

CLINICAL ENGINEERING

Facilities Management

Personnel Changes on Facilities Plans and Operations Team AFMLO/FOM-F

The Facilities Team at AFMLO has experienced a complete turnover in recent weeks, as we bid a reluctant farewell to both Maj Dick Hart and Capt Stephan Klimek. Maj Hart left his position in May to become the Medical Logistics Flight Commander at Scott AFB. Capt Klimek retired in June, culminating a distinguished 15-year career in the service. The AFMLO staff joins the field in wishing them both the best of luck in all their future endeavors.

There has also been a change at the Sheppard AFB "schoolhouse." Capt Tom Stewart, instructor for the Medical Facilities Management Course, PCSd in May to enter the AFIT program at Army Baylor in San Antonio, TX. We thank Capt Stewart for his contributions and wish him all the best. No replacement has been identified yet; however, plans are for AFMLO staff to fill in during the interim.

Fortunately, upon July completion of the Health Services Administration Course at Sheppard AFB, 1Lt Robert Foote will be joining AFMLO's Facilities Team. Originally from Pittsburgh, he has 4 years of prior enlisted experience as a BMET. In addition to an Associates Degree in Biomedical Equipment Technology, he has earned a Bachelor of Science degree in Industrial Engineering from Penn State University, and a MBA from the University of Pittsburgh. AFMLO

is excited to have Lt Foote join our team and looks forward to his arrival. (AFMLO/FOM-F, Maj Gil Weston, DSN 343-4972, commercial 301-619-4972, gil.weston@ft-detrick.af.mil)

Quality Assurance

Food and Drug Administration (FDA) Recalls/Alert Notices

Attachment 2, paragraph 1, provides information on FDA medical equipment recalls and alerts. Personnel from clinical engineering, biomedical equipment maintenance, quality assurance, and safety should follow the guidance provided to ensure the effective maintenance and management of medical equipment. (AFMLO/FOM-E, Capt P.J. Toth, DSN 343-7445, commercial 301-619-7445, paul.toth@ft-detrick.af.mil)
