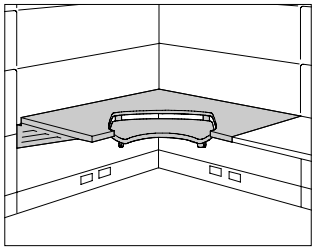
Squared-Edge Corner Work Surface with Input Platform, with Trough

E2247.



Product Information

Description

This 90° corner work surface hangs from frames or wall strips. It has a laminate top and vinyl edge or a veneer top and edge. The surface has a cable management trough that hangs 2" below the surface. Attachment hardware is included.

The input platform holds a keyboard, mouse, or other input device. The height is adjusted with a release lever on the underside of the platform. The counterbalance mechanism permits the user to raise or lower the platform from 8" below the rear work surface to 5¾" above it. The platform has a 9° forward tilt and a 15° degree backward tilt.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

Work surface cannot be used with open returns.

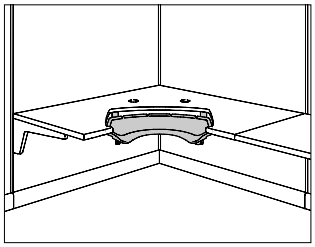
Flex-Edge™ Input Platform G7730.



Product Information

Description

This adjustable platform attaches to a corner work surface with an input platform cutout. The platform has a laminate top. A flexible waterfall front edge supports the user's arms during input and writing tasks, and flexible edges at each side provide protection from pinching between the platform and the adjacent work surface when adjusting the height. A curbed edge keeps items from rolling off the back and side edges. The height is adjusted with a release lever on the underside of the platform. The counterbalance mechanism permits the user to raise or lower the platform from 4″ below the rear work surface to 11″ above it. The platform also tilts 9° forward and 15° backward. Attachment hardware is included.

Notes

Order corner work surface with input platform cutout (A0427., A2336., K2336., or E2236.) separately.

Storage products, keyboard tray, and accessories cannot attach to platform.

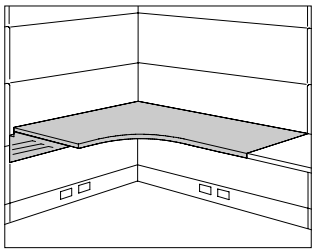
Squared-Edge Extended Corner Work Surface, Rectangular End, with Trough

E2250.
E2251.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a left- or right-hand extension with a rectangular end and a laminate top and vinyl edge or a veneer top and edge. The surface has a cable management trough that hangs 2″ below the surface. Attachment hardware is included.

The 24″-deep surface has 21″ of filing depth; the 30″-deep surface has 27″ of filing depth.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface from frames and off-module lower tiles, specify off-module combination support option (OS or SO).

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

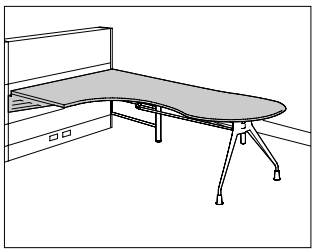
Squared-Edge Extended Corner Work Surface, Round End, with Trough

E2252.
E2253.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a left- or right-hand extension with an ellipse end and a laminate top and vinyl edge or a veneer top and edge. The surface has a cable management trough that hangs 2″ below the surface. The work surface with column has a support column on the ellipse end that adjusts the height from 27½″ to 31½″. The work surface without column has predrilled holes to attach a work surface understructure. Attachment hardware is included.

The 24″-deep surface has 23″ of filing depth; the 30″-deep surface has 29″ of filing depth.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface with column from frames and off-module lower tiles, specify off-module combination support option (OS or SO). Work surface without column cannot hang off-module.

Work surface with optional column hangs from frames or wall strips along the left and right widths; 3 brackets and the column support the surface.

For work surface without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

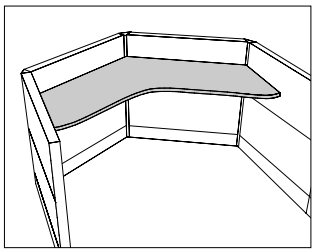
Squared-Edge 120° Extended Corner Work Surface, with Trough

E2249.



Product Information

Description

This 120° corner work surface hangs from frames and extends on both ends. The ends fit against 2 return frames connected by 120° connectors and form a 120° workstation angle. The work surface is 24″ deep and has a laminate top and vinyl edge or a veneer top and edge and cable management trough. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)

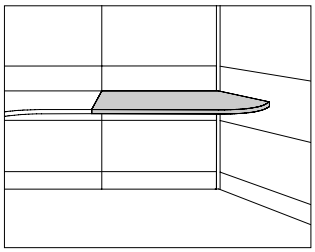
Squared-Edge Rectangular Work Surface, 120° End, with Trough

E2228.
E2229.



Product Information

Description

This 24"-deep work surface hangs from a frame and has a 120° extended end on the left or right side. The extended end fits against a return frame that is connected by a 120° connector and forms a 120° workstation angle. The work surface has a laminate top and vinyl edge or a veneer top and edge, cable management trough, and predrilled holes for a pencil drawer and suspended pedestals. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To use freestanding file below work surface requires following clearance:
Surface Width—Filing Width Clearance
24"—22 1/8"
30"—28 1/8"
36"—34 1/8"
42"—40 1/8"
48"—46 1/8"
60"- to 78"-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

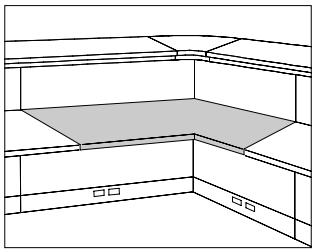
Squared-Edge 135° Work Surface, Single, with Trough

E2233.



Product Information

Description

This 24"-deep corner work surface hangs from 2 frames joined by a 135° connector. It has a cable management trough and corner support bracket at the adjoining frames. The width of each side of the work surface must match the width of each adjacent frame. The work surface has a laminate top and vinyl edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

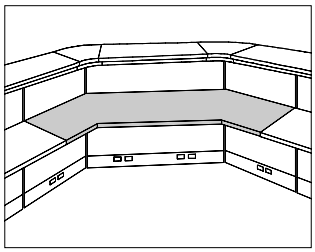
Squared-Edge 135° Work Surface, Double, with Trough

E2234.



Product Information

Description

This 24″-deep corner work surface hangs from 3 frames joined by 2 135° connectors. It has a cable management trough and 2 corner support brackets at the adjoining frames. The width of each side of the work surface must match the width of each adjacent frame. The work surface has a laminate top and vinyl edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For optional keyboard support product, mount on center of 28 1/16″ edge.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

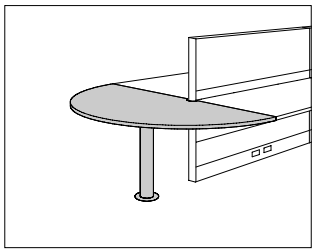
Squared-Edge D-Shaped Work Surface

E2155.



Product Information

Description

This D-shaped work surface has a laminate top and vinyl edge and support columns that adjust the height from 27½" to 31½". 48"- and 52"-wide work surfaces have 1 support column; 60"- and 64"-wide work surfaces have 2 support columns. The D-shaped work surface cannot stand alone. Attachment hardware is included.

48"- and 60"-wide D-shaped work surfaces have a notch and attach to the end of 2 back-to-back corner or extended corner work surfaces in a wall-supporting application. 52"- and 64"-wide D-shaped work surfaces fit against the end of 2 work surfaces that are separated by a frame; the work surface has a notch to allow a flush fit against the finished end.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

D-shaped work surface cannot be used against a veneer finished end.

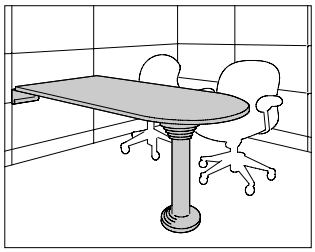
Squared-Edge Round-End Peninsula, with Trough

E2265.



Product Information

Description

This peninsula hangs from a frame, off-module lower tile, or wall strips. It has a support column that adjusts the height from 27½" to 31½" and a cable management trough. The peninsula has a laminate top and vinyl edge or a veneer top and edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) column has a cool grey neutral (CL) column support, base, and cable management trough; metallic champagne (CN) column has a warm grey neutral (WN) column support, base, and cable management trough.

Notes

See Vary Easy Program in Appendices for the following:

- For additional size, shape, cable management, and finish options
- For peninsula with cable access
- To attach peninsula to front edge of a work surface

To hang peninsula from frame or wall strips, specify on-module support option (SM); to hang peninsula with column from off-module lower tile, specify off-module support option (OM). Peninsula without column cannot hang off-module.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

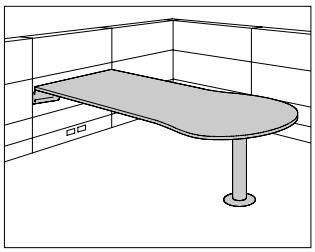
Squared-Edge Keyhole Peninsula, with Trough E2258.



Product Information

Description

This peninsula hangs from a frame, off-module lower tile, or wall strips. It has a laminate top and vinyl edge or a veneer top and edge and cable management trough. Attachment hardware is included.

The peninsula with column has 1 support column that adjusts the height from 27½" to 31½". The peninsula without column has predrilled holes for the attachment of a work surface support understructure.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

See Vary Easy Program in Appendices for the following:
- For additional size, shape, cable management, and finish options
- To attach peninsula to front edge of a work surface

To hang peninsula from frame or wall strips, specify on-module support option (SM); to hang peninsula with column from off-module lower tile, specify off-module support option (OM). Peninsula without column cannot hang off-module.

When ordering peninsula without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

Peninsula specified with optional column can be retrofit with work surface support understructure (E2910.) and work surface/understructure support open return (E1142.); order separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

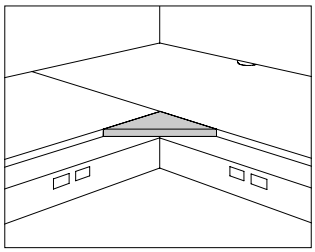
Squared-Edge Corner Wedge G2091.



Product Information

Description

This wedge attaches to 2 work surfaces at a 90° angle to provide a corner work surface. It can be used with Action Office®, Prospects®, and Ethospace® systems. The wedge has a laminate top and vinyl edge or a veneer top and edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Corner wedge can support a keyboard tray attached to the underside of the work surfaces in 90° corner applications.

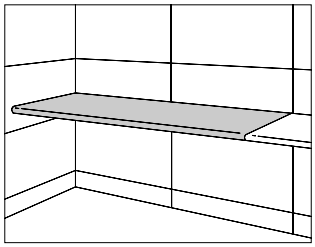
Bullnose Rectangular Work Surface

E2310.



Product Information

Description

This work surface hangs from a frame, off-module lower tile, or wall strips. It has a cable management trough that hangs 2″ below the surface and predrilled holes for a pencil drawer and suspended pedestals. The surface has a laminate top that wraps over the front edge and vinyl side edges or a veneer top and edge. Attachment hardware is included.

The cable management trough allows 21″ of filing depth for the 24″-deep surface and 27″ for the 30″-deep surface. 60″- to 78″-wide surfaces have a center support.

Fiber laminate side edge colors are predetermined (front edge is same as top color):

Top/Front Color—Side Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate side edge colors are predetermined (front edge is same as top color):

Top/Front Color—Side Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate side edge color is predetermined (front edge is same as top color):

Top/Front Color—Side Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from off-module lower tile, specify off-module support option (OM).

Storage products, except pencil drawer, cannot mount under work surface in off-module application.

To use freestanding pedestal or lateral file below work surface requires following clearance:

Surface Width—Filing Width Clearance
24″—22 1/8″
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″
48″—46 1/8″

60″- to 78″-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products for on-module application, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

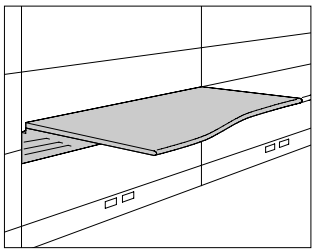
Bullnose Curvilinear Work Surface

E2324.
E2325.



Product Information

Description

This work surface hangs from a frame, off-module lower tile, or wall strips. It is 24″ deep on 1 side and 30″ deep on the other side. It has a cable management trough that hangs 2″ below the surface and predrilled holes for a pencil drawer and suspended pedestals. The surface has a laminate top with vinyl front and side edges or a veneer top and edge. Attachment hardware is included.

The cable management trough allows 21″ of filing depth for the 24″-deep side and 27″ for the 30″-deep side. 60″- to 78″-wide surfaces have a center support.

Fiber laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate side edge color is predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from off-module lower tile, specify off-module support option (OM).

Storage products, except pencil drawer, cannot mount under work surface in off-module application.

To use freestanding file below work surface requires following clearance:
Surface Width—Filing Width Clearance
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″
48″—46 1/8″
60″- to 78″-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products for on-module application, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

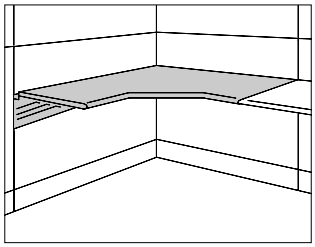
Bullnose Corner Work Surface E2332.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips and has a cable management trough. It has a laminate top that wraps over the front edge and vinyl side edges or a veneer top and edge. Attachment hardware is included.

Fiber laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate side edge color is predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface from frames and off-module lower tiles, specify off-module combination support option (OS or SO).

Storage products, except pencil drawer, cannot mount under work surface in off-module application.

To order optional storage products for on-module application, see Filing and Storage.

The following work surfaces are predrilled for a pencil drawer:
- 24"-deep, 42"- or 48"-wide
- 30"-deep, 48"-wide

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

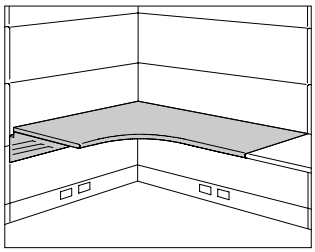
Bullnose Extended Corner Work Surface, Rectangular End

E2350.
E2351.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a left- or right-hand extension with a rectangular end and a cable management trough. The surface has a laminate top with vinyl front and side edges or a veneer top and edge. Attachment hardware is included.

The 24"-deep surface has 21" of filing depth; the 30"-deep surface has 27" of filing depth.

Fiber laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate side edge color is predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface from frames and off-module lower tiles, specify off-module combination support option (OS or SO).

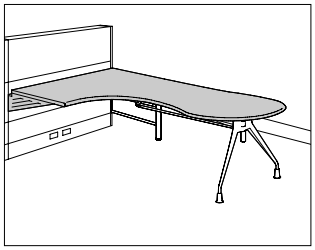
Bullnose Extended Corner Work Surface, Round End

E2352.
E2353.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a left- or right-hand extension with an ellipse end and a cable management trough. The surface has a laminate top with vinyl front and side edges or a veneer top and edge. The work surface with column has a support column on the ellipse end that adjusts the height from 27½" to 31½". The work surface without column has predrilled holes to attach a work surface understructure. Attachment hardware is included.

The 24"-deep surface has 23" of filing depth; the 30"-deep surface has 29" of filing depth.

Fiber laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate side edge color is predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface with column from frames and off-module lower tiles, specify off-module combination support option (OS or SO). Work surface without column cannot hang off-module.

Work surface with optional column hangs from frames or wall strips along the left and right widths; 3 brackets and the column support the surface.

For work surface without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

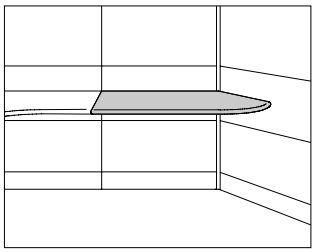
Bullnose Rectangular Work Surface, 120° End

E2328.
E2329.



Product Information

Description

This 24"-deep work surface hangs from a frame and has a 120° extended end on the left or right side. The extended end fits against a return frame that is connected by a 120° connector and forms a 120° workstation angle. The work surface has a cable management trough and predrilled holes for a pencil drawer and suspended pedestals. The surface has a laminate top with vinyl front and side edges or a veneer top and edge. Attachment hardware is included.

Fiber laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate side edge color is predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To use freestanding file below work surface requires following clearance:
Surface Width—Filing Width Clearance
24"—22 1/8"
30"—28 1/8"
36"—34 1/8"
42"—40 1/8"
48"—46 1/8"
60"- to 78"-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

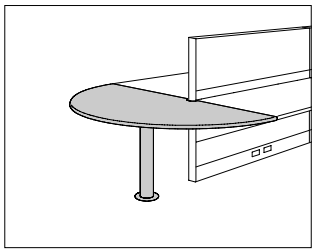
Bullnose D-Shaped Work Surface E2355.



Product Information

Description

This D-shaped work surface has a laminate top and vinyl edge or a veneer top and edge, 2 cleats for cord management, and support columns that adjust the height from 27½" to 31½". 48"- and 52"-wide work surfaces have 1 support column; 60"- and 64"-wide work surfaces have 2 support columns. The D-shaped work surface cannot stand alone. Attachment hardware is included.

48"- and 60"-wide D-shaped work surfaces have a notch and attach to the end of 2 back-to-back corner or extended corner work surfaces in a wall-supporting application. 52"- and 64"-wide D-shaped work surfaces fit against the end of 2 work surfaces that are separated by a frame; the work surface has a notch to allow a flush fit against the finished end.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

D-shaped work surface cannot be used against a veneer finished end.

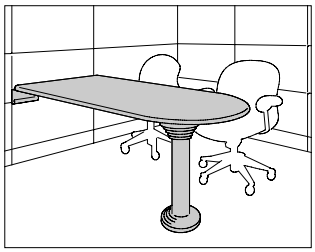
MS	metallic silver	+$10

Bullnose Round-End Peninsula E2365.



Product Information

Description

This peninsula hangs from a frame, off-module lower tile, or wall strips and has a cable management trough. The surface has a laminate top with vinyl front and side edges or a veneer top and edge. The peninsula has an optional support column that adjusts the height from 27½" to 31½". Attachment hardware is included.

Fiber laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate side edge color is predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) column has a cool grey neutral (CL) column support, base, and cable management trough; metallic champagne (CN) column has a warm grey neutral (WN) column support, base, and cable management trough.

Notes

See Vary Easy Program in Appendices for the following:
- For additional size, shape, cable management, and finish options
- For peninsula with cable access

To hang peninsula from frame or wall strips, specify on-module support option (SM); to hang peninsula with column from off-module lower tile, specify off-module support option (OM). Peninsula without column cannot hang off-module.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

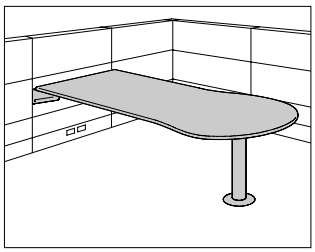
Bullnose Keyhole Peninsula E2358.



Product Information

Description

This peninsula hangs from a frame, off-module lower tile, or wall strips. It has a cable management trough and a laminate top with vinyl front and side edges or a veneer top and edge. Attachment hardware is included.

The peninsula with column has 1 support column that adjusts the height from 27½" to 31½". The peninsula without column has predrilled holes for the attachment of a work surface support understructure.

Fiber laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate side edge colors are predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate side edge color is predetermined (front edge is same as top color):
Top/Front Color—Side Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang peninsula from frame or wall strips, specify on-module support option (SM); to hang peninsula with column from off-module lower tile, specify off-module support option (OM). Peninsula without column cannot hang off-module.

When ordering peninsula without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

Peninsula specified with optional column can be retrofit with work surface support understructure (E2910.) and work surface/understructure support open return (E1142.); order separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

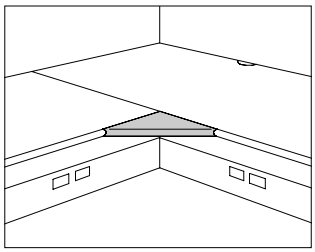
Bullnose Corner Wedge G2092.



Product Information

Description

This painted metal wedge attaches to 2 work surfaces at a 90° angle to provide a corner work surface. It can be used with Ethospace® system. Attachment hardware is included.

Notes

Corner wedge can support a keyboard tray attached to the underside of the work surfaces in 90° corner applications.

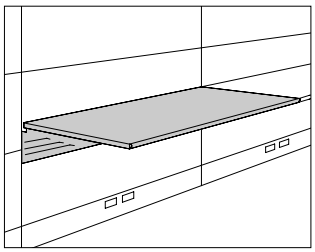
Contoured-Edge Rectangular Work Surface

E2610.



Product Information

Description

This work surface hangs from a frame, off-module lower tile, or wall strips. It has a laminate top and vinyl edge and predrilled holes for a pencil drawer and suspended pedestals. There is a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

The 24″-deep surface has 23″ of filing depth; the 30″-deep surface has 29″ of filing depth. 60″- to 78″-wide surfaces have a center support.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Wood-grain laminate front edge colors are predetermined; side and back edges match top color:
Top Color—Front Edge Color
Light Ash (LA)—Black Umber (BU)
Mahogany (LM)—Black Umber (BU)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from off-module lower tile, specify off-module support option (OM).

Storage products, except pencil drawer, cannot mount under work surface in off-module application.

To use freestanding file below work surface requires following clearance:
Surface Width—Filing Width Clearance
24″—22 1/8″
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″
48″—46 1/8″
60″- to 78″-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products for on-module application, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

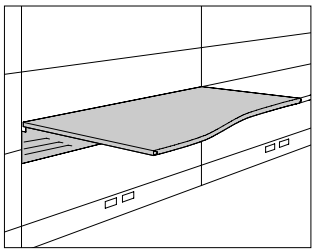
Contoured-Edge Curvilinear Work Surface

E2620.
E2621.



Product Information

Description

This work surface hangs from a frame, off-module lower tile, or wall strips. It is 24″ deep on 1 side and 30″ deep on the other side. The work surface has a laminate top and vinyl edge and predrilled holes for a pencil drawer and suspended pedestals. There is a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

60″- to 78″-wide surfaces have a center support.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Wood-grain laminate front edge colors are predetermined; side and back edges match top color:
Top Color—Front Edge Color
Light Ash (LA)—Black Umber (BU)
Mahogany (LM)—Black Umber (BU)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from off-module lower tile, specify off-module support option (OM).

Storage products, except pencil drawer, cannot mount under work surface in off-module application.

To use freestanding file below work surface requires following clearance:
Surface Width—Filing Width Clearance
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″

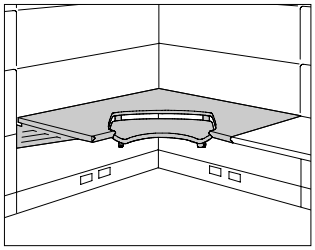
Contoured-Edge Corner Work Surface with Input Platform

E2631.



Product Information

Description

This 90° corner work surface hangs from frames or wall strips. It has a laminate top and vinyl edge and a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

The input platform holds a keyboard, mouse, or other input device. The height is adjusted with a release lever on the underside of the platform. The counterbalance mechanism permits the user to raise or lower the platform from 8″ below the rear work surface to 5¾″ above it. The platform has a 9° forward tilt and a 15° degree backward tilt.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Wood-grain laminate front edge colors are predetermined; side and back edges match top color:
Top Color—Front Edge Color
Light Ash (LA)—Black Umber (BU)
Mahogany (LM)—Black Umber (BU)

Notes

Work surface cannot be used with open returns.

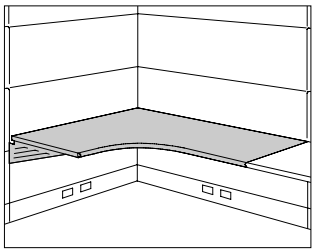
Contoured-Edge Extended Corner Work Surface, Rectangular End

E2640.
E2641.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a left- or right-hand extension with a rectangular end, a laminate top and vinyl edge, and a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

The 24″-deep surface has 23″ of filing depth; the 30″-deep surface has 29″ of filing depth.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Wood-grain laminate front edge colors are predetermined; side and back edges match top color:
Top Color—Front Edge Color
Light Ash (LA)—Black Umber (BU)
Mahogany (LM)—Black Umber (BU)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface from frames and off-module lower tiles, specify off-module combination support option (OS or SO).

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

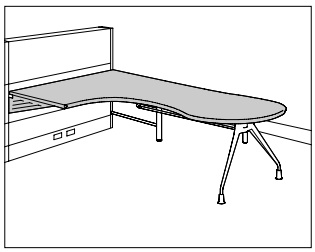
Contoured-Edge Extended Corner Work Surface, Ellipse End

E2642.
E2643.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a left- or right-hand extension with an ellipse end, a laminate top and vinyl edge, and a 1″ gap at the back of the surface for standard plug head and cord passage. The work surface with column has a support column on the ellipse end that adjusts the height from 27½″ to 31½″. The work surface without column has predrilled holes to attach a work surface understructure. Attachment hardware is included.

The 24″-deep surface has 23″ of filing depth; the 30″-deep surface has 29″ of filing depth.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Wood-grain laminate front edge colors are predetermined; side and back edges match top color:
Top Color—Front Edge Color
Light Ash (LA)—Black Umber (BU)
Mahogany (LM)—Black Umber (BU)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface with column from frames and off-module lower tiles, specify off-module combination support option (OS or SO). Work surface without column cannot hang off-module.

Work surface with optional column hangs from frames or wall strips along the left and right widths; 3 brackets and the column support the surface.

For work surface without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

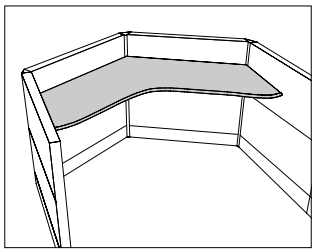
Contoured-Edge 120° Extended Corner Work Surface

E2634.



Product Information

Description

This 120° corner work surface hangs from frames and extends on both ends. The ends fit against 2 return frames connected by 120° connectors and form a 120° workstation angle. The work surface is 24″ deep and has a laminate top and vinyl edge and a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)

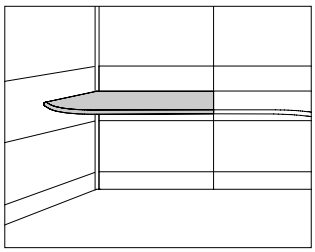
Contoured-Edge Rectangular Work Surface, 120° End

E2628.
E2629.



Product Information

Description

This 24"-deep work surface hangs from a frame and has a 120° extended end on the left or right side. The extended end fits against a return frame that is connected by a 120° connector and forms a 120° workstation angle. The work surface has a laminate top and vinyl edge and predrilled holes for a pencil drawer and suspended pedestals. There is a 1" gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To use freestanding file below work surface requires following clearance:
Surface Width—Filing Width Clearance
24"—22 1/8"
30"—28 1/8"
36"—34 1/8"
42"—40 1/8"
48"—46 1/8"
60"- to 78"-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

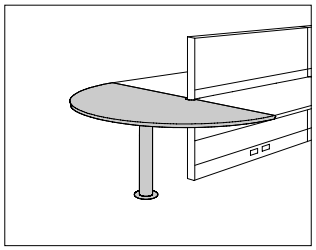
Contoured-Edge D-Shaped Work Surface

E2655.



Product Information

Description

This D-shaped work surface has a laminate top and vinyl edge and support columns that adjust the height from 27½″ to 31½″. 48″- and 52″-wide work surfaces have 1 support column; 60″- and 64″-wide work surfaces have 2 support columns. The D-shaped work surface cannot stand alone. Attachment hardware is included.

48″- and 60″-wide D-shaped work surfaces have a notch and attach to the end of 2 back-to-back corner or extended corner work surfaces in a wall-supporting application. 52″- and 64″-wide D-shaped work surfaces fit against the end of 2 work surfaces that are separated by a frame; the work surface has a notch to allow a flush fit against the finished end.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Wood-grain laminate front edge colors are predetermined; side and back edges match top color:
Top Color—Front Edge Color
Light Ash (LA)—Black Umber (BU)
Mahogany (LM)—Black Umber (BU)

Notes

D-shaped work surface cannot be used against a veneer finished end.

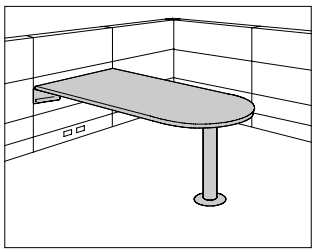
Contoured-Edge Oval-End Peninsula

E2665.



Product Information

Description

This peninsula hangs from a frame, off-module lower tile, or wall strips. It has a laminate top and vinyl edge and a support column that adjusts the height from 27½" to 31½". There is a 1" gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)

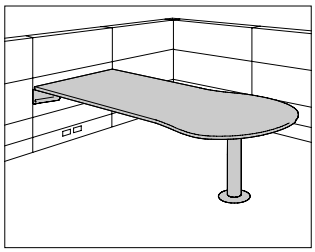
Contoured-Edge Oval-End Keyhole Peninsula

E2658.



Product Information

Description

This peninsula hangs from a frame, off-module lower tile, or wall strips. It has a laminate top and vinyl edge. There is a 1″ gap at the back of the surface for standard plug head and cord passage. Attachment hardware is included.

The peninsula with column has 1 support column that adjusts the height from 27½″ to 31½″. The peninsula without column has predrilled holes for the attachment of a work surface support understructure.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Wood-grain laminate front edge colors are predetermined; side and back edges match top color:
Top Color—Front Edge Color
Light Ash (LA)—Black Umber (BU)
Mahogany (LM)—Black Umber (BU)

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang peninsula from frame or wall strips, specify on-module support option (SM); to hang peninsula with column from off-module lower tile, specify off-module support option (OM). Peninsula without column cannot hang off-module.

When ordering peninsula without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

Peninsula specified with column can be retrofit with work surface support understructure (E2910.) and work surface/understructure support open return (E1142.); order separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

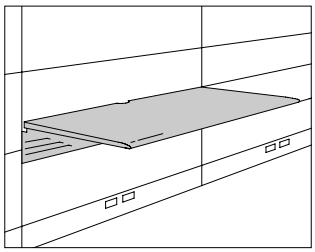
Formcoat® Rectangular Work Surface

E2710.



Product Information

Description

This work surface hangs from a frame, off-module lower tile, or wall strips. It has a formcoat® finish with a radius front edge, cutouts, 2 cleats for cord management, and predrilled holes for a pencil drawer. Attachment hardware is included.

24"- to 60"-wide surfaces have 1 cutout; 66"- to 78"-wide surfaces have 2 cutouts. The 24"-deep surface has 20" of filing depth; the 30"-deep surface has 24" of filing depth. 60"- to 78"-wide surfaces have a center support.

The work surface's formcoat finish is available as opaque or translucent. The opaque finish is nontransparent and has a solid-color appearance; the translucent finish shows the surface material below the finish color and has a natural appearance.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from off-module lower tile, specify off-module support option (OM).

Storage products, except pencil drawer, cannot mount under work surface.

To use freestanding file below work surface requires following clearance:

Surface Width—Filing Width Clearance

24"—22 1/8"
30"—28 1/8"
36"—34 1/8"
42"—40 1/8"
48"—46 1/8"

60"- to 78"-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

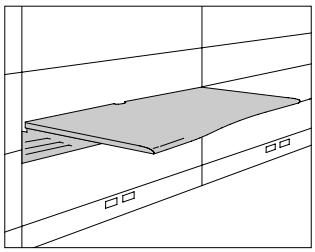
Formcoat® Curvilinear Work Surface

E2720.
E2721.



Product Information

Description

This work surface hangs from a frame, off-module lower tile, or wall strips. It is 24″ deep on 1 side and 30″ deep on the other side. The work surface has a formcoat® finish with a radius front edge, 2 cleats for cord management, and predrilled holes for a pencil drawer. Attachment hardware is included.

30″- to 60″-wide surfaces have 1 cutout; 72″- and 78″-wide surfaces have 2 cutouts. 60″- to 78″-wide surfaces have a center support.

The work surface's formcoat finish is available as opaque or translucent. The opaque finish is nontransparent and has a solid-color appearance; the translucent finish shows the surface material below the finish color and has a natural appearance.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from off-module lower tile, specify off-module support option (OM).

To use freestanding file below work surface requires following clearance:

Surface Width—Filing Width Clearance
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″
48″—46 1/8″

60″- to 78″-wide surfaces have limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

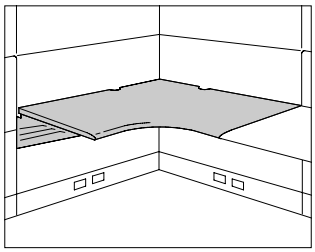
Formcoat® Concave Corner Work Surface

E2730.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a formcoat® finish with a radius front edge, 2 cutouts, and 2 cleats for cord management. Attachment hardware is included.

The work surface's formcoat finish is available as opaque or translucent. The opaque finish is nontransparent and has a solid-color appearance; the translucent finish shows the surface material below the finish color and has a natural appearance.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frame or wall strips, specify on-module support option (SM); to hang work surface from frames and off-module lower tiles, specify off-module combination support option (OS or SO).

When using work surface in wall-supporting application, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

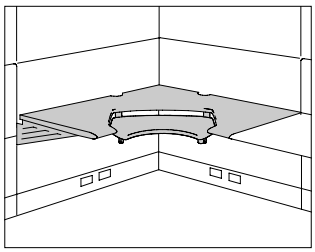
Formcoat® Corner Work Surface with Input Platform

E2731.



Product Information

Description

This 90° corner work surface hangs from frames or wall strips. It has a formcoat® finish with a radius front edge, 2 cutouts, and 2 cleats for cord management. Attachment hardware is included.

The input platform holds a keyboard, mouse, or other input device. The height is adjusted with a release lever on the underside of the platform. The counterbalance mechanism permits the user to raise or lower the platform from 8″ below the rear work surface to 5¾″ above it. The platform has a 9° forward tilt and a 15° degree backward tilt.

The work surface's formcoat finish is available as opaque or translucent. The opaque finish is nontransparent and has a solid-color appearance; the translucent finish shows the surface material below the finish color and has a natural appearance.

Notes

Work surface cannot be used with open returns.

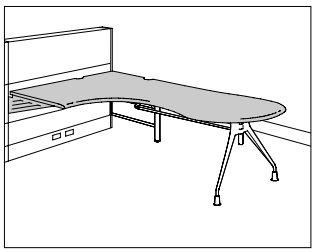
Formcoat® Extended Corner Work Surface, Ellipse End

E2742.
E2743.



Product Information

Description

This 90° corner work surface hangs from frames, off-module lower tiles, or wall strips. It has a left- or right-hand extension with an ellipse end, a formcoat® finish with a radius front edge, 1 cutout on each side, and 2 cleats for cord management. The work surface with column has a support column on the ellipse end that adjusts the height from 27½" to 31½". The work surface without column has predrilled holes to attach a work surface understructure. Attachment hardware is included.

The 24"-deep surface has 20" of filing depth; the 30"-deep surface has 24" of filing depth.

The work surface's formcoat finish is available as opaque or translucent. The opaque finish is nontransparent and has a solid-color appearance; the translucent finish shows the surface material below the finish color and has a natural appearance.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface with column from frames and off-module lower tiles, specify off-module combination support option (OS or SO). Work surface without column cannot hang off-module.

Work surface with optional column hangs from frames or wall strips along the left and right widths; 3 brackets and the column support the surface.

For work surface without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

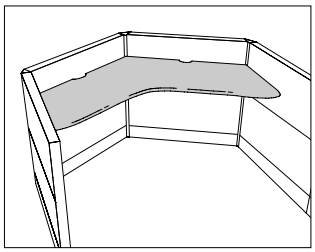
Formcoat® 120° Extended Corner Work Surface

E2734.



Product Information

Description

This 120° corner work surface hangs from frames and extends on both ends. The ends fit against 2 return frames connected by 120° connectors and form a 120° workstation angle. The work surface is 24″ deep and has a formcoat® finish with a radius front edge, 2 cutouts, and 2 cleats for cord management. Attachment hardware is included.

The work surface's formcoat finish is available as opaque or translucent. The opaque finish is nontransparent and has a solid-color appearance; the translucent finish shows the surface material below the finish color and has a natural appearance.

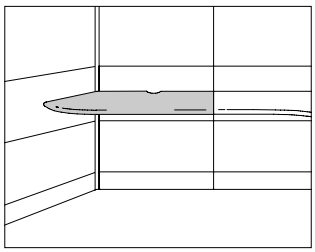
Formcoat® Rectangular Work Surface, 120° End

E2728.
E2729.



Product Information

Description

This 24″-deep work surface hangs from a frame and has a 120° extended end on the left or right side. The extended end fits against a return frame that is connected by a 120° connector and forms a 120° workstation angle. The surface has a formcoat® finish with a radius front edge, 2 cutouts, 2 cleats for cord management, and predrilled holes for a pencil drawer. Attachment hardware is included.

60″-wide surface has a center support.

The work surface's formcoat finish is available as opaque or translucent. The opaque finish is nontransparent and has a solid-color appearance; the translucent finish shows the surface material below the finish color and has a natural appearance.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To use freestanding file below work surface requires following clearance:

Surface Width—Filing Width Clearance

24″—22 1/8″
30″—28 1/8″
36″—34 1/8″
42″—40 1/8″
48″—46 1/8″

60″-wide surface has limited filing clearance. For information, see Ethospace Planning Guide.

For additional support at front corner of work surface, order work surface bracket (E2930.) separately.

To order optional storage products, see Filing and Storage.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

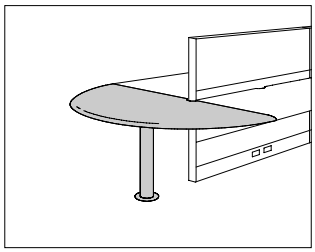
Formcoat® D-Shaped Work Surface

E2755.



Product Information

Description

This D-shaped work surface has a formcoat® finish with a radius front edge, 2 cleats for cord management, and support columns that adjust the height from 27½" to 31½". 48"- and 52"-wide work surfaces have 1 support column; 60"- and 64"-wide work surfaces have 2 support columns. The D-shaped work surface cannot stand alone. Attachment hardware is included.

48"- and 60"-wide D-shaped work surfaces have a notch and attach to the end of 2 back-to-back corner or extended corner work surfaces in a wall-supporting application. 52"- and 64"-wide D-shaped work surfaces fit against the end of 2 work surfaces that are separated by a frame; the work surface has a notch to allow a flush fit against the finished end.

The work surface's formcoat finish is available as opaque or translucent. The opaque finish is nontransparent and has a solid-color appearance; the translucent finish shows the surface material below the finish color and has a natural appearance.

Notes

D-shaped work surface cannot be used against a veneer finished end.

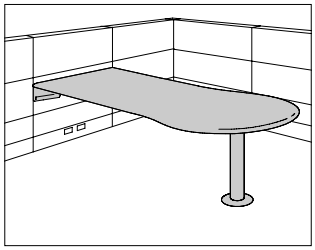
Formcoat® Oval-End Keyhole Peninsula

E2758.



Product Information

Description

This peninsula hangs from a frame, off-module lower tile, or wall strips. It has a formcoat® finish with a radius front edge and 2 cleats for cord management. Attachment hardware is included.

The peninsula with column has 1 support column that adjusts the height from 27½" to 31½". The peninsula without column has predrilled holes for the attachment of a work surface support understructure.

The peninsula's formcoat finish is available as opaque or translucent. The opaque finish is nontransparent and has a solid-color appearance; the translucent finish shows the surface material below the finish color and has a natural appearance.

Notes

For additional size, shape, cable management, and finish options, see Vary Easy Program in Appendices.

To hang peninsula from frame or wall strips, specify on-module support option (SM); to hang peninsula with column from off-module lower tile, specify off-module support option (OM). Peninsula without column cannot hang off-module.

When ordering peninsula without column, order work surface support understructure (E2910.) and work surface/understructure support open return (E1142.) separately.

Peninsula specified with column can be retrofit with work surface support understructure (E2910.) and work surface/understructure support open return (E1142.); order separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

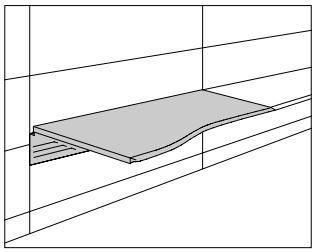
Curvilinear Work Surface with Flex-Edge™ Front

E2520.
E2521.



Product Information

Description

This work surface hangs from a frame or wall strips. It is 24″ deep on 1 side, 30″ deep on the other side, and has a cable management trough that hangs 2″ below the surface. The surface has a laminate top, vinyl side and back edges, and a 2¾″-deep flexible front edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Side/Back Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Side/Back Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Side/Back Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Storage products and keyboard support products cannot attach to work surface.

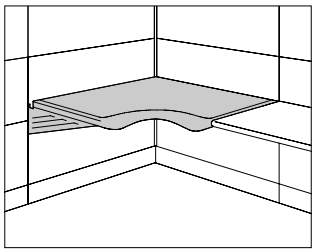
Flex-Edge™ Corner Work Surface E2430.



Product Information

Description

This work surface hangs from frames, off-module lower tiles, or wall strips and abuts squared-edge or bullnose work surfaces. It has a laminate top and a flexible waterfall front edge to support the user's arms during input and writing tasks. The work surface has flexible side edges and a curbed edge to keep items from rolling off the back. The surface does not include a cable management trough. Attachment hardware is included.

Notes

To hang work surface from frames or wall strips, specify on-module support option (SM); to hang work surface from frames and off-module lower tiles, specify off-module combination support option (OS or SO).

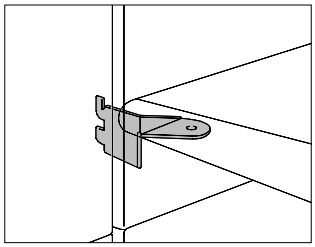
Work Surface Bracket E2930.



Product Information

Description

This bracket attaches to the front corner of an Ethospace® hanging work surface to provide support. It can be used only when the return frame width matches the work surface depth. The bracket cannot be used with a Flex-Edge™ work surface. Finish is black umber. Package contains 4.

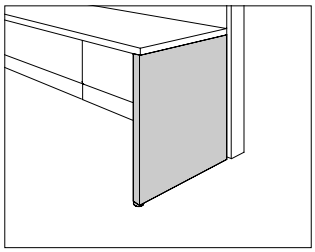
Work Surface Support Panel, End, Glides E2283.



Product Information

Description

This panel attaches to both a work surface without a trough and a frame at the end of a frame run. It provides support and eliminates the need for a return frame, tiles, and a connector. The panel has 2" glides that adjust the work surface height from 27½" to 29½". It attaches under a work surface at the left or right end of a frame. A bracket is attached right handed but can be field modified for left-handed attachment. The panel has a laminate surface. Attachment hardware is included.

Notes

Specify depth of support panel to match depth of work surface.

Plugs on panel match surface finish.

Support panel is compatible only with work surfaces without a trough.

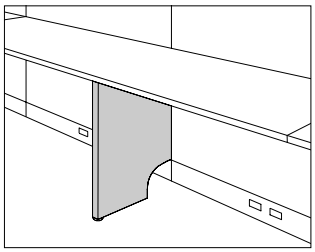
Work Surface Support Panel, Mid-Run, Glides

E2284.



Product Information

Description

This panel attaches to both a work surface without a trough and a frame at the frame mid-run. It provides support and eliminates the need for a return frame, tiles, and a connector. The panel has 2″ glides that adjust the work surface height from 27½″ to 29½″. A bracket is attached right handed but can be field modified for left-handed attachment. The panel has a laminate surface.

Notes

Plugs on panel match surface finish.

Mid-run support panel cannot be used with cable management tile.

Support panel is compatible only with work surfaces without a trough.

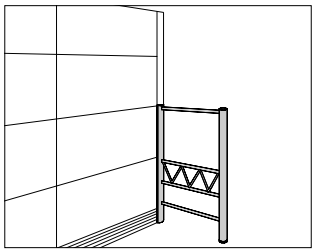
Open Return, Connector Attached

E1140.



Product Information

Description

This metal open return attaches into a 2-, 3-, or 4-way connector to provide support and eliminate the need for a return frame, tiles, and a finished end. It has 1½" adjustable glides. Attachment hardware is included.

Notes

Specify depth of return to match depth of work surface.

When using a 2-way connector that is higher than the open return, order draw rod (E1120.) separately to match height of open return. To finish exposed end of connector, order change-of-height finished end (E1251.) separately to match exposed end height.

For 54"-high open return, order optional tool rail (E3611.) separately.

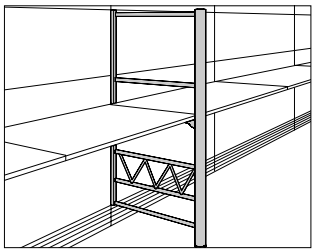
Open Return, Work Surface Support

E1141.



Product Information

Description

This metal open return attaches to a work surface and a frame or wall strip. It provides support and eliminates the need for a return frame, tiles, finished end, and connector. The open return has preset locations to adjust the work surface height from 27½" to 31½". It has 1½" adjustable glides and support brackets to support 1 work surface or 2 adjacent work surfaces. Attachment hardware is included.

Notes

Specify depth of return to match depth of surface.

For 54"-high open return, order optional tool rail (E3611.) separately.

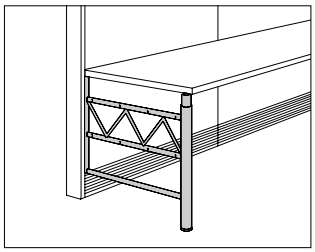
Open Return, Work Surface/ Understructure Support

E1142.



Product Information

Description

This metal open return attaches to a work surface and a frame or wall strip. It provides support and eliminates the need for a return frame, tiles, finished end, and connector. The open return has preset locations to adjust the work surface height from 27½" to 31½" and has 1½" adjustable glides. Attachment hardware is included.

The work surface or on-module peninsula without cable management trough (A) attaches under a work surface at mid-run or at the left or right end of a frame; it includes 4 support brackets. The work surface or on-module peninsula with cable management trough (C) attaches under a work surface at mid-run or at the left or right end of a frame; it includes 5 support brackets. The center-mounted peninsula (B) is for a peninsula that spans 2 frames with the open return centered underneath the peninsula; it includes 2 support brackets and a spider bracket.

The 24"- and 30"-deep open returns can also be used with a work surface support understructure and a corner work surface, extended corner work surface, or peninsula in a wall-supporting application.

Notes

Specify depth of return to match depth of surface. For mid-run application, specify 18"-deep return.

When using surface in wall-supporting application, order work surface support understructure (E2910.) separately.

For more information, see Ethospace Planning Guide.

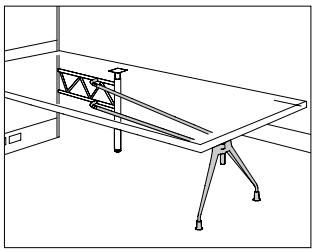
Understructure, Work Surface Support

E2910.



Product Information

Description

This understructure attaches to a work surface/understructure support open return and supports a corner work surface, extended corner work surface, or peninsula. It is available in 2 sizes. The understructure adjusts in height from 27½" to 31½". The legs of the understructure can be positioned to accommodate different work surface widths.

Notes

Order open return, work surface/understructure support (E1142.) separately.

When using understructure with peninsula or ellipse end extended corner work surface, specify without column:

- Ellipse end extended corner work surface, no column (E2144., E2145., E2644., E2645., E2744., or E2745.)
- Keyhole peninsula, no columns (E2159., E2659., or E2759.)
- Rectangular peninsula, no column (E2171., E2671., or E2771.)

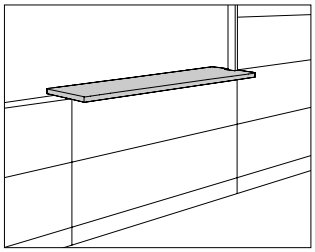
Squared-Edge Transaction Surface, Rectangular End

E2812.



Product Information

Description

This 14"-deep rectangular surface attaches to the top of a frame without a top cap. It provides a counter or display surface; ends are flush with the frame. The surface has a laminate top and vinyl edge. The surface is predrilled for a transaction surface task light. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Specify width of surface to match width of frame.

Existing top cap must be removed from frame before installing transaction surface.

Cutout option is available for transaction surface used with standard change-of-height finished end (E1251.S).

Order optional transaction surface task light (G6220.) separately.

Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Specify width of surface to match width of frames. Larger width transaction surface cannot span 2 smaller-width frames.

Existing top caps must be removed from frames before installing transaction surface.

Transaction surface cannot be used with a change-of-height finished end.

Order optional transaction surface task light (G6220.) separately.

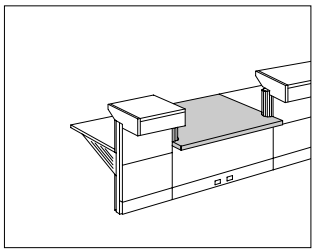
Squared-Edge Transaction Work Surface

E2211.



Product Information

Description

This work surface attaches to a transaction work surface frame and adjusts in 1" increments from 29" high to the top of the frame. It has a laminate top, vinyl inside and outside edges, and a cable management trough. The work surface conforms to the Americans with Disabilities Act (ADA) guidelines. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Order transaction work surface frame (E1111.) separately.

To finish area between work surface and cable management side cover, order 20"-high face tile (E1420.20) separately.

To order optional storage products, see Storage.

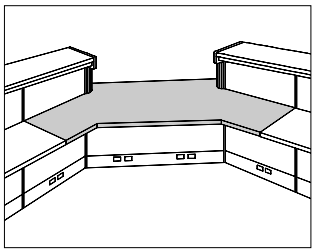
Squared-Edge Double 135° Transaction Work Surface

E2212.



Product Information

Description

This surface attaches to transaction work surface frames and adjusts in 1″ increments from 29″ high to the top of the frames. It has a laminate top, vinyl inside and outside edges, and a cable management trough. The surface conforms to the Americans with Disabilities Act (ADA) guidelines. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Metallic silver (MS) supports have a cool grey neutral (CL) cable management trough; metallic champagne (CN) supports have a warm grey neutral (WN) cable management trough.

Notes

Order transaction work surface frames (E1111.) separately.

To finish area between work surface and cable management side cover, order 20″-high face tile (E1420.20) separately.

To hang surface from transaction work surface frames, specify on-module support option (SM); to hang surface from transaction work surface frames and off-module lower tiles, specify off-module combination support option (OS or SO).

To order optional storage products, see Storage.

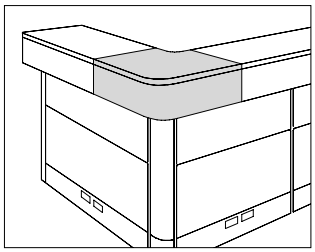
Squared-Edge Counter Top, Corner

E2831.



Product Information

Description

This surface attaches to 2 counter top supports connected at a 90° or 135° corner. It provides a continuous counter top across the corner. The surface cannot end a counter top; it must continue on both sides. The surface has a laminate top and vinyl edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Order following products separately:
- 90° filler (E2828.A) or 135° filler (E2828.B)
- Counter top support (E2827. or E2827.N)

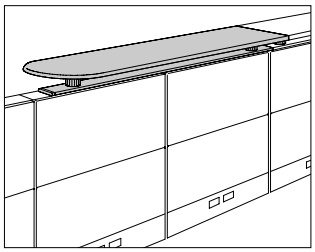
Corian® Counter Top

E2840.
E2841.
E2844.



Product Information

Description

This Corian® counter top attaches to the top of a frame and provides a counter or display surface. It is available in 3 shapes. The round/rectangular end and double rectangular end counter tops must be field seamed to other Corian counter tops to provide a continuous surface that spans multiple frames or corners. Attachment hardware and field seaming materials are included.

Notes

Counter top attaches to frame with standard or veneer top cap; it cannot attach to frame with crown top cap.

To finish rectangular end of counter top, order 1 or more of the following counter tops separately:

- Corian counter top: round/rectangular end (E2841.) or double rectangular end (E2844.)
- Corian corner counter top, round/rectangular end: 90° corner (E2843.) or 135° corner (E2842.)
- Corian corner counter top, double rectangular end: 90° corner (E2846.) or 135° corner (E2845.)

Order optional transaction surface task light (G6220.) separately.

Field seaming of Corian countertops must be done by trained Corian installer.

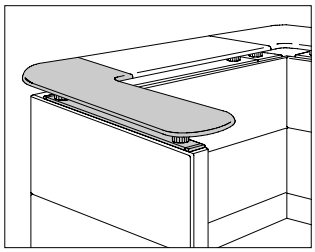
Corian® Corner Counter Top, Round/Rectangular End

E2842.
E2843.



Product Information

Description

This Corian® counter top attaches to the top of a frame and provides a counter or display surface. It is available in 2 corner shapes. The counter top must be field seamed to another Corian counter top to provide a continuous surface that spans multiple frames or corners. Attachment hardware and field seaming materials are included.

Notes

Counter top attaches to frame with standard or veneer top cap; it cannot attach to frame with crown top cap.

To finish rectangular end of counter top, order 1 or more of the following counter tops separately:

- Corian counter top: round/rectangular end (E2841.) or double rectangular end (E2844.)
- Corian corner counter top, round/rectangular end: 90° corner (E2843.) or 135° corner (E2842.)
- Corian corner counter top, double rectangular end: 90° corner (E2846.) or 135° corner (E2845.)

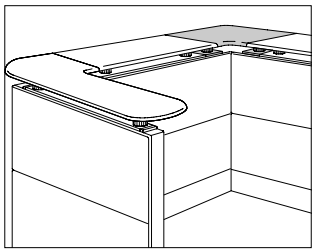
Corian® Corner Counter Top, Double Rectangular End

E2845.
E2846.



Product Information

Description

This Corian® counter top attaches to the top of a frame and provides a counter or display surface. It is available in 2 corner shapes. The counter top must be field seamed to other Corian counter tops to provide a continuous surface that spans multiple frames or corners. Attachment hardware and field seaming materials are included.

Notes

Counter top attaches to frame with standard or veneer top cap; it cannot attach to frame with crown top cap.

To finish rectangular end of counter top, order 1 or more of the following counter tops separately:

- Corian counter top: round/rectangular end (E2841.) or double rectangular end (E2844.)
- Corian corner counter top, round/rectangular end: 90° corner (E2843.) or 135° corner (E2842.)
- Corian corner counter top, double rectangular end: 90° corner (E2846.) or 135° corner (E2845.)

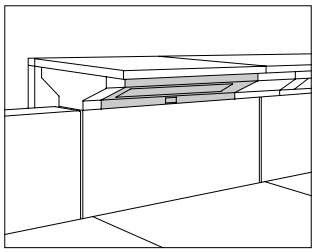
Counter Top Support E2827.



Product Information

Description

This product supports a squared-edge counter top. It cannot attach to veneer connectors or crown or veneer top caps. Attachment hardware is included.

Actual support widths are:

Nominal Width—Actual Width

24″—15″
30″—21″
36″—27″
42″—33″
48″—39″

A 48″-wide support can span 2 24″-wide frames.

The support without lights has a plastic lens cover and a plugged light-switch cutout; it does not include any electrical components. The support with lights provides task lighting to the inside area and accent lighting on the outside of a partial-height wall. Each light has an independent on/off switch and 2 fluorescent lamps. The support with lights cannot connect to the Ethospace® modular electrical system; it must be field wired by an electrician.

Notes

Order counter top support filler (E2828.) separately.

To replace lights, order as follows:

Width—Replacement Light Code

24″—F13T8
30″—F15T8
36″—F18T8
42″—F18T8
48″—F30T8

To retrofit support without lights with electrical components, order retrofit kit through Service Parts.

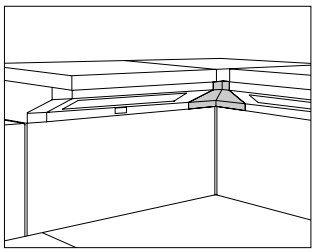
Counter Top Support Filler E2828.



Product Information

Description

This section fills the open space between adjacent counter top supports. It includes an electrical junction box and flexible conduit. The 90° filler is used with a 90° corner counter top. The 135° filler is used with a 135° corner counter top. The 9″ filler is used to fill the space between 2 counter top supports. The 12½″ filler is used to fill the space between 2 counter top supports that include a spacer, 3-way, or 4-way connector in the frame run.

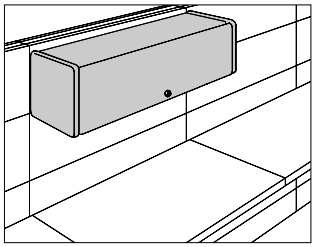
B-Style Flipper Door Unit

E3210.
E3211.
E3212.
E3213.



Product Information

Description

This storage unit hangs on- or off-module from a frame, wall strips, or an off-module upper tile and combines a flipper door and a shelf to enclose binders, files, and other items. The underside of the shelf accepts a task light. Attachment hardware is included. Shipped knocked down.

The flipper door unit has a painted, fabric-covered, or veneer door. It is available in 2 depths: the 13″-deep unit hangs on- or off-module; the 16″-deep unit hangs on-module from a frame or wall strips. 36″-, 42″- and 48″-wide units can hang from frames with a combined width that matches the width of the flipper door unit. A 60″-wide unit hangs on frames with a combined width of 60″. The flipper door unit can span more than 1 off-module upper tile.

Metallic silver (MS) case has cool grey neutral (CL) end panels. Metallic champagne (CN) case has warm grey neutral (WN) end panels.

Notes

Location of off-module upper tile determines placement of flipper door unit. For information, see Ethospace Planning Guide.

To hang flipper door unit from an off-module upper tile, specify 13″-deep unit (E3210. or E3212.).

Order optional task light separately:

- Energy-efficient task light (G6120.)
- Lumisoft task light (G6140.)
- Utility task light (G6132.)

For 60″-wide flipper door unit, order 60″-wide task light.

Order optional angled shelf divider (G7330.) separately.

Fabric-covered flipper door accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54″-wide fabrics.

Width—Yardage
24″ to 48″—2/3
60″—2
60″—2/3, for 66″-wide fabrics

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

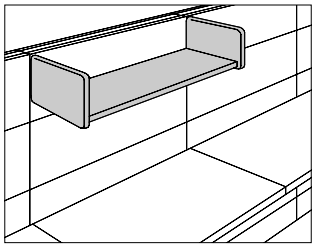
B-Style Shelf

E3230.
E3231.
E3233.



Product Information

Description

This shelf hangs on- or off-module from a frame, wall strips, or an off-module upper tile. The underside of the shelf accepts a task light. Attachment hardware is included. Shipped knocked down.

The shelf is available in 2 heights: the 7½"-high shelf is for storage or display and the 15½"-high shelf stores binders and books. 36"-, 42"-, and 48"-wide shelves can hang from frames with a combined width that matches the width of the shelf. A 60"-wide shelf hangs on frames with a combined width of 60". The shelf can span more than 1 off-module upper tile.

Metallic silver (MS) case has cool grey neutral (CL) end panels. Metallic champagne (CN) case has warm grey neutral (WN) end panels.

Notes

Location of off-module upper tile determines placement of shelf. For information, see Ethospace Planning Guide.

To hang shelf from an off-module upper tile, specify 15½"-high × 13"-deep shelf (E3231.).

Order optional task light separately:

- Energy-efficient task light (G6120.)
- Lumisoft task light (G6140.)
- Utility task light (G6132.)

For 60"-wide shelf, order 60"-wide task light.

Order optional angled shelf divider (G7330.) separately.

For enclosed storage on 15½"-high shelf, order B-style flipper door (E3217., E3215., E3218., or E3216.) separately.

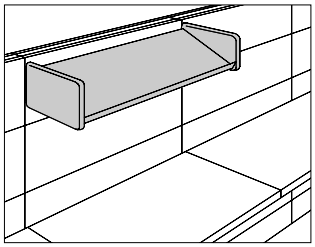
B-Style Storage/Display Shelf E3232.



Product Information

Description

This shelf hangs from a frame or wall strips in a flat position for storage or in a slanted position for display. The underside of the shelf accepts a task light. The 60"-wide shelf hangs on 2 frames of smaller width. Attachment hardware is included. Shipped knocked down.

Metallic silver (MS) case has cool grey neutral (CL) end panels. Metallic champagne (CN) case has warm grey neutral (WN) end panels.

Notes

Order optional task light separately:

- Energy-efficient task light (G6120.)
- Lumisoft task light (G6140.)
- Utility task light (G6132.)

For 60"-wide shelf, order 60"-wide task light.

To divide interior when shelf is in flat position, order angled shelf divider (G7330.) separately.

To attach task light when shelf is in slanted position, order display shelf adapter (G6191.) separately.

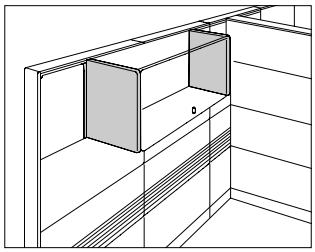
Off-Module B-Style End Panel E3240.



Product Information

Description

This end panel kit allows B-style flipper door units or shelves to hang anywhere along the top edge of an off-module upper tile. It includes end panels with off-module attachment brackets. Package contains 1 pair.

Notes

End panels should not be used with 7½"-high or 16"-deep shelves or flipper door units.

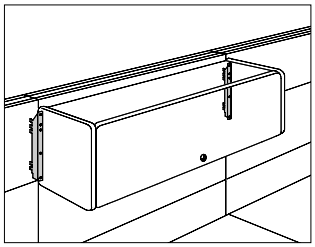
Attachment Bracket E3930.



Product Information

Description

These brackets allow Action Office® B- or E-style suspended lateral files, flipper door units, or shelves to hang on Ethospace frames or wall strips. The brackets mount on the ends of Action Office components. Each component requires 2 brackets for mounting. Package contains 6 pair.

Notes

B-style shelves and flipper door units shipped after June 1998 have resin end panels. To retrofit these products, order off-module E-style end panel (E3140.) or off-module B-style end panel (E3240.) separately.

Suspended lateral files have only wood composite end panels.

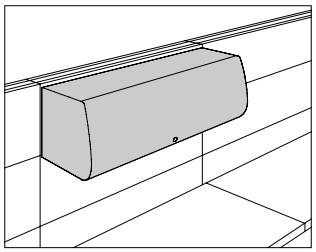
C-Style Flipper Door Unit X3750.



Product Information

Description

This curved-front storage unit hangs from an Action Office® Series 1 or Series 2 panel or wall strips; Prospects® panel or wall strips; or an Ethospace® on- or off-module frame, off-module upper tile, or wall strips. It combines a flipper door and a 13¾"-deep shelf to enclose binders, files, and other items. The unit has a painted or fabric-covered door and 2 door mechanisms: a standard mechanism or a lift-assisted mechanism. The underside of the shelf accepts a task light. Attachment hardware is included. Shipped knocked down.

Storage units can hang from 2 panels or 2 frames with a combined width of 36", 42", or 48". 36"-, 42"-, and 48"-wide units can also span more than 1 Ethospace off-module upper tile.

Metallic silver (MS) case has cool grey neutral (CL) end panels. Metallic champagne (CN) case has warm grey neutral (WN) end panels.

Notes

Ethospace off-module upper tile location determines placement of flipper door unit. For information, see Ethospace Planning Guide.

Order optional task light separately:

- Utility task light (G6132.Q) with Q system attachment bracket
- Energy-efficient task light (G6120.Q) with Q system attachment bracket

Order optional angled shelf divider (G7330.) separately.

Fabric-covered flipper door accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics.

Width—Yardage

24" to 48"—⅔

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

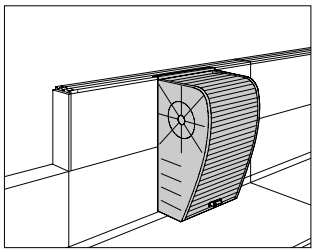
D-Style Vertical Storage Unit E3630.



Product Information

Description

This 16"-wide storage unit hangs from an off-module upper tile or from a monorail. It has a lockable, translucent tambour door and 3 shelves. The 12"-deep top shelf is fixed and holds binders, books, files, and other items. Two 7"-deep shelves hold CDs, disks, videos, and other small items: the bottom 7"-deep shelf is fixed and the other 7"-deep shelf adjusts in 3" increments to 4 positions. The underside of the shelf does not accept a task light.

The monorail (MR) and off-module (OM) end panel options have a bracket that allows mounting the storage unit at frame height, or anywhere between frame height and 16" above the top of the frame. Attachment hardware is included.

Notes

Order off-module upper tile (E1480.) or monorail (E1267.) separately.

For storage unit mounted on monorail, order vertical storage unit brace (E3936.) separately. For information and limitations on use of vertical storage unit and brace, see Ethospace Planning Guide.

Storage unit can hang from stacking frame at frame height; it cannot be elevated.

Order optional 7"-deep adjustable shelf (E3635.) separately.

To retrofit vertical storage unit to hang from off-module upper tile or from monorail, order D-style attachment bracket (E3937.); specify appropriate bracket option.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

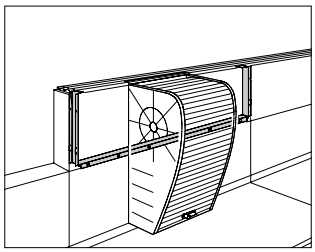
Vertical Storage Unit Brace E3936.



Product Information

Description

This black metal assembly supports a D-style vertical storage unit when attached to a monorail.

Notes

Specify width of brace to match width of frame.

When hanging vertical storage units back to back, specify 1 brace.

When brace is used with glazed window tile, specify top tile option (T) only.

For information and limitations on use of vertical storage unit and brace, see Ethospace Planning Guide.

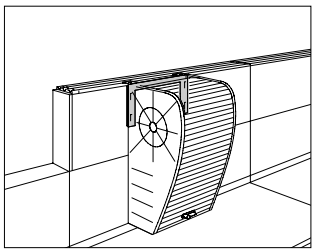
D-Style Attachment Bracket, Vertical Storage Unit

E3937.



Product Information

Description

This bracket allows a D-style vertical storage unit to change from hanging on a monorail to an off-module upper tile, or from hanging on an off-module upper tile to hanging on a monorail. The bracket mounts on the back of the unit; 1 bracket is required. Adjustment plates are included for changing the mounting height of the unit.

Notes

When mounted on off-module upper tile or monorail, vertical storage unit hangs anywhere along the top edge.

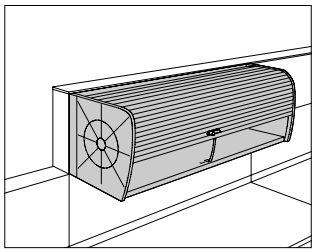
D-Style Horizontal Storage Unit E3631.



Product Information

Description

This storage unit hangs from a frame, off-module upper tile, or wall strips. It has a lockable, translucent tambour door; a 13″-deep metal shelf that holds binders, books, files, and other items; a painted metal back; a vertical center rod to guide the door; and a horizontal support rod. The underside of the shelf accepts a task light. Attachment hardware is included. Shipped knocked down.

The storage unit mounts at frame height or at 8″ above or 16″ above the top of the frame.

Notes

When mounted on off-module upper tile, horizontal storage unit hangs anywhere along the top edge of tile.

Storage unit can hang from stacking frame at frame height; it cannot be elevated.

When hanging storage unit from wall strips, hang at wall strip height only; it cannot be elevated.

Order optional task light separately:

- Energy-efficient task light (G6120.)
- Lumisoft task light (G6140.)
- Utility task light (G6132.)

Order optional angled shelf divider (G7330.) separately.

To retrofit horizontal storage unit to hang from frame, off-module upper tile, or wall strips, order D-style attachment bracket (E3938.); specify appropriate bracket option.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

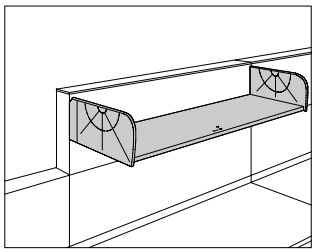
D-Style Shelf

E3632.
E3633.



Product Information

Description

This 13"-deep shelf hangs from a frame, off-module upper tile, or wall strips. The underside of the shelf accepts a task light. Attachment hardware is included. Shipped knocked down.

The shelf is available in 2 heights: the 7½"-high shelf is for storage or display and the 15½"-high shelf stores binders and books.

Notes

For enclosed storage on 15½"-high shelf, order D-style tambour door (E3634.) separately.

When mounted on off-module upper tile, shelf hangs anywhere along the top edge of tile.

Order optional task light separately:

- Energy-efficient task light (G6120.)
- Lumisoft task light (G6140.)
- Utility task light (G6132.)

Order optional angled shelf divider (G7330.) separately.

To retrofit shelf to hang from frame, off-module upper tile, or wall strips, order D-style attachment bracket (E3938.) for 15½"-high shelf or D-style attachment bracket (E3939.) for 7½"-high shelf; specify appropriate bracket option.

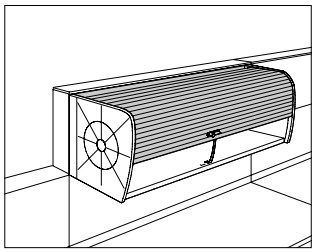
D-Style Tambour Door E3634.



Product Information

Description

This door attaches to a 15½"-high D-style shelf to provide top, front, and back closure. It has a lockable, translucent tambour door; a painted metal back; a vertical center rod to guide the door; and a horizontal support rod. Attachment hardware is included. Shipped knocked down.

Notes

Order D-style 15½"-high shelf (E3633.) separately.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

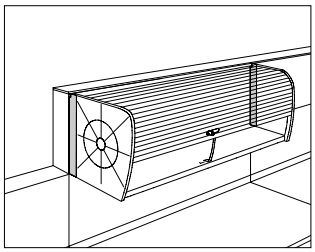
D-Style Attachment Bracket, Horizontal Storage Unit

E3938.



Product Information

Description

These brackets allow a conversion between hanging a D-style 15½"-high shelf or horizontal storage unit on Ethospace frames, wall strips, or an off-module upper tile. The brackets mount on the ends of the components; each component requires 2 brackets for mounting. Package contains 1 pair.

Notes

For D-style 7½"-high shelf (E3632.), order D-style attachment bracket, shelf (E3939.) separately.

Shelf does not have a back panel and is not recommended for mounting above frame height.

When mounted on off-module upper tile, shelf or horizontal storage unit hangs anywhere along the top edge of tile.

Storage unit can hang from stacking frame at frame height; it cannot be elevated.

When hanging storage unit from wall strips, hang at wall strip height only; it cannot be elevated.

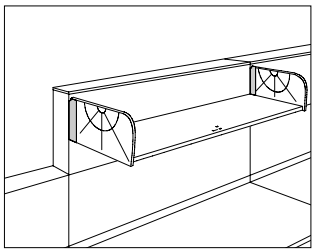
D-Style Attachment Bracket, Shelf E3939.



Product Information

Description

These brackets allow a conversion between hanging a D-style 7½"-high shelf on Ethospace frames, wall strips, or an off-module upper tile. The brackets mount on the ends of the shelves; each shelf requires 2 brackets for mounting. Package contains 1 pair.

Notes

For D-style 15½"-high shelf (E3633.), order D-style attachment bracket, horizontal storage unit (E3938.) separately.

When mounted on off-module upper tile, shelf hangs anywhere along the top edge.

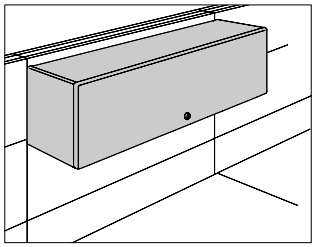
E-Style Flipper Door Unit

E3110.
E9001.



Product Information

Description

This lockable storage unit hangs on- or off-module from a frame, wall strips, or an off-module upper tile and combines a flipper door and a shelf to enclose binders, files, and other items. The underside of the shelf accepts a task light. Attachment hardware is included. Shipped knocked down.

The flipper door unit has a vinyl-covered, fabric-covered, or veneer door. It is available in 2 depths: the 13½"-deep unit hangs on- or off-module; the 16"-deep unit hangs on-module from a frame or wall strips. 36"-, 42"-, and 48"-wide units can hang from frames with a combined width that matches the width of the flipper door unit. A 60"-wide unit hangs on frames with a combined width of 60". The flipper door unit can span more than 1 off-module upper tile.

Metallic silver (MS) case has cool grey neutral (CL) end panels. Metallic champagne (CN) case has warm grey neutral (WN) end panels.

Notes

Location of off-module upper tile determines placement of flipper door unit. For information, see Ethospace Planning Guide.

To hang flipper door unit from an off-module upper tile, specify 13½"-deep unit (E3110.).

Order optional task light separately:

- Energy-efficient task light (G6120.)
- Lumisoft task light (G6140.)
- Utility task light (G6132.)

Order optional angled shelf divider (G7330.) separately.

Fabric-covered flipper door accepts Customer's Own Material (COM). For nondirectional fabrics, order minimum of ⅗ yard. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

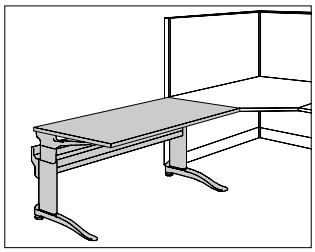
Squared-Edge Rectangular Table Desk

XA110.



Product Information

Description

This squared-edge table desk connects to Action Office® Series 2 panels, Prospects® panels, Ethospace® frames, other Arrio work surfaces, or it stands alone. It has 2 open legs with adjustable glides and a stretcher that stores electrical cords and manages voice/data cables. Stretcher connection hardware is included to join the table desk to another Arrio work surface. The table desk is UL listed. Shipped knocked down.

The table desk has a laminate top and vinyl edge or a veneer top and edge. It is available with a fixed height or a height-adjustment range of 24″ to 34″. The table desk is available nonpowered or powered. The powered table desk has a raceway located beneath the stretcher that houses an electrical harness. The electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Suspended storage products cannot mount under table desk.

For limitations and information on use of freestanding storage with this product, see Arrio Compatibility Charts in Appendices.

To connect table desk to panel or frame, order appropriate connector separately:
- Parallel wall attachment bracket (XR710.A or XR710.E)
- Perpendicular wall attachment bracket (XR720.A or XR720.E)

For connecting tops of 2 Arrio work surfaces, order ganging brackets (service part number 251190) separately. Product includes 2 ganging brackets and attachment hardware.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional table desk privacy screen (XN100.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

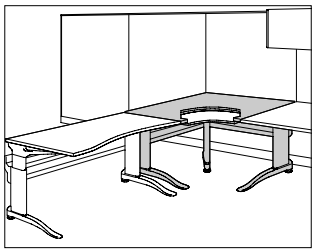
Squared-Edge Corner Table Desk with Input Platform Cutout

XD101.



Product Information

Description

This 24"-deep squared-edge 90° corner table desk connects to Action Office® Series 2 panels, Prospects® panels, Ethospace® frames, other Arrio work surfaces, or it stands alone. It has 1 post and 2 open legs with adjustable glides and 2 stretchers that store electrical cords and manage voice/data cables. Stretcher connection hardware is included to join the table desk to another Arrio work surface. The table desk has a cutout for the Arrio Flex-Edge™ input platform; a counterbalance mechanism is included for attachment. The counterbalance mechanism permits the user to raise or lower the platform from 8" below the rear work surface to 5¾" above it and tilt the platform 9° forward and 15° backward.

The table desk is available with a fixed height or a height-adjustment range of 24" to 34". When the height-adjustable option is specified, the total height-adjustment range of the platform is 16" to 39¾". It has a laminate top and a vinyl edge. Shipped knocked down.

The table desk is available nonpowered or powered. The powered table desk has a raceway located beneath each stretcher; either the left or right raceway or both raceways house an electrical harness. Each electrical harness has 2 receptacle locations per side. The table desk is UL listed; electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Order Flex-Edge input platform (XD302.) separately.

Suspended storage products cannot mount under table desk.

To connect table desk to panel or frame, order appropriate connector separately:
- Corner wall attachment bracket (XR730.A or XR730.E)
- Parallel wall attachment bracket (XR710.A or XR710.E)
- Perpendicular wall attachment bracket (XR720.A or XR720.E)

For connecting tops of 2 Arrio work surfaces, order ganging brackets (service part number 251190) separately. Product includes 2 ganging brackets and attachment hardware.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

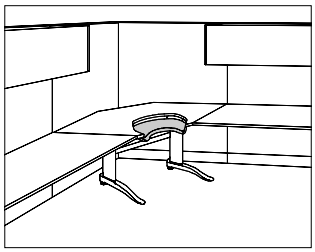
Flex-Edge™ Input Platform XD302.



Product Information

Description

This adjustable platform attaches to a corner table desk with an input platform cutout. It has a laminate top and a flexible waterfall front edge to support the user's arms during input and writing tasks. Flexible edges at each side provide protection from pinching between the platform and the adjacent work surface during height adjustment, and a curbed edge keeps items from rolling off the back and side edges. The height is adjusted with a paddle under the right side. The tilt is adjusted with a knob under the left side. A counterbalance mechanism is shipped with each corner table desk with input platform cutout that allows height and tilt adjustments. Attachment hardware is included.

Notes

Order corner table desk with input platform cutout (XD101. or XD201.) separately.

Storage products, keyboard tray, and accessories cannot attach to input platform.

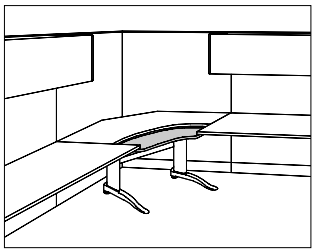
Squared-Edge Input Surface XD102.



Product Information

Description

This squared-edge, adjustable surface attaches to a corner table desk with an input surface cutout. The height is adjusted with a paddle under the right side. The tilt is adjusted with a knob under the left side. A counterbalance mechanism is shipped with each corner table desk with input surface cutout that allows height and tilt adjustments. The surface has a laminate top and vinyl edge or a veneer top and edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Order corner table desk with input surface cutout (XD111.) separately.

Storage products, keyboard tray, and accessories cannot attach to input surface.

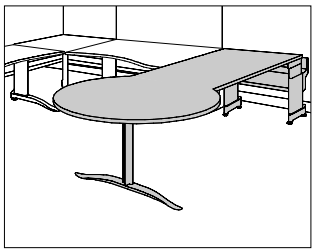
Squared-Edge Keyhole Peninsula XJ101.



Product Information

Description

This squared-edge peninsula connects to Action Office® Series 2 panels, Prospects® panels, Ethospace® frames, other Arrio work surfaces, or it stands alone. It has 1 T-shaped leg and 2 post legs with glides that adjust the height 2″. The peninsula also has a stretcher that stores electrical cords and manages voice/data cables. Stretcher connection hardware is included to join the peninsula to the stretcher of another Arrio work surface. The peninsula is UL listed. Shipped knocked down.

The peninsula has a laminate top and vinyl edge or a veneer top and edge. It is available nonpowered or powered. The powered peninsula has a raceway located beneath the stretcher that houses an electrical harness. The electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Suspended storage products cannot mount under peninsula.

For limitations and information on use of freestanding storage products with this product, see Arrio Compatibility Charts in Appendices.

To connect peninsula to panel or frame, order parallel wall attachment bracket (XR710.A or XR710.E) separately.

For connecting tops of 2 Arrio work surfaces, order ganging brackets (service part number 251190) separately. Product includes 2 ganging brackets and attachment hardware.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional table desk privacy screen (XN100.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

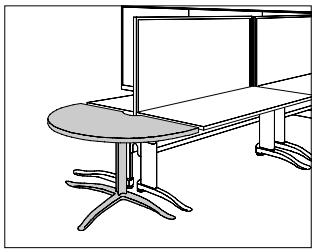
Squared-Edge D-Shaped Table XK100.



Product Information

Description

This squared-edge table has a cutout to allow a flush fit against a finished end, or it stands alone. It has a support column with up to 2″ of height adjustment and a 3-leg base with glides. The table has a laminate top and vinyl edge or a veneer top and edge. Shipped knocked down.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Cutout cannot fit against Ethospace® veneer finished end.

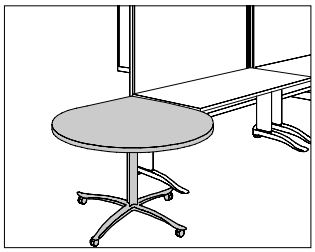
Squared-Edge Teardrop Table XK110.



Product Information

Description

This squared-edge mobile table has 2 straight edges for placement against a work surface or wall. It has a support column with up to 2″ of height adjustment and a 4-leg base with casters. The table has a laminate top and vinyl edge or a veneer top and edge. Shipped knocked down.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

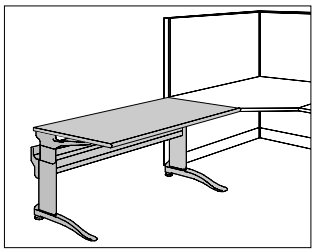
Bullnose Rectangular Table Desk XA210.



Product Information

Description

This bullnose table desk connects to Action Office® Series 2 panels, Prospects® panels, Ethospace® frames, other Arrio work surfaces, or it stands alone. It has 2 open legs with adjustable glides and a stretcher that stores electrical cords and manages voice/data cables. Stretcher connection hardware is included to join the table desk to another Arrio work surface. The table desk is UL listed. Shipped knocked down.

The table desk has a laminate top and vinyl edge or a veneer top and edge. It is available with a fixed height or a height-adjustment range of 24″ to 34″. The table desk is available nonpowered or powered. The powered table desk has a raceway located beneath the stretcher that houses an electrical harness. The electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Arrio frosted and fiber laminate tops have a solid-color bullnose edge that does not match Ethospace frosted and fiber laminate tops with a post-formed laminate edge.

Suspended storage products cannot mount under table desk.

For limitations and information on use of freestanding storage with this product, see Arrio Compatibility Charts in Appendices.

To connect table desk to panel or frame, order appropriate connector separately:
- Parallel wall attachment bracket (XR710.A or XR710.E)
- Perpendicular wall attachment bracket (XR720.A or XR720.E)

For connecting tops of 2 Arrio work surfaces, order ganging brackets (service part number 251190) separately. Product includes 2 ganging brackets and attachment hardware.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional table desk privacy screen (XN100.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

The table desk is available nonpowered or powered. The powered table desk has a raceway located beneath the stretcher that houses an electrical harness. The electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Suspended storage products cannot mount under table desk.

For limitations and information on use of freestanding storage with this product, see Arrio Compatibility Charts in Appendices.

To connect table desk to panel or frame, order appropriate connector separately:
- Parallel wall attachment bracket (XR710.A or XR710.E)
- Perpendicular wall attachment bracket (XR720.A or XR720.E)

For connecting tops of 2 Arrio work surfaces, order ganging brackets (service part number 251190) separately. Product includes 2 ganging brackets and attachment hardware.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional table desk privacy screen (XN100.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Product Information

Description

This bullnose table desk connects to Action Office® Series 2 panels, Prospects® panels, Ethospace® frames, other Arrio work surfaces, or it stands alone. It is 24″ deep on 1 side and 30″ deep on the other. The table desk has 2 open legs with adjustable glides and a stretcher that stores electrical cords and manages voice/data cables. Stretcher connection hardware is included to join the table desk to another Arrio work surface. The table desk is UL listed. Shipped knocked down.

The table desk has a laminate top and vinyl edge or a veneer top and edge. It is available with a fixed height or a height-adjustment range of 24″ to 34″. The table desk is available nonpowered or powered. The powered table desk has a raceway located beneath the stretcher that houses an electrical harness. The electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)

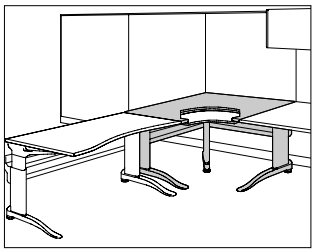
Bullnose Corner Table Desk with Input Platform Cutout

XD201.



Product Information

Description

This 24"-deep bullnose 90° corner table desk connects to Action Office® Series 2 panels, Prospects® panels, Ethospace® frames, other Arrio work surfaces, or it stands alone. It has 1 post and 2 open legs with adjustable glides and 2 stretchers that store electrical cords and manage voice/data cables. Stretcher connection hardware is included to join the table desk to another Arrio work surface. The table desk has a cutout for the Arrio Flex-Edge™ input platform; a counterbalance mechanism is included for attachment. The counterbalance mechanism permits the user to raise or lower the platform from 8" below the rear work surface to 5¾" above it and tilt the platform 9° forward and 15° backward.

The table desk is available with a fixed height or a height-adjustment range of 24" to 34". When the height-adjustable option is specified, the total height-adjustment range of the platform is 16" to 39¾". It has a laminate top and a vinyl edge. Shipped knocked down.

The table desk is available nonpowered or powered. The powered table desk has a raceway located beneath each stretcher; either the left or right raceway or both raceways house an electrical harness. Each electrical harness has 2 receptacle locations per side. The table desk is UL listed; electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Arrio frosted and fiber laminate tops have a solid-color bullnose edge that does not match Ethospace frosted and fiber laminate tops with a post-formed laminate edge.

Order Flex-Edge input platform (XD302.) separately.

Suspended storage products cannot mount under table desk.

To connect table desk to panel or frame, order appropriate connector separately:
- Corner wall attachment bracket (XR730.A or XR730.E)
- Parallel wall attachment bracket (XR710.A or XR710.E)
- Perpendicular wall attachment bracket (XR720.A or XR720.E)

For connecting tops of 2 Arrio work surfaces, order ganging brackets (service part number 251190) separately. Product includes 2 ganging brackets and attachment hardware.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional corner table desk privacy screen (XN110.) separately.

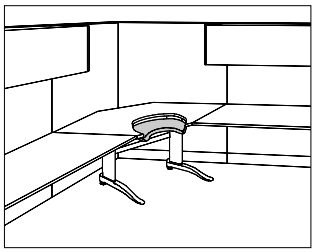
Flex-Edge™ Input Platform XD302.



Product Information

Description

This adjustable platform attaches to a corner table desk with an input platform cutout. It has a laminate top and a flexible waterfall front edge to support the user's arms during input and writing tasks. Flexible edges at each side provide protection from pinching between the platform and the adjacent work surface during height adjustment, and a curbed edge keeps items from rolling off the back and side edges. The height is adjusted with a paddle under the right side. The tilt is adjusted with a knob under the left side. A counterbalance mechanism is shipped with each corner table desk with input platform cutout that allows height and tilt adjustments. Attachment hardware is included.

Notes

Order corner table desk with input platform cutout (XD101. or XD201.) separately.

Storage products, keyboard tray, and accessories cannot attach to input platform.

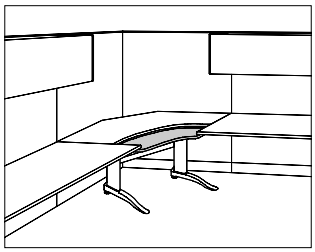
Bullnose Input Surface XD202.



Product Information

Description

This bullnose, adjustable surface attaches to a corner table desk with an input surface cutout. The height is adjusted with a paddle under the right side. The tilt is adjusted with a knob under the left side. A counterbalance mechanism is shipped with each corner table desk with input surface cutout that allows height and tilt adjustments. The surface has a laminate top and vinyl edge or a veneer top and edge. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Arrio frosted and fiber laminate tops have a solid-color bullnose edge that does not match Ethospace frosted and fiber laminate tops with a post-formed laminate edge.

Order corner table desk with input surface cutout (XD111.) separately.

Storage products, keyboard tray, and accessories cannot attach to input surface.

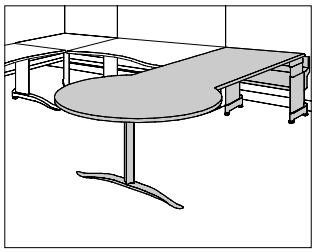
Bullnose Keyhole Peninsula XJ201.



Product Information

Description

This bullnose peninsula connects to Action Office® Series 2 panels, Prospects® panels, Ethospace® frames, other Arrio work surfaces, or it stands alone. It has 1 T-shaped leg and 2 post legs with adjustable glides and a stretcher that stores electrical cords and manages voice/data cables. Stretcher connection hardware is included to join the peninsula to the stretcher of another Arrio work surface. The peninsula is UL listed. Shipped knocked down.

The peninsula has a laminate top and vinyl edge or a veneer top and edge. It is available nonpowered or powered. The powered peninsula has a raceway located beneath the stretcher that houses an electrical harness. The electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Arrio frosted and fiber laminate tops have a solid-color bullnose edge that does not match Ethospace frosted and fiber laminate tops with a post-formed laminate edge.

Suspended storage products cannot mount under peninsula.

For limitations and information on use of freestanding storage products with this product, see Arrio Compatibility Charts in Appendices.

To connect peninsula to panel or frame, order parallel wall attachment bracket (XR710.A or XR710.E) separately.

For connecting tops of 2 Arrio work surfaces, order ganging brackets (service part number 251190) separately. Product includes 2 ganging brackets and attachment hardware.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional table desk privacy screen (XN100.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

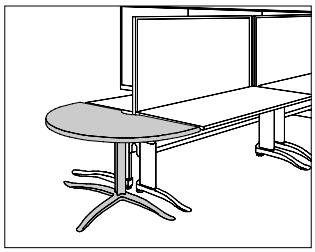
Bullnose D-Shaped Table XK200.



Product Information

Description

This bullnose table has a cutout to allow a flush fit against a finished end, or it stands alone. It has a support column with up to 2″ of height adjustment and a 3-leg base with glides. The table has a laminate top and vinyl edge or a veneer top and edge. Shipped knocked down.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Arrio frosted and fiber laminate tops have a solid-color bullnose edge that does not match Ethospace® frosted and fiber laminate tops with a post-formed laminate edge.

Cutout cannot fit against Ethospace veneer finished end.

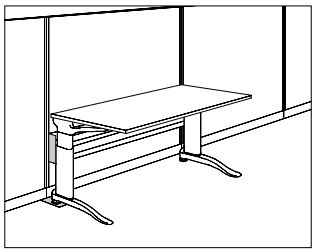
Wall Attachment Bracket

XR710.
XR720.
XR730.



Product Information

Description

This bracket provides additional support to a wall run when attached to a table desk. The parallel wall attachment bracket connects the back of a table desk or Arrio peninsula to an Action Office® Series 2 panel, Prospects® panel, or Ethospace® frame. The perpendicular wall attachment bracket connects the side of a rectangular, curvilinear, or concave rectangular table desk to an Action Office Series 2 panel, Prospects panel, or Ethospace frame. The corner wall attachment bracket connects the back corner and back of a corner table desk with 3 legs to an Action Office Series 2 panel, Prospects panel, or Ethospace frame.

Notes

For perpendicular wall attachment bracket, order Action Office work surface bracket (A2390.) or Ethospace work surface bracket (E2930.) separately.

For limitations when using bracket, see Arrio Planning Guide.

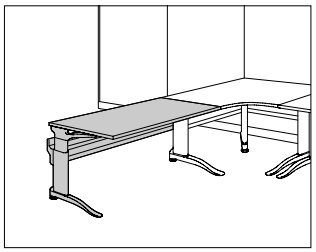
Squared-Edge Rectangular Extension

XE110.
XH110.



Product Information

Description

This squared-edge extension connects to table desks, the leg sides of extensions, or peninsulas. It has a stretcher that stores electrical cords and manages voice/data cables. Stretcher connection hardware and ganging brackets are included to join the extension to another Arrio work surface. The extension is UL listed. Shipped knocked down.

The extension has 1 open leg with adjustable glides or no legs. The single-leg extension is available with a fixed height or a height-adjustment range of 24″ to 34″. The extension has a laminate top and vinyl edge or a veneer top and edge. It is available nonpowered or powered. The powered extension has a raceway located beneath the stretcher that houses an electrical harness. The electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Suspended storage products cannot mount under extension.

For limitations and information on use of freestanding storage with this product, see Arrio Compatibility Charts in Appendices.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

To connect single-leg extension to panel or frame, order appropriate connector separately:
- Parallel wall attachment bracket (XR710.A or XR710.E)
- Perpendicular wall attachment bracket (XR720.A or XR720.E)

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional table desk privacy screen (XN100.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

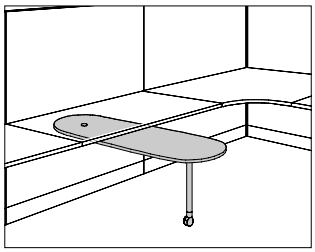
Jackknife Surface XK021.



Product Information

Description

This 16″-deep, 42″-wide jackknife surface mounts to the underside of a fixed- or installer-adjustable-height table desk or extension or to a wall-hung work surface to increase workspace. It pivots and slides out for user access and retracts and pivots in for storage beneath the surface. The jackknife surface has a leg with up to 4″ of height adjustment, a laminate top and vinyl edge or a veneer top and black umber vinyl edge, and a caster. It cannot mount under a crank-adjustable or motor-adjustable work surface or any work surface lower than 28″ high. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

For limitations when using jackknife surface, see Arrio Planning Guide.

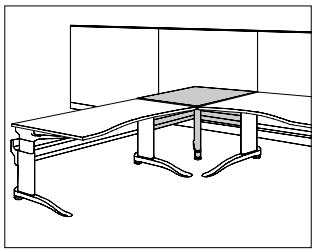
Corner Link XG110.



Product Information

Description

This link connects 2 fixed-height or installer-adjustable table desks or 2 leg sides of extensions at a 90° angle. The link can be used with squared-edge or bullnose work surfaces. It has 1 post leg with adjustable glides and 2 stretchers that store electrical cords and manage voice/data cables. Connection hardware is included. The link cannot be used with a crank-adjustable or motor-adjustable work surface. It is UL listed. Shipped knocked down.

The link has a laminate top and vinyl edge or a veneer top and edge. It is available with a fixed height or a height-adjustment range of 24″ to 34″. The 24″-deep, 30″-wide link can be reversed to form a 30″-deep, 24″-wide link.

The link is available nonpowered or powered. The powered link has a raceway located beneath each stretcher that houses an electrical harness. The 24″-wide electrical harness has no receptacle locations; the 30″-wide electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Suspended storage and machine support products cannot mount under link.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional corner table desk privacy screen (XN110.) separately.

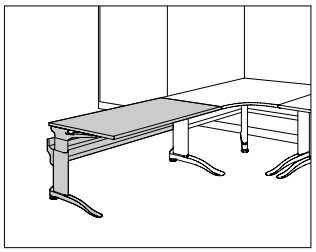
Bullnose Rectangular Extension XE210. XH210.



Product Information

Description

This bullnose extension connects to table desks, the leg sides of extensions, or peninsulas. It has a stretcher that stores electrical cords and manages voice/data cables. Stretcher connection hardware and ganging brackets are included to join the extension to another Arrio work surface. The extension is UL listed. Shipped knocked down.

The extension has 1 open leg with adjustable glides or no legs. The single-leg extension is available with a fixed height or a height-adjustment range of 24″ to 34″. The extension has a laminate top and vinyl edge or a veneer top and edge. It is available nonpowered or powered. The powered extension has a raceway located beneath the stretcher that houses an electrical harness. The electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Suspended storage products cannot mount under extension.

For limitations and information on use of freestanding storage with this product, see Arrio Compatibility Charts in Appendices.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

To connect single-leg extension to panel or frame, order appropriate connector separately:
- Parallel wall attachment bracket (XR710.A or XR710.E)
- Perpendicular wall attachment bracket (XR720.A or XR720.E)

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional table desk privacy screen (XN100.) separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Show & Tell and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

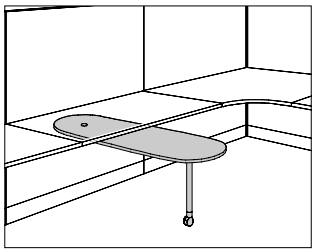
Jackknife Surface XK021.



Product Information

Description

This 16″-deep, 42″-wide jackknife surface mounts to the underside of a fixed- or installer-adjustable-height table desk or extension or to a wall-hung work surface to increase workspace. It pivots and slides out for user access and retracts and pivots in for storage beneath the surface. The jackknife surface has a leg with up to 4″ of height adjustment, a laminate top and vinyl edge or a veneer top and black umber vinyl edge, and a caster. It cannot mount under a crank-adjustable or motor-adjustable work surface or any work surface lower than 28″ high. Attachment hardware is included.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

For limitations when using jackknife surface, see Arrio Planning Guide.

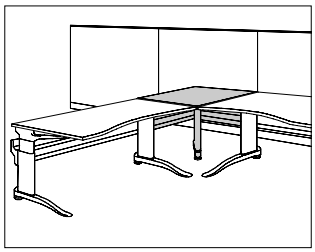
Corner Link XG110.



Product Information

Description

This link connects 2 fixed-height or installer-adjustable table desks or 2 leg sides of extensions at a 90° angle. The link can be used with squared-edge or bullnose work surfaces. It has 1 post leg with adjustable glides and 2 stretchers that store electrical cords and manage voice/data cables. Connection hardware is included. The link cannot be used with a crank-adjustable or motor-adjustable work surface. It is UL listed. Shipped knocked down.

The link has a laminate top and vinyl edge or a veneer top and edge. It is available with a fixed height or a height-adjustment range of 24″ to 34″. The 24″-deep, 30″-wide link can be reversed to form a 30″-deep, 24″-wide link.

The link is available nonpowered or powered. The powered link has a raceway located beneath each stretcher that houses an electrical harness. The 24″-wide electrical harness has no receptacle locations; the 30″-wide electrical harness has 2 receptacle locations per side. Electrical components are UL listed and CSA certified.

Fiber laminate edge colors are predetermined:
Top Color—Edge Color
Vanilla (1X)—Soft White (LU)
Wheat (2X)—Wheat (WA)
Celery (3X)—Light Tone (LT)
Coriander (4X)—Medium Tone (MT)
Chamomile (5X)—Chamomile (CO)
Cinnamon (6X)—Cinnamon (CM)
Cardamom (7X)—Inner Tone Light (HF)
Kale (8X)—Black Umber (BU)

Frosted laminate edge colors are predetermined:
Top Color—Edge Color
Frosted Light Grey (J4)—Cool Grey (N3)
Frosted Inner Tone Light (J5)—Inner Tone Light (HF)
Frosted Slate Grey (J6)—Slate Grey (SG)
Frosted Medium Tone (J7)—Medium Tone (MT)
Frosted Black (J8)—Black Umber (BU)

Patterned laminate edge color is predetermined:
Top Color—Edge Color
Grey Nebula (N1)—Inner Tone Light (HF)

Notes

Suspended storage and machine support products cannot mount under link.

To finish exposed end of raceway, order raceway finished end (XR350.) separately.

Order optional desktop storage products separately:
- Desktop marker board (XP500.)
- Desktop rail (XP200.)
- Desktop shelf unit (XP300.)
- Desktop tackable surface (XP400.)

Order optional corner table desk privacy screen (XN110.) separately.

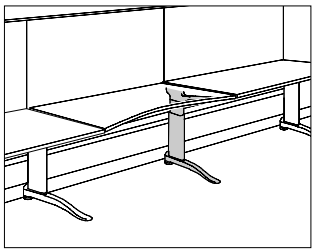
Open-Leg Kit XR620.



Product Information

Description

This open-leg kit converts an extension without legs to a single-leg extension or table desk, or it converts a single-leg extension to a table desk. It is available with a fixed height or an installer-adjustable height-adjustment range of 24″ to 34″.

Notes

To convert extension without legs to table desk, order 2 open-leg kits.

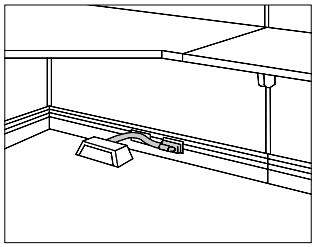
Base Power Entry, Direct Connect K1322.



Product Information

Description

This power entry connects a building's electrical supply from a wall, floor, or column to the electrical harness of an Action Office® Series 2 or Prospects® powered panel, or an Arrio® powered work surface. It plugs into a receptacle location. The power entry distributes 4 20-amp circuits. It is manufactured in a right-hand direction but can be field converted to a left-hand direction. The cable is available in 4 lengths and can be field cut to the appropriate length. The power entry is UL listed and CSA certified.

Notes

Licensed electrician must wire power entry.

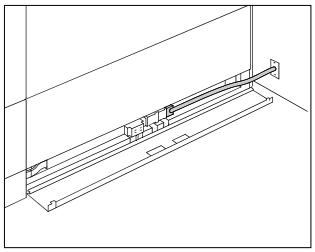
Power Entry, Internal Direct Connect, 4 Circuit

G1350.



Product Information

Description

This power entry connects a building's electrical supply from a wall, floor, or column to a powered frame. It enters the frame through the end of the cable management cover and plugs into the right-hand receptacle outlet on a power harness. The power entry includes a cable that can be field cut to the appropriate length. Due to the location of the power entry connection, only 3 receptacle locations remain available in the frame harness. It is UL listed and CSA certified.

Notes

Power entry can connect directly to baseline or beltline harness.

Licensed electrician must wire power entry.

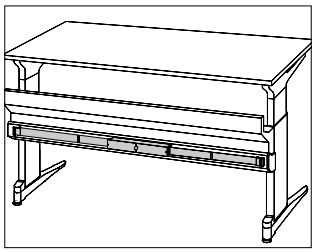
Power Entry, Junction Box XR220.



Product Information

Description

This power entry connects a building's electrical supply from a wall, floor, or column to a nonpowered rectangular, curvilinear, or concave rectangular table desk or extension with raceway. It distributes 4 20-amp circuits and includes a 60-cubic-inch junction box, a raceway cover with cutout, and a harness to distribute power in both directions. The junction box has 6′ of wiring that can be field cut to the appropriate length for connection to the building's power. The power entry does not provide receptacle access. It is UL listed and CSA certified.

Notes

Conduit attachment into junction box is from back side of table desk.

Power entry must be field installed.

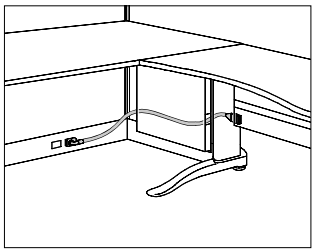
Electrical Bridge, 3 Circuit to 4 Circuit, Receptacle to Table Desk End

XR340.



Product Information

Description

This electrical bridge connects an Ethospace® 3-circuit powered frame to an Arrio powered work surface by locking into a receptacle location on the frame and the harness end on the work surface. It is UL listed and CSA certified.

Notes

Connecting 3-circuit power harness to 4-circuit power harness changes 4-circuit system to 3-circuit system. Circuits A, B, and C are usable.

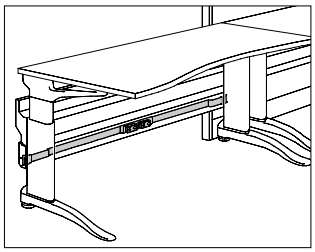
Power Harness

XR310.
XR311.



Product Information

Description

This harness distributes 4 20-amp circuits. The table desk harness converts a nonpowered rectangular, curvilinear, or concave rectangular table desk with raceway or nonpowered extension with raceway to a powered table desk or extension. It has 2 receptacle locations per side. The corner table desk or link harness converts a nonpowered link with raceway or nonpowered corner table desk with raceway to a powered link or corner table desk, or it adds power to the nonpowered side of a corner table desk.

A 24"-wide corner table desk or link harness has no receptacle locations; a 30"- to 60"-wide harness has 2 receptacle locations per side. The harness is UL listed and CSA certified.

Notes

For corner links, specify 24"- or 30"-wide corner table desk or link harness. For corner table desks, specify 42"-, 48"-, or 60"-wide corner table desk or link harness.

Order 4-circuit receptacle (K1311. or X1311.) separately.

To power both sides of link or corner table desk, order 2 corner table desk or link harnesses.

Harness must be field installed.

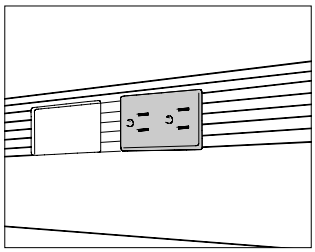
Receptacle, 4 Circuit, 15 Amp K1311.



Product Information

Description

This receptacle locks into the electrical harness of the following powered products: Action Office® Series 2 or Prospects® cable management panel frame, Prospects panel, Arrio® work surface, or Passage® desk module. It provides power to equipment with a 15-amp standard plug head or cap. A duplex receptacle package contains 6 receptacles; a simplex receptacle package contains 1. Each receptacle is UL listed and CSA certified.

Notes

For information on types of receptacles and their applications, refer to individual product planning guides.

When specifying for Series 2 cable management panel frame, order 4-circuit receptacle (K1311.); when specifying for all other Series 2 panels, order 4-circuit receptacle (A1311.) or 20-amp 4-circuit receptacle (X1311.).

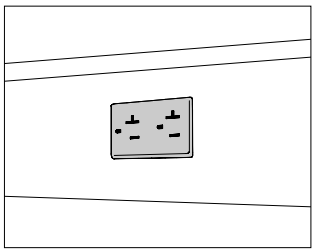
Receptacle, 4 Circuit, 20 Amp X1311.



Product Information

Description

This receptacle locks into a 4-circuit electrical harness to provide power to equipment with a 20-amp standard plug head or cap. It also accepts 15-amp standard plug heads or caps. The receptacle is UL listed.

Notes

Receptacle cannot be used with hard-wired frame.

Avoid overloading circuit by ensuring total connected load does not exceed 16 amps. If 1 piece of equipment requires all available power, do not use receptacle's second outlet or install additional receptacles on that circuit. In many cases, equipment requiring this receptacle will use all available power.

For information on types of receptacles and their applications, refer to individual product planning guides.

When locked into electrical harness of Action Office® Series 2 or Prospects® powered cable management panel frame, Prospects powered panel, Arrio® powered work surface, or Passage® powered desk module, receptacle extends 5/8" from cable management panel face, trim cover, channel, or power channel trim cover.

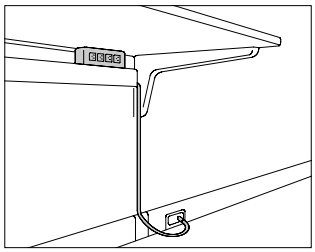
Electrical Distributor, 4 Outlet G1313.



Product Information

Description

This electrical distributor attaches to an Action Office® or Prospects® panel-suspended cable management trough, Ethospace® cable management trough, or the stretcher on an Arrio® work surface. The electrical distributor provides additional receptacles at work surface height and has 4 standard, 3-prong receptacles with a 15-amp circuit breaker. It is UL listed and CSA certified. Finish is black umber.

Notes

For use with Action Office or Prospects products, order panel-suspended cable management trough (AO381.) separately.

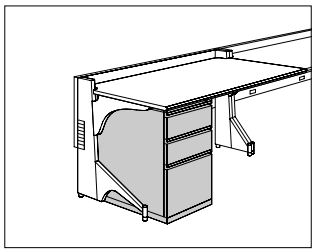
Standard-Pull Freestanding Pedestal

F16-1



Product Information

Description

This 15″ or 18″-wide freestanding pedestal has standard pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. 5 base heights are available; all bases include adjustable glides.

Actual pedestal depths are 17⁷/₈″, 21⁷/₈″, or 27⁷/₈″. The pedestal is available in a variety of drawer configurations. File drawers and the 22″- and 28″-deep EDP drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

For additional stability, specify counterweight option (CB).

Stacking pedestals is not recommended.

For work surface on top of 1 or more pedestal files, order file top (TPL or TPV) separately.

When Ethospace® pedestal top (TE3) is required on pedestal configurations FF, BBF, PPBF, BBBB, and PBE, the 1½″-high base (B2) is recommended.

Order optional accessories for 15″-wide pedestal separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18″-wide pedestal separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

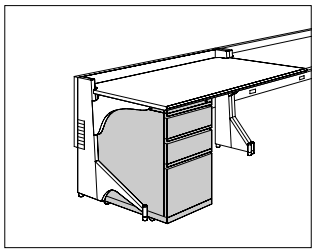
Standard-Pull Mobile Pedestal M16-1



Product Information

Description

This 15″- or 18″-wide mobile pedestal has standard pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. The pedestal has a 2½″-high base with casters and counterweights.

Actual pedestal depths are 17⅞″, 21⅞″, or 27⅞″. The pedestal is available in a variety of drawer configurations. File drawers and the 22″- and 28″-deep EDP drawers include a file compressor; box drawers include an adjustable drawer divider. The pedestal with squared-edge metal top is available with a hand grip; the 22″- and 28″-deep pedestals with squared-edge metal tops are available with transit handles.

Notes

Order optional accessories for 15″-wide pedestal separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18″-wide pedestal separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

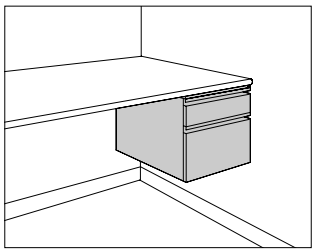
Standard-Pull Suspended Pedestal

S16-1



Product Information

Description

This 15″- or 18″-wide pedestal mounts under a work surface and has standard pulls and smooth or textured steel. It has a 1″-high suspension top with lock; the partial top allows access to the underside of the work surface and support hardware. 5 base heights are available. Mounting hardware is included.

Actual pedestal depths are 17 7/8″, 21 7/8″, or 27 7/8″. The pedestal is available in a variety of drawer configurations. File drawers and the 22″- and 28″-deep EDP drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

Order optional accessories for 15″-wide pedestal separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18″-wide pedestal separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

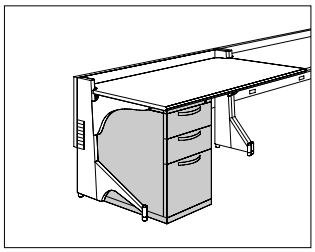
Arc-Pull Freestanding Pedestal

F1A-1
F1D-1



Product Information

Description

This 15″-wide freestanding pedestal has arc pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. 5 base heights are available; all bases include adjustable glides.

Actual pedestal depths are 17⁷/₈″, 21⁷/₈″, or 27⁷/₈″. The pedestal is available in a variety of drawer configurations. File drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

For additional stability, specify counterweight option (CB).

Stacking pedestals is not recommended.

For work surface on top of 1 or more pedestal files, order file top (TPL or TPV) separately.

When Ethospace® pedestal top (TE3) is required on pedestal configurations FF, BBF, PPBF, BBBB, and PBE, the 1½″-high base (B2) is recommended.

Order optional accessories separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

Step 8.

Veneer Top Finish: Wood Veneer

For painted metal front (D-15) with 1⅛"-high wood veneer top and wood composite edge with oversail front (TV1)

ED	Geiger® aged cherry A	+$25
EG	Geiger® medium brown walnut A	+$25
EK	Geiger® medium red walnut A	+$25
EY	Geiger® light anigre A	+$25
UL	Geiger® natural maple A	+$25
UQ	Geiger® light cherry A	+$25
UV	Geiger® red cherry A	+$25
UX	Geiger® walnut on cherry A	+$25

Veneer Top Finish: Wood Veneer

For painted metal front (D-15) with 1¼"-high recut veneer top (TR)

RA	light ash matte A	+$0
RA-2	light ash gloss A	+$0
RK	mahogany dark matte A	+$0
RK-2	mahogany dark gloss A	+$0
RM	mahogany matte A	+$0
RM-2	mahogany gloss A	+$0

Veneer Top Finish: Wood Veneer

For painted metal front (D-15) with 1¼"-high wood veneer top (TF)

V3	cherry A	+$0
Z3	red cherry A	+$0
Z5	maple A	+$0
ED	Geiger® aged cherry A	+$25
EG	Geiger® medium brown walnut A	+$25
EK	Geiger® medium red walnut A	+$25
EY	Geiger® light anigre A	+$25
UL	Geiger® natural maple A	+$25
UQ	Geiger® light cherry A	+$25
UV	Geiger® red cherry A	+$25
UX	Geiger® walnut on cherry A	+$25

Veneer Front/Top Finish: Wood Veneer

For veneer front (A-15) with 1⅛"-high wood veneer top and wood composite edge with oversail front (TV1)

ED	Geiger® aged cherry A	+$35
EG	Geiger® medium brown walnut A	+$35
EK	Geiger® medium red walnut A	+$35
EY	Geiger® light anigre A	+$35
UL	Geiger® natural maple A	+$35
UQ	Geiger® light cherry A	+$35
UV	Geiger® red cherry A	+$35
UX	Geiger® walnut on cherry A	+$35

Veneer Front/Top Finish: Wood Veneer

For veneer front (A-15) with no top (NT), 1"-high painted metal top with squared edge (T1), 1¼"-high painted metal top with squared edge (T2), 1¼"-high metal top with radius edge (T3), Ethospace® Pedestal Top (TE3), 1¼"-high laminate top with vinyl edge (TL), 1¼"-high laminate top with squared edge (T4), 1¼"-high laminate top with radius edge (T5), or 1¼"-high wood veneer top (TF)

V3	cherry A	+$0
Z3	red cherry A	+$0
Z5	maple A	+$0
ED	Geiger® aged cherry A	+$35
EG	Geiger® medium brown walnut A	+$35
EK	Geiger® medium red walnut A	+$35
EY	Geiger® light anigre A	+$35
UL	Geiger® natural maple A	+$35
UQ	Geiger® light cherry A	+$35
UV	Geiger® red cherry A	+$35
UX	Geiger® walnut on cherry A	+$35

Step 9. Top Finish

For 1¼"-high laminate top with vinyl edge (TL), 1¼"-high laminate top with squared edge (T4), or 1¼"-high laminate top with radius edge (T5)

Solid-Color Laminate		
52	neutra	+$0
8Q	folkstone grey	+$0
1353	ash grey	+$0
1358	sandcastle	+$0
1365	sage	+$0
CL	cool grey neutral	+$0
HF	inner tone light	+$0
HT	inner tone	+$0
JT	just tan	+$0
LG	light grey	+$0
LT	light tone	+$0
LU	soft white	+$0
WL	sandstone	+$0
WN	warm grey neutral	+$0

Fiber Laminate		
1X	vanilla	+$0
2X	wheat	+$0
3X	celery	+$0
4X	coriander	+$0
5X	chamomile	+$0
6X	cinnamon	+$0
7X	cardamom	+$0
8X	kale	+$0

Frosted Laminate		
J4	frosted light grey	+$0
J5	frosted inner tone light	+$0
J6	frosted slate grey	+$0

Patterned Laminate		
84	greystone	+$0
101	olive legacy	+$0
102	grey glace	+$0
103	ash fiesta	+$0
104	grey fiesta	+$0
105	white fiesta	+$0
106	greige matrix	+$0
107	studio white matrix	+$0
108	palisades park	+$0

Wood-Grain Laminate		
30	light oak	+$0
77	light mahogany	+$0
110	sugar maple	+$0
111	millwork cherry	+$0

Step 10. Edge Finish

For 1¼"-high laminate top with vinyl edge (TL)

8Q	folkstone grey	+$0
1351	tapestry beige	+$0
1353	ash grey	+$0
1358	sandcastle	+$0
1359	neutral grey	+$0
1365	sage	+$0
BU	black umber	+$0
CL	cool grey neutral	+$0
CM	cinnamon	+$0
CO	chamomile	+$0
G2	graphite satin	+$0
HF	inner tone light	+$0
HT	inner tone	+$0
LU	soft white	+$0
MT	medium tone	+$0
SG	slate grey	+$0
WL	sandstone	+$0
WN	warm grey neutral	+$0

Step 11. Lock

For no top (NT), 1¼"-high laminate top with vinyl edge (TL), 1¼"-high laminate top with radius edge (T5), or 1⅛"-high wood veneer top and wood composite edge with oversail front (TV1)

NL	no lock	-$24

For 1"-high painted metal top with squared edge (T1), 1¼"-high painted metal top with squared edge (T2), 1¼"-high metal top with radius edge (T3), Ethospace® Pedestal Top (TE3), 1¼"-high recut veneer top (TR), 1¼"-high laminate top with squared edge (T4), or 1¼"-high wood veneer top (TF)

KA	keyed alike	+$0
KC	keyed differently, chrome	+$0
KD	keyed differently, black	+$0

Step 12. Pull Finish

BW	warm bronze	+$40
NH	brushed nickel	+$40
NK	black nickel	+$40

Arc-Pull Freestanding Pedestal

continued

Step 13. Base Height		
B1	1"-high base	+$0
B2	1 1/2"-high base	+$0
B3	2 1/4"-high base	+$0
B4	3 1/4"-high base	+$0
BA	1"-high recessed base	+$0

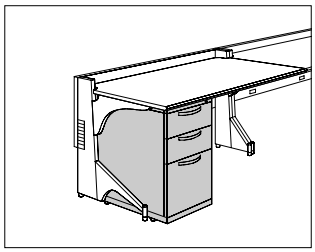
BC	2 1/4"-high recessed base	+$0
BD	3 1/4"-high recessed base	+$0
B5	4 1/4"-high base	+$30

Step 14. Counterweight		
NO	no counterweight	+$0
CB	counterweight	+$83

Step 15. Compressor		
For 18" deep (18-) with file/file (FF)		
DC	delete compressor	-$22
AD	legal adapter	+$0
C	standard compressor	+$0
For 18" deep (18-) with box/box/file (BBF) or personal/personal/box/file (PPBF)		
DC	delete compressor	-$11
AD	legal adapter	+$0
C	standard compressor	+$0
For 22" deep (22-) or 28" deep (28-) with file/file (FF)		
DC	delete compressor	-$22
C	standard compressor	+$0
For 22" deep (22-) with box/box/file (BBF) or personal/personal/box/file (PPBF); 28" deep (28-) with box/box/file (BBF) or personal/personal/box/file (PPBF)		
DC	delete compressor	-$11
C	standard compressor	+$0

Arc-Pull Mobile Pedestal

M1A-1
M1D-1



Product Information

Description

This 15″-wide mobile pedestal has arc pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. The pedestal has a 2½″-high base with casters and counterweights.

Actual pedestal depths are 17⅞″, 21⅞″, or 27⅞″. The pedestal is available in a variety of drawer configurations. File drawers include a file compressor; box drawers include an adjustable drawer divider. The pedestal with squared-edge metal top is available with a hand grip; the 22″- and 28″-deep pedestals with squared-edge metal tops are available with transit handles.

Notes

Order optional accessories separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

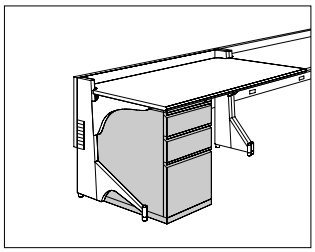
For 22" deep (22-) with box/file (BF), box/box/file (BBF) or personal/personal/box/file (PPBF); 28" deep (28-) with box/file (BF), box/box/file (BBF) or personal/personal/box/file (PPBF)

DC	delete compressor	-$11
C	standard compressor	+$0

For 22" deep (22-) or 28" deep (28-) with file/file (FF)

DC	delete compressor	-$22
C	standard compressor	+$0

Bevel-Pull Freestanding Pedestal F14-1



Product Information

Description

This 15″ or 18″-wide freestanding pedestal has bevel pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. 5 base heights are available; all bases include adjustable glides.

Actual pedestal depths are 17⁷/₈″, 21⁷/₈″, or 27⁷/₈″. The pedestal is available in a variety of drawer configurations. File drawers and the 22″- and 28″-deep EDP drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

For additional stability, specify counterweight option (CB).

Stacking pedestals is not recommended.

For work surface on top of 1 or more pedestal files, order file top (TPL or TPV) separately.

When Ethospace® pedestal top (TE3) is required on pedestal configurations FF, BBF, PPBF, BBBB, and PBE, the 1½″-high base (B2) is recommended.

Order optional accessories for 15″-wide pedestal separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18″-wide pedestal separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

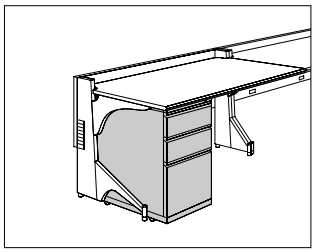
Bevel-Pull Mobile Pedestal M14-1



Product Information

Description

This 15"- or 18"-wide mobile pedestal has bevel pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. The pedestal has a 2½"-high base with casters and counterweights.

Actual pedestal depths are 17⅞", 21⅞", or 27⅞". The pedestal is available in a variety of drawer configurations. File drawers and the 22"- and 28"-deep EDP drawers include a file compressor; box drawers include an adjustable drawer divider. The pedestal with squared-edge metal top is available with a hand grip; the 22"- and 28"-deep pedestals with squared-edge metal tops are available with transit handles.

Notes

Order optional accessories for 15"-wide pedestal separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18"-wide pedestal separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

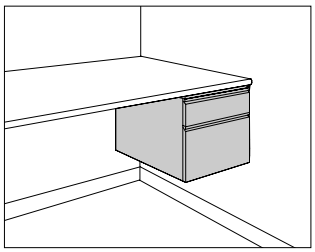
Bevel-Pull Suspended Pedestal S14-1



Product Information

Description

This 15″- or 18″-wide pedestal mounts under a work surface and has full-width, bevel pulls and smooth or textured steel. It has a 1″-high suspension top with lock. 5 base heights are available. Mounting hardware is included.

Actual pedestal depths are 17 7/8″, 21 7/8″, or 27 7/8″. The pedestal is available in a variety of drawer configurations. File drawers and the 22″- and 28″-deep EDP drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

Order optional accessories for 15″-wide pedestal separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18″-wide pedestal separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

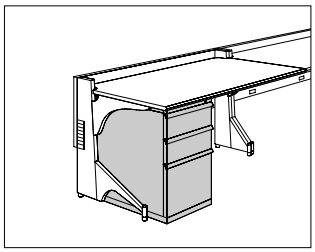
Contour-Pull Freestanding Pedestal

F15-1



Product Information

Description

This 15"- or 18"-wide freestanding pedestal has full-width stained wood or painted aluminum contour pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. 5 base heights are available; all bases include adjustable glides.

Actual pedestal depths are 17 7/8", 21 7/8", or 27 7/8". The pedestal is available in a variety of drawer configurations. File drawers and the 22"- and 28"-deep EDP drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

For additional stability on freestanding pedestal, specify counterweight option (CB).

Stacking pedestals is not recommended.

For work surface on top of 1 pedestal file, order file top (TPL or TPV) separately.

When Ethospace® pedestal top (TE3) is required on pedestal configurations FF, BBF, PPBF, BBBB, and PBE, the 1 1/2"-high base (B2) is recommended.

Order optional accessories for 15"-wide pedestal separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18"-wide pedestal separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

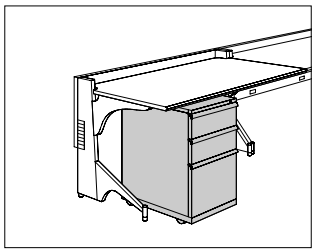
For 22" deep (22-) or 28" deep (28-) with file/file (FF)

DC	delete compressor	-$22
C	standard compressor	+$0

For 22" deep (22-) with box/box/file (BBF), personal/personal/box/file (PPBF) or personal/box/EDP file (PBE); 28" deep (28-) with box/box/file (BBF), personal/personal/box/file (PPBF) or personal/box/EDP file (PBE)

DC	delete compressor	-$11
C	standard compressor	+$0

Contour-Pull Mobile Pedestal M15-1



Product Information

Description

This 15″- or 18″-wide mobile pedestal has full-width stained wood or painted aluminum contour pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. It has a 2½″-high base with casters and counterweights.

Actual pedestal depths are 17⅞″, 21⅞″, or 27⅞″. The pedestal is available in a variety of drawer configurations. File drawers and the 22″- and 28″-deep EDP drawers include a file compressor; box drawers include an adjustable drawer divider. The pedestal with squared-edge metal top is available with a hand grip; the 22″- and 28″-deep pedestals with squared-edge metal tops are available with transit handles.

Notes

Order optional accessories for 15″-wide pedestal separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18″-wide pedestal separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

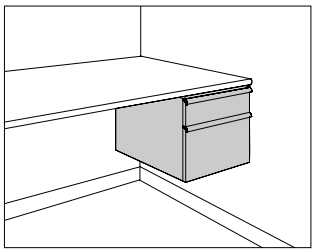
Contour-Pull Suspended Pedestal

S15-1



Product Information

Description

This 15"- or 18"-wide pedestal mounts under a work surface and has full-width stained wood or painted aluminum contour pulls and smooth or textured steel. It has a 1"-high suspension top with lock. 5 base heights are available. Mounting hardware is included.

Actual pedestal depths are 17 7/8", 21 7/8", or 27 7/8". The pedestal is available in a variety of drawer configurations. File drawers and the 22"- and 28"-deep EDP drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

Order optional accessories for 15"-wide pedestal separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18"-wide pedestal separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

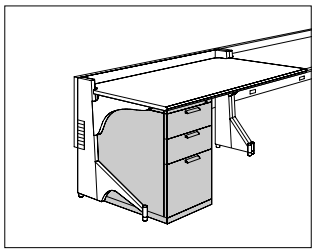
Sloped-Pull Freestanding Pedestal

F19P-
F19V-



Product Information

Description

This 15"-wide freestanding pedestal has sloped pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. 5 base heights are available; all bases include adjustable glides.

Actual pedestal depths are 17 7/8", 21 7/8", or 27 7/8". The pedestal is available in a variety of drawer configurations. File drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

For additional stability, specify counterweight option (CB).

Stacking pedestals is not recommended.

For work surface on top of 1 or more pedestal files, order file top (TPL or TPV) separately.

When Ethospace® pedestal top (TE3) is required on pedestal configurations FF, BBF, PPBF, BBBB, and PBE, the 1 1/2"-high base (B2) is recommended.

Order optional accessories separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

DC	delete compressor	-$11
C	standard compressor	+$0

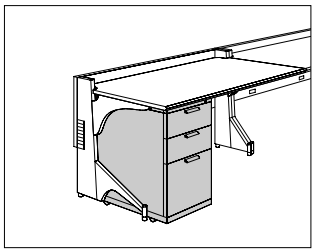
Sloped-Pull Mobile Pedestal

M19P-
M19V-



Product Information

Description

This 15″-wide mobile pedestal has sloped pulls and smooth or textured steel. It has no top or a metal, laminate, or veneer top. The pedestal has a 2½″-high base with casters and counterweights.

Actual pedestal depths are 17⅞″, 21⅞″, or 27⅞″. The pedestal is available in a variety of drawer configurations. File drawers include a file compressor; box drawers include an adjustable drawer divider. The pedestal with squared-edge metal top is available with a hand grip; the 22″- and 28″-deep pedestals with squared-edge metal tops are available with transit handles.

Notes

Order optional accessories separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

No lock option (NL) can only be specified on pedestals with no top option (NT), laminate top options (T5 or TL), or veneer top option (TV1).

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

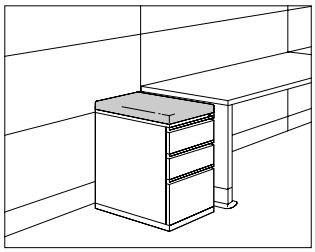
Pedestal Retrofit Cushion Top

TC1-1
TC2-1



Product Information

Description

This 1"- or 2"-high cushion is retrofit to a freestanding or mobile pedestal's metal top and provides temporary guest seating. It is available in 2 widths and 3 depths. Velcro strips are included to attach cushion to flat metal top.

Notes

Pedestal cushion accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. Order 1/2 yard of fabric per cushion. For odd number of cushions, round up to next whole yard. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

Cushion top cannot be used with Compass® pedestal.

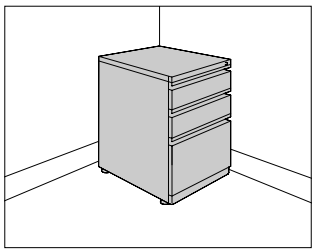
Standard-Pull Pedestal, 160 Series

160-1
161-1
162-1
163-1



Product Information

Description

This pedestal is freestanding, mobile, suspended, or work surface supporting and has standard pulls. It has smooth or textured steel and an integral top. The file drawer includes 2 file converter bars for letter-, A4-, or legal-size filing; the box drawer includes 1 drawer divider.

Actual pedestal depths are 19⅝", 23½", or 27¾". Suspended and work surface supporting pedestals have a partial top to allow access to the underside of the work surface and support hardware. Freestanding and work surface supporting pedestals include a base with adjustable glides. Counterweights are included in all freestanding and mobile pedestals.

Notes

28"-deep work surface supporting pedestal cannot be used with Ethospace® work surface with cable management trough.

Stacking pedestals is not recommended.

For work surface supporting pedestals, 20"-deep support pedestal fits below 24"-deep work surface; 24"-deep support pedestal fits below 30"-deep work surface; 28"-deep support pedestal fits below 30"-deep work surface.

Order optional accessories separately:

- Drawer divider (FAA10.)
- File compressor (G5914.)
- File converter (G5913.)
- File drawer organizer (G5921.)
- Pedestal utility tray (G5912.)
- Stationery divider (G5911.19)

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

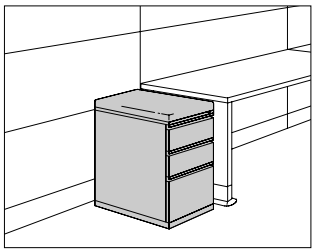
Standard-Pull Freestanding Pedastool®

FP6-1



Product Information

Description

This freestanding pedastool® has a cushion on top of a pedestal file to provide temporary guest seating. It has a 1"- or 2"-high cushion top, a 1"-high locking metal top, a smooth- or textured-steel pedestal, and standard pulls. The pedastool is available in 2 widths and 3 depths and a variety of drawer configurations. 5 base heights are available; all bases include adjustable glides. Velcro strips are included to attach cushion to flat metal top.

Actual pedastool depths are 17 7/8", 21 7/8", and 27 7/8". File drawers and the 22"- and 28"-deep EDP file drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

Pedastool has a cushion and 1" metal top with lock; include this in overall height.

For additional stability on pedastool, specify counterweight option (CB).

Order optional accessories for 15"-wide pedastools separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18"-wide pedastools separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

Pedastool cushion accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. Order 1/2 yard of fabric per cushion. For odd number of cushions, round up to next whole yard. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

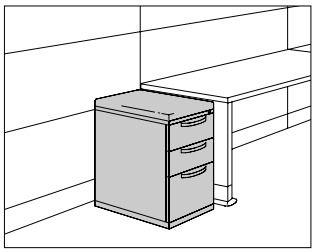
Arc-Pull Freestanding Pedastool®

FPA-1
FPD-1



Product Information

Description

This freestanding pedastool® has a cushion on top of a pedestal file to provide temporary guest seating. It has a 1"- or 2"-high cushion top, a 1"-high locking metal top, a smooth- or textured-steel pedestal, a painted or veneer front, and arc pulls. The pedastool is 15" wide and available in 3 depths and a variety of drawer configurations. 5 base heights are available; all bases include adjustable glides. Velcro strips are included to attach cushion to flat metal top.

Actual pedastool depths are 17 7/8", 21 7/8", and 27 7/8". File drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

Pedastool has a cushion and 1" metal top with lock; include this in overall height.

Order optional accessories separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Pedastool cushion accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. Order 1/2 yard of fabric per cushion. For odd number of cushions, round up to next whole yard. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

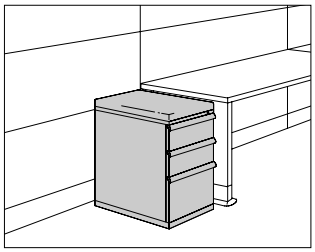
Contour-Pull Freestanding Pedastool®

FP5-1



Product Information

Description

This freestanding pedastool® has a cushion on top of a pedestal file to provide temporary guest seating. It has a 1"- or 2"-high cushion top, a 1"-high locking metal top, a smooth- or textured-steel pedestal, and stained wood or painted aluminum contour pulls. The pedastool is available in 2 widths and 3 depths and a variety of drawer configurations. 5 base heights are available; all bases include adjustable glides. Velcro strips are included to attach cushion to flat metal top.

Actual pedastool depths are 17 7/8", 21 7/8", and 27 7/8". File drawers and the 22"- and 28"-deep EDP file drawers include a file compressor; box drawers include an adjustable drawer divider.

Notes

Pedastool has a cushion and 1" metal top with lock; include this in overall height.

For additional stability on pedastool, specify counterweight option (CB).

Order optional accessories for 15"-wide pedastools separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)
- Reference shelf (73-1560-RS)
- Stationery tray (73-7082-SST)

Order optional accessories for 18"-wide pedastools separately:

- Disk divider (A129-0303-18)
- Drawer divider (73-1867-D)
- File drawer organizer (G5921.)
- Pencil tray (73-1816-PT)
- Stationery tray (73-7082-SST-SP)

Pedastool cushion accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. Order 1/2 yard of fabric per cushion. For odd number of cushions, round up to next whole yard. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

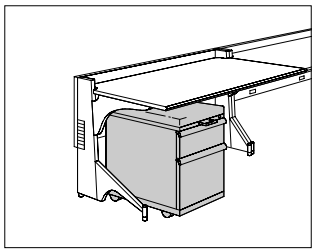
Contour-Pull Mobile Pedastool® MP5-1



Product Information

Description

This mobile pedastool® has a cushion on top of a pedestal file to provide temporary guest seating. It has a 1"- or 2"-high cushion top, a 1"-high locking metal top, a smooth- or textured-steel pedestal, and stained wood or painted aluminum contour pulls. The pedastool is available in 2 widths and 3 depths and a variety of drawer configurations. It has a 2½"-high base with casters and counterweights. Velcro strips are included to attach cushion to flat metal top.

Actual pedastool depths are 17⅞", 21⅞", and 27⅞". File drawers and the 22"- and 28"-deep EDP file drawers include a file compressor; box drawers include an adjustable drawer divider. The 18"-, 22"-, and 28"-deep pedastools with squared-edge metal top are available with a hand grip; the 22"- and 28"-deep pedastools with squared-edge metal top are available with transit handles.

Notes

Pedastool has a cushion and 1" metal top with lock; include this in overall height.

Order optional accessories for 15"-wide pedastools separately:

- Disk divider (A129-0303-15)
- Drawer divider (73-1567-D)
- File drawer legal adapter rail (A130-15)
- File drawer organizer (73-9874-FDO)
- File drawer organizer (G5921.)
- Pencil tray (73-1516-PT)

20-Day or Less and Assigned Lead-Time Order Information

20-Day or Less and Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Items in this price book are distributed from multiple manufacturing facilities across the United States. All products and options in this price book not designated by an Assigned Lead-Time icon [A] will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an [A] are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Air Quality Information
Packaging Information

Air Quality

In general, Herman Miller products in this product line meet the applicable requirements of all United States regulatory agencies. Facility managers, however, should be aware that new components utilizing veneered wood finishes in system configurations where the exposed surface area is greater than 48 square feet may exceed the 0.1 part per million concentration exposure limit to formaldehyde if ventilation parameters are at or below the ASHRAE 62-1989 guidelines (American Society of Heating, Refrigeration, and Air Conditioning Engineer Standard 62-1989). When ventilation rates remain constant, these concentration levels will continue to decline as the product ages.

This information is provided in support of OSHA CFR 1910.1048, dated June 26, 1992.

Packaging

Packaging varies according to individual product. A surcharge may be added for special packaging requests. Contact Customer Care for specific information.

Keyed-Alike Locks

All components with locks may be specified keyed alike. Products with keyed-alike locks will be shipped with lock chassis installed. (Q™ products ship with a lock that is keyed differently.) Lock cylinders will be shipped separately, tagged for product and location as specified. Installation of lock cylinders will be on-site according to instructions provided. Herman Miller, Inc., will not be responsible for lock cylinder installation.

To order keyed-alike locks, specify keyed alike. Then place a separate order for cylinders and locks:

1. List cylinder part number and key number (232092-XXX); select a key number (or numbers) between 226 and 427. *The following products require a different lock cylinder part number. Specify **UKY001-XXX** for these products only; select a key number (or numbers) between 226 and 427, excluding numbers 408 and 412.*
   A3013. K3810.
   A3053. K4361.
   G5180. K5010.
   G5181. K5011.
   G5280. K5012.
   The keys provided in 232092-XXX and UKY001-XXX kits work with either cylinder type, provided the key numbers match.
   For Meridian® Filing and Storage or Herman Miller 5000 Series, see the following charts.
2. List quantity of locks per key number.
3. Indicate this is a no charge order.
   Keyed-alike locks are field installed.

To order keyed-alike locks for Action Office® Series 1 and 2 door panels, please contact Customer Care.

A master key can be used to open any lock on an attached or freestanding component. In addition, a removal key or lock change tool is required to remove lock plugs. Customers interested in ordering master keys, removal keys, or lock change tools should contact Customer Care with a written request.

For Meridian Filing and Storage or Herman Miller 5000 Series desk components with pedestals, specify as follows:

Specification Code	Key Number	Color	Key Type
KA	LPB-UM	black	Keys match Herman Miller
KA	LPB-BT	black	Keys match installed base of Meridian ML locks
KA	LPC-UM	chrome	Keys match Herman Miller
KA	LPC-BT	chrome	Keys match installed base of Meridian ML locks

For 5000 Series flipper door unit with bezel or credenza storage cabinet with bezel, specify as follows:

Specification Code	Key Number	Color	Key Type
KA	LPB-UM	black	Keys match Herman Miller
KA	LPB-BT	black	Keys match installed base of Meridian ML locks
KQ	LPC-UM	chrome	Keys match Herman Miller
KQ	LPC-BT	chrome	Keys match installed base of Meridian ML locks

Vary Easy℠ Program

Program Overview

Vary Easy is a program designed to help dealers specify custom products for Action Office® Series 2, Prospects®, Ethospace®, and Resolve® systems, plus tops for Meridian® files. Depending on the type of product being specified, it can be customized by size, finish, style options, cable management features, or applying a custom image (COI). It operates within third-party, text-based specification packages, as well as within Kiosk (Shopping Cart/Product Catalog). Vary Easy assigns a product number for each product as the user selects specific options. Once the product is completely specified, the order can be submitted via Kiosk.

Accessing and Specifying Vary Easy

To access Vary Easy, go to the product catalog section (in Kiosk) and look for the titles containing Vary Easy. Select the catalog that corresponds with the product line being specified.

All product numbers generated by Vary Easy begin with the letter "Z". Once you've made your product line selection, continue to follow through each option and enter the specific options that represent the product you need. When the product is fully specified, Vary Easy will generate an orderable product number and instantly calculate a price. *Note: Failure to completely specify a product will cause a delay in order acknowledgements. Be sure to make a selection for all options offered*.

The acknowledgement process for Vary Easy orders is the same as for any standard order. Vary Easy orders ship with a standardized lead time and are competitively priced. To view lead times, go to the Kiosk Lead Time Screen.

For more information, contact the Herman Miller Options Hot Line at (800) 654 3910.

Fire Retardancy for Action Office® and Prospects® Products

The panel types listed below, when covered with the textiles identified below, meet the Class A requirements for flame spread and smoke development as specified by the National Fire Protection Association (NFPA) in the 2000 Life Safety Code No. 101, and the Underwriter's Laboratories requirements for use with energy distribution components (listed by UL under Office Furnishings 1286).

[2] *Tackable tiles, when covered in Avalon, Comet, Flannel, Grasscloth, Luminary, Penumbra, Mirth, Moiré, Prairie, Rapunzel, Silkworm, Slideshow, Tango, or Waltz, meet the Class C requirements for flame spread and smoke development as specified by the NFPA in the 2000 Life Safety Code No. 101.*

Fire Retardancy for Textile Alliance Program℠ (TAP℠) and Textile Open Line Program

The panel types, tile types, and textiles listed below are recognized by the Underwriter's Laboratories under the UL Component Recognition Program. The following UL recognized fabrics, when used on the panel or tile types listed below, fall within a Class C requirement for flame spread and smoke development as specified by the National Fire Protection Association (NFPA) in the 2000 Life Safety Code No. 101. The panels and tiles are incomplete in construction features when tested. The UL Component Recognition Program does not provide evidence of UL listing or labeling, which may be required by installation codes or standards.

Tackable tiles, when covered with the textiles identified below, meet a minimum Class C requirement for flame spread and smoke development as specified by the NFPA in the 2000 Life Safety Code No. 101, and the Underwriter's Laboratories requirements for use with electrical components (listed by UL under Office Furnishings 1286).

Custom Stain-to-Match Program

Program Overview

The Stain-to-Match Program gives you the option of using veneer finishes other than those listed. Herman Miller will match a customer's recut or natural veneer sample. This increases the capability of matching an existing finish or creating a finish that is unique to an installation. Currently, stain-to-match is offered on the following veneers:

STA: Stain-to-match on Recut Ash
STB: Stain-to-match on Beech
STC: Stain-to-match on Cherry
STD: Stain-to-match on Oak
STK: Stain-to-match on Reltech Anigre
STM: Stain-to-match on Recut Mahogany
STP: Stain-to-match on Maple
STU: Stain-to-match on Walnut

Stain-to-Match Process

1. Identify the product line that will be specified with a stain-to-match veneer finish. *Note: Passage requires a wood sample that includes the wood composite edge*.
2. Send a color sample (2" x 3" minimum) to Herman Miller Options℠ at:
   Herman Miller, Inc.
   8485 Homestead Drive
   MS 0223W
   Zeeland, MI 49464-0302
3. Within 7 to 10 working days, Herman Miller Options provides a stain on Herman Miller veneer to match the requested color and returns one sample to the requester for the customer's signed approval.
4. If the sample meets the client's approval, have them sign the back of the sample and fax a copy of the signature to (616) 654 8241.
5. After the stain has been approved, a stain number is assigned. The assigned stain number must be included in the purchase order.

Contact Herman Miller Options at (800) 654 3910 with any questions.

Order Information for Customer's Own Material

Customer's Own Material

Program Overview

The Customer's Own Material (COM) program gives you the option of using textiles other than those listed. Herman Miller will test textiles for application to Herman Miller products and will process orders for those with approved COM textiles only. COM textiles are on assigned lead times.

A Herman Miller COM manual lists an overview of fabrics that have been tested and indicates whether or not they were approved for application to Herman Miller products. This manual is available through your Herman Miller dealer or salesperson, the *Sales Source Catalog,* or Kiosk.

Specific information on the terms and conditions, testing, approval, and ordering process for COM is listed below. Questions about the COM program and requests for assistance may be directed to your COM representative at:
(616) 654 3400
(888) 443 4357

Customer's Own Material Warranty

Herman Miller does not warrant COM textiles. COM textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.

Suppliers of COM textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Customer's Own Material Pricing

COM is a Category 1 fabric. There are no application charges for COM fabrics.

Ordering and payment for COM textile yardage are the responsibility of the customer and the textile supplier.

If desired, Herman Miller will purchase COM textiles from C.F. Stinson, Design Tex Fabrics, Jhane Barnes Textiles, Knoll Textiles, Luna Textiles, Maharam, and Momentum Textiles directly to simplify ordering and shipment. For this service, refer to the Supplier Connection program.

Application Note

Herman Miller does not guarantee that Customer's Own Material (COM) fabric patterns will align across panels/tiles or from one screen to the next. We also do not guarantee that COM fabric designs will be positioned consistently in the same location across several panels, tiles, or screens.

Textile Approval

1. Select a COM textile and a Herman Miller product.
2. If your textile is not listed in the COM manual or Kiosk, obtain a test number from a COM representative at (616) 654 3400. You can also submit your request within Kiosk. Please have the following information ready before calling: textile name, number, pattern, roll width, and the product you will apply it to.
3. For application on **Action Office®, Prospects®, or Arrio® products**, send two 12"-square memo samples of textile to:
   Herman Miller, Inc.
   Attention: COM Testing 0161/COM test number
   Dealer number/Customer name
   855 East Main Avenue
   Zeeland, MI 49464-0302
   For application on **Ethospace® products**, send 4 yards and one 12"-square memo sample of textile to:
   Herman Miller, Inc.
   Attention: (identify assigned COM test number)
   Dealer number/Customer name
   17170 Hickory Street
   Spring Lake, MI 49456
   Attention: COM Coordinator
   For application on **Kiva® products**, contact a COM representative. Additional yardage may be needed due to the unique characteristics of a textile. All package labels must include the words "COM test" and the assigned COM test number.
4. Herman Miller will notify you of approval or disapproval within 4 days from receipt of the test yardage.

Ordering Products with COM

1. Refer to the specific products to determine the yardage required for COM textiles.
2. If your textile is not listed in the COM manual or Kiosk, call a COM representative at (616) 654 3400 or (888) 443 4357. The representative will assign an identification number for your textile (ID#) and will verify yardage requirements for your order.
   Note: Yardage requirements are based on nondirectional, 54"-wide textiles. 66"-wide textiles are needed for application on 60-wide products. Additional yardage may be needed due to the unique characteristics of a textile.
3. Enter your order on Order Manager in Kiosk, or send your purchase order (PO) including the ID# to:
   Herman Miller, Inc.
   Attention: Order Entry 0161
   855 East Main Avenue
   PO Box 302
   Zeeland, MI 49464-0302
4. Upon receipt of your purchase order, Herman Miller will send you a PO acknowledgment.
5. Arrangements must be made for the textiles to be shipped from the supplier to Herman Miller for application to the Herman Miller products. Textiles must be tagged with the assigned identification number and the roll yardage quantity. For Action Office®, Prospects®, Arrio®, or Kiva® products, send textiles to:
   Herman Miller, Inc.
   Attention: COM Dept./PO# or FO#/ID#
   Dealer number/Customer name
   855 E. Main Avenue
   Textiles F-Open Dock
   Doors 35-39
   Zeeland, MI 49464
   For Ethospace® products, send textiles to:
   Herman Miller, Inc.
   Attention: COM Dept./PO# or FO#/ID#
   Dealer number/Customer name
   17170 Hickory Street
   Spring Lake, MI 49456
   Products will be scheduled for production when COM textiles are received at Herman Miller. Standard lead times in effect at that time will apply.
   Note: If textiles are to be purchased directly by Herman Miller through the Supplier Connection program, Herman Miller will handle the ordering and shipping process and will schedule your order for production upon receipt of your purchase order (dependent on textile availability). Refer to the Supplier Connection program for more information.

Supplier Connection

Program Overview

The Supplier Connection program is a service offered by Herman Miller to purchase approved COM textiles directly from C.F. Stinson, Design Tex Fabrics, Jhane Barnes Textiles, Knoll Textiles, Luna Textiles, Maharam, and Momentum Textiles. When you select a textile through this program, Herman Miller will facilitate the ordering, scheduling, and shipment of the textile directly with the supplier.

Suppliers included in the Supplier Connection program keep an active inventory of textiles that are pre-approved for application to Herman Miller products. Pre-approval applies only to the suitability of a textile for manufacturing and application to a Herman Miller product. A Herman Miller COM manual lists an overview of fabrics that have been tested and indicates whether or not they were approved for application to Herman Miller products. This manual is available through your Herman Miller dealer or salesperson, the *Sales Source Catalog,* or Kiosk.

Specific information on the terms and conditions, testing, approval, and ordering process for the Supplier Connection program is listed below. Questions and requests for assistance may be directed to your COM representative at:
(616) 654 3400
(888) 443 4357

Supplier Connection Warranty

Textiles purchased by Herman Miller through the Supplier Connection program are COM and are not warranted by Herman Miller. COM textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.

Suppliers of COM textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Supplier Connection Pricing

Textiles purchased by Herman Miller through the Supplier Connection program are COM. COM is a Category 1 fabric. There are no application charges for COM fabrics.

Payment for textiles purchased by Herman Miller through the Supplier Connection program is the responsibility of the customer or dealer. Herman Miller will invoice the order at the supplier's prices published at the time of the order.

Textile Approval

1. Refer to the COM manual to identify the approval status of the textile. If your textile is not listed, contact the COM Department to request testing for application to Herman Miller products.
2. Herman Miller will notify you of approval or disapproval in approximately 4 days from receipt of the test yardage. If the textile is approved, it will be assigned a COM identification number.

Ordering Products with Supplier Connection COM

1. Identify and include the following information on your purchase order:
   - Product number and option
   - Supplier's pattern number and name
   - Supplier's color number and name
   - Herman Miller's COM identification number
   - This note: "Herman Miller to purchase textiles from (name of supplier)"
2. Enter your order on Order Manager in Kiosk, or send your purchase order to:

   Herman Miller, Inc.
   Attention: Order Entry 0161
   855 East Main Avenue
   PO Box 302
   Zeeland, MI 49464-0302
3. Upon receipt of the purchase order, the COM Department will process your order and send you a PO acknowledgment. Herman Miller will determine the yardage required to produce your product and will order and schedule for delivery the required textile. Standard lead times in effect at the time the textile is allocated at the supplier will apply to products ordered through this program.

Proprietary Textiles Application Chart — Systems

- • *Available*
- 1 *Check COM manual for specific application information.*
- 2 *Available on all products except 54″ and 60″ wide.*
- 3 *Not available on Ethospace connectors, acoustical tiles, tackable tiles, or face tiles larger than 16″ high.*
- 5 *Not available on Action Office or Prospects acoustical panels.*
- 6 *Fabric is railroaded for all widths.*
- 7 *Fabric is railroaded for all widths except on Passage full-height screens.*
- 8 *Not available on AO2 cable management panel face.*
- 9 *Not available on Prospects connector top caps or cable management panel face.*
- 10 *Not available on Ethospace cable access tiles or cable channel tiles.*
- 11 *Not available on Ethospace face tiles larger than 16″ high.*
- 13 *Not available on Passage full-height screens. Fabric is railroaded for all widths.*

Application Note: Herman Miller cannot guarantee material/pattern alignment in adjacent products. For example, a fabric's pattern may not align from one screen to the next, or from one panel to the next.

Meridian® Pedestals and Pedastools® Customer's Own Material/ Customer's Own Leather Order Information

Customer's Own Material/Customer's Own Leather

Program Overview

The Customer's Own Material (COM) and Customer's Own Leather (COL) program gives you the option of using textiles other than those listed. Herman Miller will test textiles for application to Herman Miller products and will process orders for those with approved COM/COL textiles only. COM/COL are assigned lead time textiles.

A Herman Miller COM manual lists an overview of fabrics and leathers that have been tested and indicates whether or not they were approved for application to Herman Miller products. This manual is available through your Herman Miller dealer or salesperson, the *Sales Source Catalog,* or Kiosk.

Specific information on the terms and conditions, testing, approval, and ordering process for COM/COL is listed below. Questions about the COM/COL program and requests for assistance may be directed to your COM representative at:
(616) 654 3400
(888) 443 4357

Customer's Own Material/Customer's Own Leather Warranty

Herman Miller does not warrant COM/COL textiles. COM/COL textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.

Suppliers of COM/COL textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Customer's Own Material/Customer's Own Leather Pricing

COM is a Category 1 fabric. There are no application charges for COM fabrics. COL is a Category 7 textile; refer to prices on specific products to determine the application charge.

Ordering and payment for COM/COL textile yardage are the responsibility of the customer and the textile supplier.

If desired, Herman Miller will purchase COM textiles from C.F. Stinson, Design Tex Fabrics, Jhane Barnes Textiles, Knoll Textiles, Luna Textiles, Maharam, and Momentum Textiles directly to simplify ordering and shipment. For this service, refer to the Supplier Connection program.

Textile Approval

1. Select a COM/COL textile.
2. If your textile is not listed in the COM manual or Kiosk, obtain a test number from a COM representative at (616) 654 3400. You can also submit your request within Kiosk. Please have the following information ready before calling: textile name, number, pattern, roll width, and the product you will apply it to.
3. For application on Meridian® cushion tops, send one 12"-square memo sample of textile to:
   Herman Miller, Inc.
   c/o Filing and Storage Cushion Tops
   Attention: COM Testing 0161/COM or COL test number
   Dealer number/Customer name
   855 East Main Avenue
   Zeeland, MI 49464-0302
   Additional yardage may be needed due to the unique characteristics of a textile. All package labels must include the words "COM test" or "COL test" and the assigned COM/COL test number.
4. Herman Miller will notify you of approval or disapproval within 4 days from receipt of the test yardage.

Ordering Products with COM/COL

1. Refer to the specific products to determine the yardage required for COM/COL textiles.
2. If your textile is not listed in the COM manual or Kiosk, call a COM representative at (616) 654 3400 or (888) 443 4357. The representative will assign an identification number for your textile (ID#) and will verify yardage requirements for your order. Yardage requirements are based on directional, 54"-wide textiles. Additional yardage may be needed due to the unique characteristics of a textile.
3. Enter your order on Order Manager in Kiosk, or send your purchase order (PO) including the ID# to:
   Herman Miller, Inc.
   855 E. Main Avenue
   PO Box 302
   Zeeland, MI 49464-0302
4. Upon receipt of your purchase order, Herman Miller will send you a PO acknowledgment.
5. Arrangements must be made for the textiles to be shipped from the supplier to Herman Miller for application to the seating products. Textiles must be tagged with the assigned identification number and the roll yardage quantity. Send textiles to:
   Herman Miller, Inc.
   c/o Filing and Storage Cushion Tops
   Attention: COM Dept./PO# or FO#/ID#
   Dealer number/Customer name
   855 E. Main Avenue
   Textiles F-Open Dock
   Doors 35-39
   Zeeland, MI 49464
   Products will be scheduled for production when COM/COL textiles are received at Herman Miller. Standard lead times in effect at that time will apply.
   Note: If textiles are to be purchased directly by Herman Miller through the Supplier Connection program, Herman Miller will handle the ordering and shipping process and will schedule your order for production upon receipt of your purchase order (dependent on textile availability). Refer to the Supplier Connection program for more information.

Supplier Connection

Program Overview

The Supplier Connection program is a service offered by Herman Miller to purchase approved COM textiles directly from C.F. Stinson, Design Tex Fabrics, Jhane Barnes Textiles, Knoll Textiles, Luna Textiles, Maharam, and Momentum Textiles. When you select a textile through this program, Herman Miller will facilitate the ordering, scheduling, and shipment of the textile directly with the supplier.

Suppliers included in the Supplier Connection program keep an active inventory of textiles that are pre-approved for application to Herman Miller products. Pre-approval applies only to the suitability of a textile for manufacturing and application to a Herman Miller product. A Herman Miller COM manual lists an overview of fabrics that have been tested and indicates whether or not they were approved for application to Herman Miller products. This manual is available through your Herman Miller dealer or salesperson, the *Sales Source Catalog,* or Kiosk.

Specific information on the terms and conditions, testing, approval, and ordering process for the Supplier Connection program is listed below. Questions and requests for assistance may be directed to your COM representative at:
(616) 654 3400
(888) 443 4357

Supplier Connection Warranty

Textiles purchased by Herman Miller through the Supplier Connection program are COM and are not warranted by Herman Miller. COM textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.

Suppliers of COM textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Meridian® Pedestals and Pedastools® Customer's Own Material/ Customer's Own Leather Order Information

continued

Supplier Connection Pricing

Textiles purchased by Herman Miller through the Supplier Connection program are COM. COM is a Category 1 fabric. There are no application charges for COM fabrics.

Payment for textiles purchased by Herman Miller through the Supplier Connection program is the responsibility of the customer or dealer. Herman Miller will invoice the order at the supplier's prices published at the time of the order.

Textile Approval

1. Refer to the COM manual to identify the approval status of the textile. If your textile is not listed, contact the COM Department to request testing for application to Herman Miller products.
2. Herman Miller will notify you of approval or disapproval in approximately 4 days from receipt of the test yardage. If the textile is approved, it will be assigned a COM identification number.

Ordering Products with Supplier Connection COM

1. Identify and include the following information on your purchase order:
   - Product number and option
   - Supplier's pattern number and name
   - Supplier's color number and name
   - Herman Miller's COM identification number
   - This note: "Herman Miller to purchase textiles from (name of supplier)"
2. Enter your order on Order Manager in Kiosk, or send your purchase order to:

   Herman Miller, Inc.
   855 E. Main Avenue
   PO Box 302
   Zeeland, MI 49464-0302
3. Upon receipt of the purchase order, the COM Department will process your order and send you a PO acknowledgment. Herman Miller will determine the yardage required to produce your product and will order and schedule for delivery the required textile. Standard lead times in effect at the time the textile is allocated at the supplier will apply to products ordered through this program.

Textile Alliance Program℠ Order Information

Textile Alliance Program

Program Overview

The Textile Alliance Program (TAP℠) consists of a select group of textiles that have been approved by Herman Miller for application on Herman Miller products (see application chart and textiles listing for specific information). The current offering includes fabrics from Luna Textiles, and Maharam. Fabrics within this program have been tested and approved for use on specific Herman Miller products. Fabrics have also been assigned Herman Miller part numbers to facilitate ordering and manufacturing. TAP textiles are on assigned lead times.

Warranty

All fabrics for the Textile Alliance Program are covered by the Association for Contract Textiles (ACT) standard three-year warranty and Herman Miller's 12-year workmanship warranty.

Textiles are made in accordance with the Textile Fiber Products Identification Act and meet or exceed the industry standards for "Heavy Duty" fabric as defined by the Association for Contract Textiles (ACT) guidelines.

Discontinuation Policy

Because new fabrics will be introduced regularly, Herman Miller reserves the right to edit the offering at any time. Herman Miller will provide a six-month notification on the discontinuation of any Textile Alliance Program fabric. In most cases, however, fabrics will continue to be available directly from our alliance partners until they are discontinued.

Ordering Products with Textile Alliance Fabrics

1. Once a textile has been selected, identify its Herman Miller part number and use this number when placing the order. (The portion of the textile number following the slash mark is used when ordering memo samples from the alliance partner.)
2. Upon receipt of the order, Herman Miller will verify fabric availability and acknowledge the order with an appropriate ship date based on availability. All partners have committed to a 24-hour turnaround response to Herman Miller regarding TAP fabric availability.
3. Once the order is acknowledged, Herman Miller will order the fabric and schedule production, based on standard lead times.

Ordering Swatches

Herman Miller swatches all Textile Alliance Program textiles on fabric cards, which are contained in a Herman Miller TAP binder. Memo samples need to be ordered directly from the alliance partner; memo samples and swatches for TAP are not available through Herman Miller Sales Source. When ordering memo samples, refer to the fabric number following the slash mark; that number indicates the alliance partner's fabric number.

To order memo samples from Maharam, call (800) 645 3943 or visit their Web site at www.maharam.com.

To order memo samples from Luna Textiles, call (415) 252 7125.

Textile Alliance Program℠ Application Chart—Systems

- • *Available*
- 1 *Available on all products except 54" and 60" wide.*
- 2 *Not available on Ethospace tackable tiles.*
- 3 *Not available on Action Office (AO®) or Prospects acoustical panels.*
- 4 *Fabric is railroaded for all widths.*
- 6 *Not available on AO or Prospects acoustical panels; not available on AO2 or Prospects cable management panel face.*
- 7 *Not available on Ethospace cable access tiles.*
- 8 *Not available on Passage full-height screens.*
- 9 *Available only on Passage full-height screens.*
- 10 *Available only on tackboards.*
- 11 *Available only on flipper doors except 54" and 60" wide.*
- 12 *Fabric is railroaded for all widths except on full-height screens.*

Application Note: Herman Miller cannot guarantee material/pattern alignment in adjacent products. For example, a fabric's pattern may not align from one screen to the next, or from one panel to the next.

- TAP℠ textiles are on assigned lead times. A
- Fabric numbers are listed as Herman Miller fabric number/manufacturer fabric number.

10-Day or Less Order Information

10-Day or Less Program

10-day or less products are designed for established Herman Miller dealers with pre-approved credit.

Items in this price book are distributed from multiple West Michigan manufacturing facilities. These include, Holland, Spring Lake, and Zeeland. Orders will be shipped within 10 business days or less from date of Herman Miller acknowledgement.

Ordering Procedures

1. Please place orders through Order Manager.
2. Orders must be clearly marked "10-day or less program" and include only 10 day or less products. Orders not marked this way will be processed under standard lead times. Orders for standard lead times must be placed on a separate purchase order.
3. Only fabrics and finishes in this price book are available through the 10-day or less program.
4. For any 10-day or less project over $250,000 list price, please contact your Customer Care representative within 48 hours of order entry to reserve lead-time.
5. For more information, contact your Customer Care representative toll free: 877 464 4681.

Shipments/Delivery

Per Herman Miller Terms and Conditions.

Change and Cancellation

Per Herman Miller Terms and Conditions.

10-Day or Less Lead-Time Product List

Products listed below are available through the 10-Day or Less Lead-Time Program and are subject to the finishes and fabrics listed in the current *10-Day or Less Program Price Book* and also available on the GSA Systems Schedule.

160-1	Standard-Pull Pedestal, 160 Series
